BOARDS OF SUPERVISORS 1996 - 2000

ATTALA COUNTY

District 1 - John E. Womble
District 2 - David Fancher
District 3 - Troy Hodges
District 4 - Samuel Lewis
District 5 - H. Wade Shumaker

CARROLL COUNTY

District 1 - Neal Blaylock
District 2 - Lloyd D. Ashmore
District 3 - Marvin Coward
District 4 - K.T. Streater
District 5 - Curtis King

CHOCTAW COUNTY

District 1 - Charles Michael King
District 2 - Cecil Wade Jones
District 3 - Paul Wayne Henson
District 4 - Stennis Kennedy
District 5 - Boyce W. Bruce

GRENADA COUNTY

District 1 - Ricky Marter
District 2 - Homer Dale Trussell
District 3 - Christopher Hankins
District 4 - Cecil Shelton
District 5 - Fred Carver

HOLMES COUNTY

District 1 - Norman Cobbins, Jr.
District 2 - Doug Green
District 3 - Danny Gnemi
District 4 - James R. Johnson
District 5 - Odell Hampton, Jr.

MADISON COUNTY

District 1 - Louise N. Spivey
District 2 - Luther L. Waldrup
District 3 - David H. Richardson
District 4 - Karl Banks
District 5 - J. L. McCullough

MONTGOMERY COUNTY

District 1 - Jerry Blakely
District 2 - Kenneth W. Ware
District 3 - Lindsey Roberts, Jr.
District 4 - Wade Henson
District 5 - Joseph Henson

WEBSTER COUNTY

District 1 - James Woodward
District 2 - Stanley Pepper
District 3 - Travis Lynn Lamb
District 4 - Larry Crowley
District 5 - Casey Weeks

YAZOO COUNTY

GENERAL INFORMATION

HISTORY OF HCC

Holmes Junior College evolved from Holmes County Agricultural High School which had its beginnings in 1911, when the town of Goodman provided forty acres of land and the Board of Trustees bought forty-two acres of land on the west side of Goodman, Mississippi, and established Holmes County Agricultural High School.

In 1922 the state legislature made it legal for the agricultural high schools to add two years of college work. In 1925-26 school session, the first year of college work was added and in 1928-29 school session, the second year was added making the school a full-fledged junior college and eligible to award the Associate of Arts degree.

The support of the college has expanded from the original county of Holmes to include Carroll, Attala, Madison, Choctaw, Montgomery, Grenada, Webster, and Yazoo counties. The state, through legislative appropriations, has assumed an increasing responsibility for the support of junior colleges in Mississippi. Thus, through district and state cooperation Holmes Junior College has built a plant on the Goodman campus with a replacement value of at least twelve million dollars and has come to take its place among the best junior colleges in the state system.

As a result of extensive study and strategic planning conducted in 1981 and 1982 involving all segments of the junior college community, the decision was made to build new centers in the northern and southern ends of the geographically large district. The main purpose for the centers was to make the educational programs and services of the college available to a greater percentage of the district population. Under the leadership of the Board of Trustees, the new centers were planned and built in the communities of Grenada and Ridgeland and were occupied in 1985.

In November of 1988 the Board of Trustees took action to change the name of the institution to Holmes Community College. The name change was made to more accurately reflect the comprehensive and multi-faceted mission of the modern two-year college. The change was subsequently approved by the State Board for Community and Junior Colleges in December of 1988, to be effective July 1, 1989.

MISSION STATEMENT

Holmes is a comprehensive public community college located in the rolling hills of central Mississippi, provides innovative educational and cultural opportunities to its constituents. In an ever-changing world, Holmes is committed to prepare its graduates for university transfer or

productive employment, as well as to provide opportunities for lifelong learning. Holmes, whose primary commitment is to excellence in all areas, offers affordable, equal access to higher education in an attractive, secure, multi-campus environment.

STRATEGIC INITIATIVES

Establish an environment for continuous improvement of the quality of instruction.

Acquire and support appropriate emerging technologies for curricular, instructional and administrative enhancement.

Improve college personnel/student interactions to achieve a higher rate of student success.

Expand and improve the college's infrastructure in support of student services, instructional programs, administrative processes, and community services.

Improve the college's image by enhancing communication through public relations.

Expand and improve educational partnerships with business/industry and community agencies.

THE MULTIPLE-CAMPUS COLLEGE

The main emphasis in the organization and administration of the Holmes Community College District is that it is a single, institutional entity with two campus locations, one center, and additional out-reach.

The relationships of personnel on each of the locations to college administrative staff are the same personnel-administrative relationships which would be found on a single campus. The same general policies, philosophies of operation, purposes and objectives, as well as the same procedural methods, apply to all locations equally, and exceptions can be made only when based on purely local factors.

There should always be close cooperation, articulation, and coordination between the campuses and centers. Individual differences which arise from differing student body characteristics, geographic locations, or purely local factors, are respected and their effects on procedure or policies are recognized as long as local decisions do not alter college administrative policies.

The standards for the instructional program are the same at all locations. Course numbers and descriptions in the catalog, course outlines, textbooks, and supplementary materials apply district wide. Close departmental coordination among campuses is an essential goal that will ensure uniform quality of instruction.

GOODMAN CAMPUS

The original campus of Holmes Community College is located at Goodman, Mississippi, in the eastern part of Holmes County. The campus is composed of one hundred ninety-six acres and twenty-four principal buildings. A lighted football stadium and a track, a baseball field, softball field, cross-country trails, six tennis courts, faculty residences, and a six-acre lake complete the facilities of the campus.

The central offices for the administration of the Holmes Community College district are located at the Goodman Campus. Personnel with district-wide responsibility include the President, Executive VP/Business Manager, VP for Academic Programs, VP for Community and Workforce Development, District Coordinator of Student Services, Director of Admissions and Records, Director of Financial Aid, Head Librarian, Director of Institutional Research and Planning, and Director of Public Relations. Administrative offices for the Goodman Campus are located in the Administration Building and McDaniel Hall.

Programs available to the Goodman Campus include university-parallel, six technical programs (Business Technology, Engineering Technology, Collision Repair Technology, Automotive Technology, Heating-Air Conditioning Technology, Machine Tool Operation/Machine Shop), three vocational programs (Cosmetology, Practical Nursing, and Welding).

The Goodman Campus has dormitory accommodations as well as student activities in varsity sports, band, and choir.

WORKFORCE DEVELOPMENT CENTER

Training for workers in business and industry is provided through the Workforce Development Center in Goodman with additional personnel and offices in Grenada and Ridgeland. This program is designed to provide contract training in a non-credit format for individuals and businesses within the nine-county district of Holmes. Courses are designed to meet specific training requirements of the company or organization. This training may be in one or more of the following areas: training for workers on new equipment or processes, retraining for workers who must move to other positions within the firm, training for workers to advance to higher positions, and/or training in the basic skill areas for employees to become more effective and efficient. A variety of state, federal, and private funds are used to provide these cost-effective, efficient classes for individuals and businesses throughout the district.

Coordination of the Adult Basic Education and GED preparation classes is provided through the Workforce Development Center. Classes are held at a variety of on-campus and off-campus sites to enable adults to meet the minimum admission requirements for the college and employment. Specific site information may be obtained by contacting the Workforce Development Center in Goodman at 472-9106.

GRENADA CENTER

The Grenada Center, which opened with a full schedule of classes for the fall semester of 1985, is a dynamic addition to Holmes Community College. Grenada, situated near picturesque Grenada Lake, lies some ninety miles south of Memphis, Tennessee on Interstate 55, and sixty-five miles north of the home campus. Located fifty miles from the nearest college or university, this center affords opportunities for academic and cultural enrichment and vocational expansion to match the explosive economic and cultural growth of the surrounding area with 8.5 acres of additional space provided by the city for future additions. The attractive modern building houses the center on a 14 acre site.

The center offers a wide range of liberal arts courses that are transferable to four year institutions. Holmes Community College's Associate Degree Nursing program and a Licensed Practical Nursing program are offered at the Grenada Center. Technical programs in Drafting and Design, Forestry, Business and Office, Electronic Technology, Surgical Technology, and Computer Technology, utilizing state-of-the-art equipment, are also offered at the center.

Evening credit and non-credit courses are offered, designed to meet the needs and interests of the area. The center also functions in the community's expansion for in-coming and existing industry by coordinating programs to meet special training requirements. The center further serves as a meeting place for a variety of educational type workshops, seminars, and conferences. The "Forum," with a seating capacity of over seven hundred, provides a conference site for numerous groups.

RIDGELAND CAMPUS

The Ridgeland Campus is located approximately two miles north of the city of Jackson and one-half mile north of the Natchez Trace and I-55 interchange. It is comprised of 40 acres at the intersection of West Ridgeland Avenue and Sunnybrook Road in northwest Ridgeland. Located only one-fourth mile east of I-55, the easiest access to the campus is from I-55 at the Ridgeland exit (105-B).

Four buildings house the administration, data processing, business office, library, vocational individualized development system (VIDS), classrooms, laboratories, and shops. The totally new and modern facilities enable the Ridgeland Campus to offer a variety of academic and technical programs on both a full-time and part-time basis. All of the instructional programs are equipped with state-of-the-art equipment.

Technical programs in EMT, Paramedic, Machine Shop, Drafting and Design, Business and Office, Computer Network Support, Funeral Services, Marketing and Management, and Occupational Therapy Assistant are offered. A vocational program in Practical Nursing is also offered. A large number of evening credit and non-credit courses are offered each semester, and the needs of industry are met through

specially designed programs. The academic programs are designed to make available high quality educational programs that are parallel to the first two years of senior college or university work in as many fields as practical at a minimum cost to the student.

ATTALA EDUCATIONAL CENTER

The Attala Educational Center in Kosciusko was built by the Attala County Board of Supervisors on land owned by Montfort Jones Memorial Hospital. Opening its doors in August 1997, the center was equipped by Holmes Community College. The college staffs the center and maintains it with the cooperation of the hospital. The center has been the site for Practical Nursing classes, Certified Nurse Assistant classes, GED classes, Emergency Medical Technician classes, Intermediate Emergency Medical Technician classes, IV Therapy classes, and computer classes for both the public and industry. The HCC Workforce Development Center schedules non-credit training, including computer classes, workforce training, classes in continuing education, and Adult Basic Education/GED preparation classes; the HCC Academic Dean schedules academic classes; and the hospital schedules various medical functions in the facility.

To receive information about the center and/or course offerings, please call 290-0808.

COMMUNITY COLLEGE NETWORK & ONLINE COURSES

Holmes Community College teaches the majority of its courses in the traditional classroom setting, but in order to meet the ever-advancing needs of our students and to utilize available technology, innovative methods of teaching are being employed. Each campus/center has a CCN site from which we can send classes to the other campuses as well as to other community colleges in Mississippi. We successfully operated our CCN for the first time in 1997.

To more adequately meet the needs of our traditional and non-traditional students with varied schedules, Holmes offers a limited number of online courses. This instruction is delivered entirely via the Internet (online). Our first online course was taught spring semester, 1999.

ADMISSION REQUIREMENTS

FULL-TIME STUDENTS DEGREE-SEEKING STUDENTS CERTIFICATE-SEEKING STUDENTS

1. A completed application for admission.
2. An official high school transcript showing graduation date or an official GED score report for first-time entering freshmen (Not required of transfer students if the graduation date or GED information is included on official transcript from accredited post-secondary institution).
3. Scores on the ACT or SAT for academic and technical majors who are less than 21 years of age and who have not earned a bachelor's degree. ACT/SAT scores may be accepted from official high school or college transcripts for admission purposes.
4. Official transcripts from ALL colleges previously attended. Students holding bachelor's degrees or higher may submit only the transcript showing the highest degree; however, for graduation purposes, additional official undergraduate transcripts may be required.

NON-DEGREE-SEEKING STUDENTS NON-CERTIFICATE-SEEKING STUDENTS

(Applies to part-time day, evening, and summer students)

1. A completed application for admission.
2. Officially documented high school graduation date or GED equivalent.

GENERAL ADMISSION POLICIES

High School Preparation. A student must meet one of the following requirements: (1) graduate from high school with a standard diploma, or (2) take the GED test and earn the minimum scores required for a state high school equivalency certificate, or (3) earn nineteen academic units from high school.

A student who has attended high school during a fall semester and who wishes to enter an academic or technical program at the beginning of the spring semester on the basis of having earned 19 acceptable units must also have a letter of recommendation from his/her high school principal supporting this action.

Place of Residence. Holmes Community College is supported by a nine-county tax district in Central Mississippi and by state appropriations. The primary mission of the college is to serve Mississippi res-

dents. Public community colleges in Mississippi do not receive state support for out-of-state students. Out-of-state students (including international students) are not routinely accepted for admission. Students who are not residents of Mississippi, with the exception of those on performance scholarships, must petition the Admissions Committee in writing for consideration for acceptance into HCC. The address is: Office of Admissions & Records, P.O. Box 398, Goodman, MS 39079. In addition to satisfactory completion of admission requirements, out-of-state students petitioning for admission will be evaluated in light of the following factors:

1. Immediate family member is an HCC alumnus
2. Immediate family member lives in this or a surrounding district
3. Student deserves special consideration for test scores, class rank, or other outstanding academic achievements
4. Recommendations by high school counselor or principal based on activities, achievements, services, etc.
5. Graduation from high school in this or surrounding district

Test Scores. As of the October 1989 National Test date, The American College Testing Program (ACT) began using their new Enhanced ACT. The minimum scores required for admissions, scholarships, course placements, etc., have been revised. ACT scores earned from October 28, 1989, shall be equated to previous scores by using ACT guidelines. The following chart represents some of the most frequent uses of ACT scores and their new requirements.

	Before Oct. 28, 1989	From Oct. 28, 1989
Non-Probational Admission	10	14
Computer Technology	12	16
Associate Degree Nursing	15	18
Early Enrollment	20	21
President's Scholarship	18	20
Board of Trustees' Scholarship	27	28

Holmes Community College will accept an SAT score of 700 or higher as a substitute for the ACT for the purposes of general admission only. The President's and Board of Trustees' Scholarships will not be awarded on the basis of SAT scores. They will continue to require an ACT test score. A high school senior may substitute an SAT score of 850 or higher for the ACT to qualify for the Early Enrollment Program for Advanced High School Seniors.

Students with composite ACT scores of less than 14 or SAT scores lower than 700 who cannot meet the GPA requirements for probationary admission will be **admitted as part-time students** until they have earned a total of 9 hours with a cumulative GPA of 2.0 or higher.

GED recipients under 21 years of age must have:

- A.) ACT composite scores of at least 14 or SAT scores of at least 700.
OR
B.) Earned at least 12 hours with a 2.00 GPA from an accredited post-secondary institution

in order to be admitted as full-time students their first semester of enrollment at Holmes.

A student who has earned a GPA of 2.0 or higher at least 12 hours at a regionally accredited post-secondary institution shall be admitted in regular standing without regard to ACT/SAT scores.

Probational Admission. Students with ACT composite scores of less than 14 or SAT scores less than 700 will be admitted on probation if their cumulative high school average is 77 or higher on a 100 point scale or 1.75 or higher on a 4-point system. An academic or technical student will be scheduled into the Academic Foundations Core, under which he/she will be required to maintain a Q.P.A. of at least 1.50. This student must repeat any developmental courses he/she does not pass. Students failing to meet minimum standards of progress at the end of their first semester will not be eligible to return to Holmes until they have remained out of school for at least one semester.

An academic or technical student with an Enhanced ACT score of 13 or below is required to enroll in the Academic Foundations core his/ her first semester. This curriculum consists of:

Developmental English I	3 hrs.
Math course based on placement test and student's major	3 hrs.
Reading course based on placement test	3 hrs.
Orientation	1 hr.
One course in student's major selected with advisor's approval	3 or 4 hrs.
Electives (band, choir, p.e., varsity sports)	1 or 2 hrs.
Total	13 to 16 hrs.

Earned Probation and Suspension. Any student admitted unconditionally to Holmes Community College must meet minimum standards of progress to remain in good academic standing. This means that a student must maintain a Q.P.A. of at least 1.50 each semester. A student who does not meet this standard enters his/her next semester at Holmes on “**earned**” academic probation. Students who fail to meet this minimum standard for two consecutive semesters will be suspended and will not be eligible to return to Holmes Community College until they have remained out of school for at least one semester. A student on “earned” academic probation will not receive an excused absence for any classes missed for “school business” trips.

Any student failing 12 or more hours in one semester will be **suspended** and ineligible to enroll the following semester.

Foreign Students. Holmes Community College does not generally admit any international student requiring INS documentation. An applicant whose native language is not English is required to submit a score of at least 500 on the Test of English As A Foreign Language (TOEFL), or must have previous credit in English Composition I and II, or must demonstrate proficiency in the English language through an interview with an Admissions Counselor. Information regarding the TOEFL may be obtained by writing to: TOEFL, Educational Testing Services, Princeton, New Jersey, 08540.

SPECIALIZED ADMISSION POLICIES

VOCATIONAL PRACTICAL NURSING ADMISSION POLICY

Admission requirements to be met **before** a student enters training are:

- 1 The applicant shall be at least **18 years** of age.
- 2 The applicant must have a high school diploma or a GED certificate and provide official transcripts from all schools/colleges previously attended.
- 3 Applicants must have a minimum composite score of 12 on the ACT if taken prior to October 1989 and minimum composite score of **16 if taken in October 1989 or after.**
- 4 Test scores and records will be reviewed, and qualified applicants will be notified to report for an interview with the Admissions Committee. The Admissions Committee will use a standardized interview evaluation form. After the interview process, the Admissions Committee will recommend applicants for selection.
- 5 After notification of acceptance, the student will be required to have a physical examination completed prior to the starting date of the class. A standardized examination form shall be provided to each accepted student.
- 6 Some practical nursing programs are funded by external sources. In addition to meeting the above requirements, students selected for these programs must meet external source eligibility criteria as determined by the Mississippi Employment Security Commission or the certifying agency.

Practical Nursing program applications may be requested from the campus nearest your Goodman/Attala Educational Center, Ridgeland, or Grenada.

ASSOCIATE DEGREE NURSING ADMISSION POLICY

The associate degree nursing program is a two-year program designed to provide educational opportunities to qualified students for a career in nursing. The program responds to the expanding health care needs of the community. The curriculum includes a balance of

general education, nursing theory, and laboratory/clinical experience. Graduates receive an Associate of Applied Science degree (AAS). Graduates that meet the requirements of the State Board of Nursing are eligible to write the National Council Licensure Examination for Registered Nurses. The associate degree nursing program is accredited by the Board of Trustees of State Institutions of Higher Learning of Mississippi and the National League for Nursing Accreditation Commission. The National League of Nursing Accreditation Commission can be contacted at 350 Hudson Street, New York City, New York, 1-800-669-9656 for specific program information.

The Holmes Community College Associate Degree Nursing program accepts one class each year, beginning in the Fall semester. Students who are accepted but who have not had Anatomy and Physiology I and II must take and successfully pass these courses in the Summer session before beginning nursing classes in the Fall.

Nursing students must meet the same general admission requirements as those required for all applicants to Holmes Community College. In addition they must meet the requirement outlined below:

In accordance with the Board of Trustees of State Institutions of Higher Learning's Associate Degree Nursing admission criteria, a student must have an ACT composite score of 15 if taken before October, 1989, or 18 if taken in October, 1989, or after. Students with less than the required ACT composite score must have completed a minimum of 12 semester hours with a 2.0 quality point average before being admitted. They must have made at least a grade of C on Anatomy and Physiology courses, which are included in the above 12 semester hours. Each school is permitted an allowance of 10 percent of the previous fall's nursing program admissions for high risk students who do not meet the criteria.

The applicant must have the following information in the ADN Director's office by April 15th.

1. Holmes Community College Application
2. School of Nursing Application
3. ACT Score
4. Transcripts from **ALL** colleges previously attended
5. High School Transcript or GED score
6. Nursing Aptitude Test Score
7. Evidence of current licensure as a practical nurse if applicable

The number of students admitted is based on the number of nursing faculty. Standards for Accreditation of Schools of Nursing for the State of Mississippi require that total enrollment be limited to a maximum of

fifteen students for each full-time or equivalent qualified nursing faculty member and that the student-faculty ratio in the clinical area be no more than ten to one. The selection of those to be admitted is done using the Weighted Scale ADN Admission Policy.

All applicants are ranked and are offered positions according to their score. If the school receives funds designated for students who must also meet additional criteria, (i.e. financial need or agreement to work in a rural area of Mississippi after graduation) then these positions are available to those who qualify for them. Preference is still given, however, according to their position on the point system.

Weighted Scale ADN Admission Policy

Enrollment in the ADN Program is limited; therefore, the selection of applicants is done on a point system. The freshman class is selected during the spring semester, prior to fall admission based on data as of January 1.

Selection is academically competitive based on the following categories: ACT, and Pre-nursing entrance tests, plus college hours and college Q.P.A. from a regionally accredited school. Additional consideration is given to LPN's, to individuals with 5 years or longer out of high school, and to those who have completed an associate degree or higher in another field since statistics demonstrate these variables to be indicators of success.

If two people have the same score, preference will be given according to their rating on the ACT or, these being equal, their Q.P.A. If these scores are the same, the one with the highest score on the Pre-nursing entrance test will be accepted.

Anytime after the beginning of the spring semester, applications for the following year will be accepted. All material must be in by April 15. Those applicants with the highest scores will be accepted and will be notified the first week of May.

Notification of acceptance in the nursing program must come from the Director of the program - not the Admissions Office.

An applicant must be in generally good health. Upon admission, satisfactory reports from a family physician will be required, as well as currently recommended immunizations.

A letter of acceptance to the nursing program will be sent to each applicant selected for each class. It is required that an applicant confirm his/her intention to attend nursing classes for the year designated. Failure to notify the Associate Degree Nursing Department Director within ten working days indicates that the applicant no longer wishes to enter the program.

In addition to regular college fees, an associate degree student will incur expenses for such items as uniforms, textbooks, supplies, insurance, and the expense of travel to some clinical sites.

The ADN Program provides for Advanced Placement in the program for LPN's. The details are on page 122.

**EMERGENCY MEDICAL TECHNOLOGY – PARAMEDIC PROGRAM
ADMISSION POLICY**

- 1. A completed application for admission.
- 2. The applicant shall be at least 18 years of age.
- 3. The applicant must be a high school graduate or have a GED equivalency certificate and provide an official transcript from the high school or GED office.
- 4. The applicant must have a minimum ACT score of 12 if taken before October 28, 1989, or 16 if taken after October 28, 1989.
- 5. Applicants must provide a copy of a physical examination indicating proof of physical fitness.
- 6. Applicants must be nationally registered as an EMT-Basic.

**OCCUPATIONAL THERAPY ASSISTANT PROGRAM
ADMISSION POLICY**

- 1. A student planning to enter the Occupational Therapy Assistant Program at Holmes Community College must adequately complete an application packet. This will include but is not limited to a Holmes Community College application, Occupational Therapy Assistant Program application, high school transcript, and all college transcripts. Specific timelines are in the Occupational Therapy Assistant Application Packet which may be obtained from the Ridgeland Campus of Holmes Community College.
- 2. All applicants will be required to submit an official ACT composite score of at least 18. Applicants having taken the ACT prior to October 1989 will have their results converted to Enhanced ACT scores. Example: A composite score of 15 prior to October 1989 will convert to an 18 on the Enhanced ACT.
- 3. A student will have at least a 2.5 grade point average for the following required prerequisites:

	Hours
English Composition I - ENG 1113	3
Human Anatomy and Physiology I with a Lab - BIO 2514	4
College Algebra - MAT 1313	3
General Psychology I - PSY 1513	3
<hr/> Total Hours	<hr/> 13

Part time and/or non-degree students must have all academic prerequisite course work current. (Current will be considered within the past five years.) All prerequisite coursework obtained through an associate, baccalaureate, or higher degree will be evaluated for program requirements.

4. The applicant will be required to complete a minimum of 15 observation hours directly under the supervision of a certified occupational therapist or certified occupational therapy assistant.

NOTE: 1. Observation hours must be documented on the forms provided in the application packet.

2. Observation must be performed in three different facilities or settings. Example: Rehabilitation Center 5 hours, Psychiatric Facility 5 hours, and an Outpatient Clinic 5 hours

5. The student will submit two completed reference forms which are provided in the application packet.
6. Acceptance into the Occupational Therapy Assistant Program at Holmes Community College is selective and competitive based on the above criteria. Top applicants will be required to complete an interview conducted by the admissions committee to finalize class selection.

SURGICAL TECHNOLOGY ADMISSION POLICY

1. A completed application for admission.
2. The applicant shall be at least 18 years of age.
3. The applicant must be a high school graduate or have a GED equivalency certificate and provide an official transcript from the high school or GED office.
4. The applicant must have a minimum ACT score of 12 if taken before October 28, 1989, or 16 if taken after October 28, 1989.

NOTE! This program is taught only at the Grenada Center.

Admission requirements for all students must be met within 4 weeks of the end of registration.

TRANSFER STUDENTS

A transfer student is defined as one who has hours attempted on his/her permanent record at another institution. A transfer student who plans to graduate from Holmes Community College must have an official transcript sent from each post-secondary institution previously attended. A student who is on disciplinary probation or suspension must petition the Admissions Committee for a special hearing.

Holmes Community College ascribes to an "open" admissions policy with all pertaining laws.

Holmes Community College embraces the philosophy that students be provided the opportunities for learning experiences, e.g. developmental courses, counseling, tutorial assistance, etc., that will help the individual students to succeed in achieving their educational goals.

Holmes Community College utilizes relevant diagnostic instruments to determine the strengths and needs of students in order to assist in the selection of the most appropriate program options to help assure student success.

DUAL ENROLLMENT PROGRAM FOR ADVANCED HIGH SCHOOL SENIORS

PURPOSE

The purpose of this program is to provide the opportunity for advanced high school seniors to earn college credit prior to graduation from high school.

Holmes Community College does not wish to encourage students to participate in this program if it conflicts with their high school activities. Therefore, students in this category will be considered for admission only when this program has the explicit endorsement of the high school principal.

ADMISSIONS REQUIREMENTS AND PROCEDURES

1. The student must have earned fourteen high school units. The student must have an overall "B" average on the fourteen units. The student shall request that the high school principal send an official copy of his/her high school transcript to the Director of Admissions and Records at Holmes Community College at least 10 days before the beginning of the enrollment period. A home-schooled student must submit a transcript prepared by a parent, guardian, or custodian with a signed, sworn affidavit.
2. A minimum composite score of 21 on the Enhanced ACT and a minimum of 21 on each subtest area in which the student wishes to take coursework is required.
3. The principal or counselor of the high school must submit a recommendation supporting the student's enrollment in the program. The unconditional recommendation should verify that the student is academically advanced and has the maturity and self-discipline required to benefit from this type of program. This recommendation may be in the form of a list of all participating students and should be included with the high school transcripts. A home-schooled student must submit a parent's, legal guardian's, or custodian's written recommendation.
4. Full credit will be granted but will be reserved until the student either graduated from high school or is admitted to college as a fulltime student.

Special Condition:

Students who have not completed 14 core high school units may be considered for dual enrollment if they have a minimum ACT composite score of thirty (30) or the equivalent SAT score and have the required grade point average and recommendations prescribed above

EARLY ADMISSION

The boards of trustees of the community and junior college districts are to establish an early admission program. Applicants for early admission must meet all requirements listed in 1 and 3 of the dual enrollment requirements listed above and have a minimum ACT composite of twenty-six (26) or the equivalent SAT score, and a recommendation from the principal or guidance counselors that early admission is in the best additional interest of the student and that the student's age will not prevent him/her from being successful.

STUDENT TUITION AND TEXTBOOKS

The student is responsible for paying his/her own fees and purchasing textbooks.

STUDENT POLICIES AND REGULATIONS

The student is expected to become familiar with the college catalog and student handbook and to abide by all applicable rules.

ENROLLMENT LIMITS

The student is limited to one course per summer term and two courses per full summer session (day and/or evening in any combination). The student is limited to one course during the fall semester and one course during the spring semester.

APPLICATION PROCEDURE

A student applying for this program must (1) submit an application for admission in person to, and (2) have an interview with, the counselor at the campus where the course will be taken. This should be done at least two weeks prior to registration.

ACADEMIC POLICIES AND REGULATIONS

ORIENTATION AND REGISTRATION

A first-time student must attend the scheduled orientation sessions. These will provide information about Holmes Community College, its rules and regulations, types of organizations, clubs, etc. Also, college life in general will be previewed.

The following steps must be completed to be enrolled.

1. Take math/reading/English placement tests.
2. Have I.D. picture taken, if enrolling as a full-time student.
3. Have picture made for the school annual, if enrolling as a full-time student.
4. Have schedule of classes approved.
5. Pay entrance fees in the Business Office.

If any of the steps are incomplete, the registration of the student is incomplete and may result in his/her not being accepted as a student at Holmes Community College.

CREDIT FOR NON-CLASSROOM EXPERIENCES

(Includes AP, CLEP, Correspondence Courses, Military Service)

Holmes Community College (HCC) will accept credit earned through national examination programs, correspondence courses, and military service subject to the following requirements and limitations:

GENERAL

- A. A student must enroll in HCC and earn a minimum of 16 semester hours of credit through regular classroom attendance before non-classroom credit will be recorded on his/her permanent record.
- B. Credit is awarded only in areas which fall within the regular curricular offerings of HCC – i.e. HCC teaches an equivalent course – and must be appropriately related to the student's current educational goals.
- C. Credit for non-classroom experiences will be evaluated using the same criteria as transfer work from other colleges. It requires the approval of the department chairman and District Academic Coordinator. This credit cannot duplicate either credit already awarded or remaining courses planned for the student's academic program.
- D. The maximum amount of credit for all non-classroom experiences which may be applied toward an associate degree from HCC is 30 semester hours.

PROGRAMS

ADVANCED PLACEMENT PROGRAM (AP)

Requirements - Standard score of 3 or higher. **Credit** awarded ranges from 3 to 8 semester hours. **Limitations** - The total amount of credit earned through AP exams is limited to 24 semester hours. Students with AP scores of 3 or higher should contact the District Academic Coordinator, Goodman Campus, for the latest policy statement.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)

Requirements for General Examinations - English Composition, Humanities, Mathematics, Natural Sciences, and Social Sciences/History - minimum scaled score of 500. **Requirements** for selected subject examinations - minimum scaled score of 50. **Credit** awarded ranges from 3 to 12 semester hours per test. **Limitations** - The total amount of credit earned through CLEP general exams and/or subject exams in any combination is twenty-four (24) semester hours. Prior to registering for a CLEP exam, the student must contact the District Coordinator of Student Services, Goodman Campus, for the latest policy statement.

CORRESPONDENCE COURSES

HCC does not teach correspondence courses but will accept correspondence credit from regionally accredited universities. **Limitations** - the total amount of credit earned from correspondence courses which may be applied toward an associate degree at Holmes is 12 semester hours. Only "lecture" courses will be accepted - courses described in the HCC bulletin as having a laboratory, clinical, or shop component will not be accepted. Prior to registration for a correspondence course for which a student wishes to receive HCC credit, the student must get the written approval of the Vice-President for Academic Programs, Goodman Campus.

MILITARY SERVICE

HCC will award credit for military experiences toward a degree or certificate according to the American Council on Education recommendations. **Limitations** - the maximum amount of credit awarded for military experiences is 16 semester hours. Students with military experience who wish to apply this credit toward a HCC degree or certificate should request an official evaluation by the District Academic Coordinator on the Goodman Campus prior to enrolling, if possible, and no later than the end of their first semester of attendance.

ABSENCES

Academic, *Technical, and *Vocational Absences. Registration for a class makes the student responsible for attending that class until completed unless officially withdrawn. The college reserves the right to sever the relationship with (cut-out) any student who is excessively absent. Absences for day and evening classes are considered to be excessive when

they exceed the number of times the class meets in two weeks. Check with each campus for Summer School absence limits. If a student incurs excessive absences in a class, his/her record will be reviewed by an Absence Sub-Committee. Unless there are extenuating circumstances, such as an extended illness, for a majority of the absences, the student will be administratively withdrawn from the class. Absences due to late registration will be counted toward the cut-out number. Reasons for late registration will be documented in the student's absence file.

The student may appeal to the full Absence Committee if he/she is not satisfied with the ruling of the sub-committee. The student must request in writing that a meeting be called to hear his/her appeal. The Absence Committee consists of instructors, students, an administrator, and the chief academic officer for that campus who serves as chair. The decision of the Absence Committee is final.

The student is responsible for all class work missed during absences, including school business absences. Additional make-up work may be assigned at the discretion of the teacher. Should a student miss a scheduled test (one that has been scheduled at least two class meetings prior to giving the test), the teacher may elect to give the student an "F" on the test, or assign additional makeup work. A record of absences is to be kept in the teacher's grade book then turned in to the Records Office at the end of six weeks.

Documentation of Absences. Sickness should be substantiated with: (1) a doctor's statement when attended by a doctor or dentist. (2) a statement from parents for absence of one or two-day duration when the absence is due to illness of a student or to a death in the family. In cases of an absence due to personal business, any documentation such as receipts, court summons, military orders, etc., should be retained by the student. All documentation explaining absences should be presented to the instructors for signatures, then brought to the Chief Academic Officer to be placed in student's file. The Chief Academic Officer at each location issues school business excuses for students who represent the school at approved activities such as athletic events, club meetings, and field trips. School business excuses do not count toward the "cut-out" number in a class.

ABSENCE POLICY

The College must, by state board policy, withdraw you from a class if you are a no-show, a walk-off, or have excessive absences.

Class Meetings per Week	Cut-Out Point
One Meeting per Week	Three absences will cut you out
Two Meetings per Week	Five absences will cut you out
Three Meetings per Week	Seven absences will cut you out
Four Meetings per Week	Nine absences will cut you out

Your teacher will try to deliver to you a Warning when you reach half-way to the cut-out point. At that time, discuss with your teacher any questions you have about absences, and be certain you have shown the teacher ALL documentation for your absences. After showing them to your teacher, you must then take them to the Chief Academic Officer on your campus.

If a teacher turns in a cut-out on a student, the Chief Academic Officer then evaluates the available documentation for absences (doctor's excuses, etc.). Unless there are extenuating circumstances, such as an extended illness, for a majority of the absences, you will be administratively withdrawn from the class.

You will receive a letter from the Chief Academic Officer if you are administratively withdrawn (cut-out) from a class. You may discuss your situation with him at that time if you have extenuating circumstances to explain. You must bring any additional documentation of absences to your meeting with him. A decision to return you to that class will be made by the Absence Sub-Committee and will depend on your documentation of absences, your average in the class, and your general disciplinary record on the campus.

If the Absence Sub-Committee upholds the cut-out, you may appeal this decision to the full Absence Committee only if the Chief Academic Office can establish that you have a valid basis or case to make to that committee. The decision of the full Absence Committee is final.

***Selected Technical and Vocational Programs:** Automotive Technology, Collision Repair Technology, Heating and Air Conditioning Technology, Machine Shop Technology, Cosmetology, and Welding have classes that are blended together on a daily basis, and students will be withdrawn from *all curriculum courses* at the cut-out point.

The school day is divided into two parts – morning and afternoon. A student who is absent in one part will be counted absent for one-half day. Any two one-half day absences will constitute one complete day's absence.

Instructors shall record absences daily in their grade books and report absences when the student has missed **three complete days** and again when the student has missed **six complete days** which is the cut-out point.

If a student is more than 15 minutes late to class, they are counted half-day absent rather than tardy.

Tardies. Students should realize that tardiness causes a delay and disruption of a class. When a student is tardy to a class, he/she must remain after class and inform the teacher he/she was tardy, not absent. Failure to do this may result in his/her being reported absent. This will be impossible to correct at a later date. Three tardies are equal to one absence. **If students are more than 15 minutes late to class, they are counted half-day absent rather than tardy.**

ABSENCE POLICY FOR ONLINE CLASSES

At the beginning of the course, the instructor must communicate with the student in documented class policies his/her expectations regarding the format and frequency of class participation. Contacts with the instructor must be in the form of academic communications and submission of assignments. If the instructor deems that the student's participation in class is inadequate, the instructor will make an attempt at notifying the student. If inadequate participation persists, the student will be administratively withdrawn from the class. Students and instructors of online courses will adhere to the academic calendar and the process of appeal.

CHANGES IN CLASS SCHEDULE

Changes in a student's class schedule, including those initiated for a department's convenience, must first be approved by the appropriate administrative office for each campus/center.

CLASS STANDING

A student's classification is determined by the amount of work completed, as follows:

Freshman	0-23 semester hours
Sophomore	24 and above semester hours

EXAMINATIONS

Regularly Scheduled Examinations. The regular examinations scheduled at the end of each semester are given at 8.00, 10.15 and 1:15. The complete schedule of examinations is announced during the semester.

Business Office Debts. Students' accounts must be paid in full before their transcripts will be released and before they can register for the next term.

Eligibility. No student is eligible to take an examination unless he/she is free from all arrearages in fees, such as laboratory or library fees, or fines.

Standards of Honesty. Although there is no general organized honor system governing the conduct of students during examinations and tests, the work of the college is conducted on a basis of common honesty. Deviations from this standard are to be reported by the supervising instructor to the Dean.

Presence during Examination. If a student is present at all during the examination, he/she shall be regarded as having attended the examination, and will be so reported by the examiner.

Absence during Examination. Absence from the room during the course of the examination, without the consent of the examiner, shall invalidate the examination.

CREDIT AND GRADES

The Semester Hour. A semester hour is defined as the unit of credit which represents one class hour (50 minutes) a week for one semester; this class hour may involve class lecture attendance or laboratory work. Laboratory work will represent two to four class hours a week for one semester.

Grade Symbols. A final grade is the instructor's evaluation of the student's work and achievement throughout a semester's attendance in a course. Factors upon which the final grade may be based are attendance, recitation, written/oral quizzes, reports, papers, final examination, and other class activities. The evaluation will be expressed according to the following letter system:

A	Excellent	4	quality points per semester
B	Good	3	quality points per semester
C	Average	2	quality points per semester
D	Poor	1	quality point per semester
F	Unsatisfactory	0	quality points per semester
I	Incomplete	0	quality points per semester
AU	Audit	0	quality points per semester
W	Withdrew	0	quality points per semester
WP	Withdrew Passing	0	quality points per semester
WF	Withdrew Failing	0	quality points per semester
P	Pass	0	quality points per semester
S	Satisfactory	0	quality points per semester
U	Unsatisfactory	0	quality points per semester

Each department must establish standards expressed in percentages (a numerical grading scale). These standards must be approved by either the Vice-President for Academic Programs or the Vice-President of Community and Workforce Development. A copy of each department's grading scale must be on file in the office of the Vice-President for Academic Programs or the Vice-President for Community and Workforce Development, and each student must be informed of these standards via the course syllabus.

C Average. A "C" average is defined as having earned an average of two (2) quality points per semester hour attempted.

F Grade. The grade of "F" is recorded (1) if the student has failed on the combined evaluation of his/her work through the semester and his/her final examination; or (2) if the student attends the examination without submitting a paper or fails to appear for the examination and presents no acceptable reason for his/her absence.

I Grade. An incomplete grade may be assigned a student if, upon completion of a grading period, some unavoidable circumstance has kept him/her from meeting some requirements of the course. An incomplete grade is not allowed on the basis of course deficiencies not caused by an unavoidable circumstance. If an incomplete is not removed within

the two weeks following the grading period (excluding Christmas Holidays), the grade automatically becomes an "F". This applied to both mid-semester and semester grades.

W Grade. The mark "W" is recorded if the student officially withdraws after registration but before mid-semester. No mark is recorded for a withdrawal made before the end of registration.

WP and WF. A mark of "WP" or "WF" is recorded if the student officially withdraws after mid-semester but before the scheduled time for the final examination. "WF" grades are figures as "F's" in computing quality point averages.

Auditing A Course. A student may audit a course by scheduling the course as an "audit" at the time of registration or change to audit at any time before mid-term. No credit, grade, or quality points are granted for an audited course. An audited course is counted at full value in computing the student's load for fee purposes, but does not count toward full-time status for staying in the dorm. A student may, in succeeding semesters, take for credit any course previously audited. An audited course will be reflected on the student's permanent record as "AU".

A student who is auditing a course is required to attend class on the same basis as regular students with the exception of the final examination. A grade of "W" will be assigned if a student drops an "audit" course or is withdrawn because of excessive absences.

Audit students are required to do homework assignments and participate in all classroom and/or laboratory activities with the exception of the final examination.

The college does not receive state funding for audit students. Therefore, the college reserves the right to restrict audit enrollments in a course that has limited class size because of equipment or space.

The deadline for changing from "audit" to "credit" will be the last day to register and add classes for an enrollment period. The deadline for changing from "credit" to "audit" will be the last day to withdraw without receiving a grade. A student who wishes to change from "audit" to "credit" or vice versa must go to the office in charge of schedule changes prior to the deadline. The regular fee for schedule changes will be charged.

TRANSFER CREDITS

Only credits transferred from an institute which is accredited by The Southern Association of Colleges and Schools (or other regional accreditation association) will be accepted by Holmes Community College. The cumulative totals of hours attempted, hours passed, and quality point average will be reproduced on the permanent record of Holmes Community College for students with less than a bachelor's degree.

The college recognizes that many transfer students will not be seeking a degree or certificate from Holmes Community College. Therefore, transfer credit is evaluated only when a student declares herself/himself a candidate for a degree or certificate and requests an official evaluation

from the District Academic Coordinator. This should be done prior to enrollment, if possible, and no later than the end of the first enrollment period.

A student who has attended a non-accredited institution may validate up to twenty-four (24) semester hours of credit through the College Level Examination Program (CLEP).

In the case of students receiving VA benefits, enrollment certificates submitted to the Veterans Administration will reflect proper credit for previous education and training.

To meet the graduation requirements for an associate degree, transfer students must have a cumulative quality point average of 2.00 ("C" average) on all hours attempted as well as a "C" average on work attempted at Holmes Community College. For the purposes of the overall computation, only the transcripts from colleges accredited by SACS (or an equivalent regional accrediting association) will be used. Hours and quality points from colleges not accredited by SACS (or an equivalent regional accrediting association) will be disregarded since this credit will not apply toward the degree.

INSTITUTIONAL CREDIT

Holmes Community College offers a small number of courses which are of a "remedial" or "self-enrichment" nature. These courses earn "institutional" credit. Institutional credit will apply toward a Certificate of Graduation only and is not designed to transfer. **Credit in developmental English will NOT satisfy the English requirement for any degrees or certificates.** Courses for which institutional credit is awarded will have a "O" in the course number.

COURSE REPEATS

If two or more final grades are recorded for the same course, all grades received in that course (not including W and WP) will be used in the computation of the grade point average. The hours earned in a course which has been passed and then repeated will be stricken and the course will be noted as repeated on the student's permanent record. It is the student's responsibility to request that a repeat card be filled out when he registers if he is repeating a course.

GRADE REPORTS

A report of the student's work is made at midterm and at the end of the semester. Students who desire a copy of these grades should make a request to the Records Office. A charge of one dollar will be made for each copy.

STUDENT LOAD

The normal load for a student is sixteen semester hours. The minimum load for a full-time student is twelve semester hours. A student is

allowed to take more than sixteen hours per semester when his normal schedule would call for this or when he has maintained an average of **B** or better. **No** student may take or receive credit for more than twenty-one hours in any one semester without permission from the chief academic officer. Summer school is considered one semester.

WITHDRAWAL FROM SCHOOL

A student who finds it necessary to withdraw from school for any reason must secure a withdrawal form from a Counselor's office and have the form signed by the designated school officials. If a student is unable to withdraw in person, he/she should notify the appropriate administrative office and request a withdrawal form be initiated and completed. Failure to officially withdraw may result in WF's in all classes.

DEGREES AND CERTIFICATES

Holmes Community College awards the following degrees and certificates: Associate of Arts degree (AA), Associate of Applied Science degree (AAS), Certificate of Graduation, two-year technical certificates, one-year technical certificates, and one-year vocational certificates.

REQUIREMENTS FOR THE ASSOCIATE OF ARTS DEGREE (AA)

This degree is awarded to university transfer majors.

1. General Education Core:

ENG 1113 & 1123 - English Composition I & II

MAT 1313 - College Algebra

SPT 1113 - Oral Communication

Natural Sciences with labs - Two courses - 6 to 8 hours credit

Humanities - One course

Social Studies/Behavioral Sciences - One course

Fine Arts, Humanities, or Soc. Studies, Behav. Sci - One course

CSC 1113 - Computer Concepts or Equivalent

TOTAL 30 - 32 hours

2. Sixty-four semester hours

(excluding developmental/remedial and vocational hours)

3. A 2.00 cumulative quality point average

(see TRANSFER CREDITS)

4. A 2.00 quality point average on Holmes Community College credits

5. Additional requirements for music majors are stated on page 108-110

NOTE! Effective for students entering fall semester 1996. Students who earned credit at HCC before this date have until May, 1999, to complete a degree under the General Education Core in effect at the time of their entrance provided they are in continuous enrollment.

REQUIREMENTS FOR THE ASSOCIATE OF APPLIED SCIENCE DEGREE (AAS)

This degree is awarded to Technical majors (including Associate Degree Nursing) and is not designed to transfer.

1. General Education Core:

ENG 1113 - English Composition I

* MAT 1313 - College Algebra

or

** Natural Science with Lab plus a Math course

SPT 1113 - Oral Communication

Social Studies Behavioral Sciences - One course

Humanities Fine Arts Elective - One course

BOT 1133 - Microcomputer Applications or Equivalent

TOTAL 18 - 23 hours

* Associate degree nursing students are not required to take MAT 1313 or BOT 1133. Computational skills and basic computer usage are included in the associate degree nursing curriculum.

** A natural science with lab course or ATE 1113, plus a course in computational skills will substitute for College Algebra for some AAS programs and if approved by the instructor, Vo-Tech Director, and Vice-President for Academic Programs on the Transcript Evaluation Form. The computational skills course may be MAT 1233 or BOT 1313.

2. Complete the prescribed set of courses for a major or have a substitute approved by a faculty advisor, campus vo-tech director, and the district coordinator.

3. Minimum of sixty-four semester hours
(excluding developmental/remedial and vocational hours)

4. A 2.00 cumulative quality point average
(see TRANSFER CREDITS)

5. A 2.00 quality point average on Holmes Community College credits

NOTE! Effective for students entering fall semester, 1996. Students who earned credit at HCC before this date have until May, 1999, to complete a degree under the General Education Core in effect at the time of their entrance provided they are in continuous enrollment.

REQUIREMENTS FOR THE ASSOCIATE OF APPLIED SCIENCE DEGREE (AAS) FOR THE OCCUPATIONAL THERAPY ASSISTANT

- Complete the prescribed set of courses for the Occupational Therapy Assistant Program as identified in the program course sequence and course descriptions.
- A 2.00 cumulative quality point average on all credits applied toward degree.

REQUIREMENTS FOR THE CERTIFICATE OF GRADUATION

This certificate is awarded to university transfer or technical majors who lack one or more requirements for the AA or AAS degree.

- 1. General Education Core:**

ENG 1113 & 1123 - English Composition I & II

- 2. Sixty-four semester hours**

(excluding vocational hours)

REQUIREMENTS FOR THE ONE-YEAR TECHNICAL CERTIFICATE

This certificate is awarded to students who complete the first year of EMT/Paramedic, Surgical Technology, and selected Business and Office Technology programs.

1. Complete the prescribed set of courses or have a substitute approved by a faculty advisor, campus vo-tech director, and the district coordinator. (Vocational hours are excluded.)
2. A 2.00 quality point average on the prescribed set of courses

REQUIREMENTS FOR TWO-YEAR TECHNICAL CERTIFICATES

This is a certificate awarded for completion of two years of prescribed coursework for non-degree seeking students. Students receive semester hours credit.

1. Complete the prescribed set of courses or approved substitutes. (Vocational hours are excluded.)
2. A 2.00 quality point average is required to be eligible for the certificate.

NOTE! This certificate is awarded to students completing Collision Repair Technology, Automotive Technology, Machine Tool Operation/ Machine Shop Technology, or Heating, Air-Conditioning, and Refrigeration Technology only.

REQUIREMENTS FOR VOCATIONAL CERTIFICATES

This is a certificate awarded for completion of the Cosmetology, Welding, or Practical Nursing Program. The programs vary in length but are normally considered to be one year. Students receive semester hour credit, but it is considered "nondegree" credit and will not apply toward an AA or AAS degree.

1. Complete the prescribed set of courses and clock-hours
2. A 2.00 quality point average on the prescribed set of courses

REQUIREMENTS FOR ACADEMIC PROMOTION FUNERAL SERVICE TECHNOLOGY

- Complete the prescribed set of courses for the Funeral Service Technology Program as identified in the program course sequence and course description.

- A 2.00 cumulative quality point average.
- FST 2811 Comprehensive Review must be taken in the last semester of course work. Each FST course must be passed with an average of 75 in order to graduate and complete the program.

APPLYING FOR GRADUATION

All candidates for graduation must file their applications for a diploma with the Records Office. December graduates must file during the first two weeks of October; and any student graduating in May must file during the first two weeks of February. Graduation fees (\$30.00 for May, \$15.00 for December) must be paid at these times.

A candidate shall not be eligible to receive a one-year technical certificate and an AAS degree at the same graduation.

Residency. Sixteen semester hours of credit, or 25% of the degree requirements, (whichever is greater), must be earned through regular classroom attendance in order to receive an associate degree, certificate of graduation, technical certificate, or a vocational certificate. Credit awarded for CLEP, AP, correspondence courses, or military service will not count toward meeting the residency requirements.

GRADE RECOGNITION AND HONORS

A. GRADE RECOGNITION

1. Academic and technical students with exemplary quality point averages are recognized at the end of the fall and spring semesters by being named to the President's or Dean's list. To be eligible for such recognition a student must be enrolled in at least twelve semester hours. Enrollment in one or more developmental courses disqualifies the student from either list for that grading period.

PRESIDENT'S LIST Those students who have a quality point average of 3.7 to 4.0

DEAN'S LIST Those students who have a quality point average of 3.4 to 3.69.

2. Full-time vocational students with quality point averages of 3.5 to 4.0 will be placed on a Vocational Honors List.

B. GRADUATION HONORS

1. Rank in class:

In order to receive class ranking, a student must be receiving an AA or AAS degree, must participate in the May graduation ceremony, and must have at least a 3.0 cumulative quality point average. The student(s) with the highest QPA (excluding developmental courses and Math 1213, 1233) will be recognized as Valedictorian, while the student(s) with the next highest QPA will be the Salutatorian. To be eligible for Valedictory or Salutatory honors, a student must have completed at least two semesters at the Community College on a full-time basis.

2. Honors and highest honors:

Students participating in the May graduation ceremony and receiving either an AA or an AAS degree are eligible to receive special recognition based on their cumulative quality point averages. These honors will be:

- a. Highest honors - for those students QPA's of 3.7 to 4.0
- b. Honors - for those students with QPA's of 3.4 to 3.69

REVERSE TRANSFER GRADUATION

Former students may transfer work back to Holmes Community College to complete degree requirements subject to the following requirements and limitations:

1. The maximum amount of work that may be transferred back shall be 11 semester hours.
2. The student must complete the degree requirements and request the degree within one year after his/her last date of attendance at Holmes Community College.

EARNING A SECOND DEGREE FROM HOLMES

A student who has received a *Certificate of Graduation* may earn an AA or AAS degree by completing the degree requirements.

A student who has received an AAS degree may earn an AA degree or a second AAS in a different curriculum by completing the degree requirements and earning a minimum of 15 semester hours of additional credit.

A student who has received an AA degree may earn an AAS degree by completing the degree requirements and earning a minimum of 15 semester hours of additional credit. A student may not earn a second AA degree.

A student who wishes to earn a second degree should request a transcript evaluation by the Academic Dean Prior to enrolling for courses.

A student who earns a second degree will not be required to participate in the graduation ceremony, but may do so if he or she chooses.

STUDENT RECORDS

The Office of Admissions and Records prepares and maintains a permanent scholastic record for each student enrolled in credit courses. These records are treated with due regard to the personal nature of the information they contain. The records are the property of the college; however, the Director of Admissions and Records will honor a student's written request that his official academic record not be released or information contained in his record not be disclosed. Unless there is a written request to the contrary, the following information will be made available to parents, spouses, prospective employers, government security

agencies, previous schools attended, campus organizations which require minimum scholastic averages for memberships and organizations awarding financial assistance (grants scholarships, and loans); name, date, place of birth, address, dates of attendance, and major field of study. Transcripts are released only at the written request of the student at a cost of \$2.00 per transcript.

NOTIFICATION OF RIGHTS UNDER FERPA FOR POSTSECONDARY INSTITUTIONS

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the College receives a request for access.

Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask the College to amend a record that they believe is inaccurate or misleading. They should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the College decides not to amend the records as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a per-

son serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Holmes Community College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, DC 20202-4605

STUDENT COMPLAINT PROCEDURE

Holmes Community College has an administrative procedure in place which is designed to receive, investigate, and resolve student complaints, whether academic or nonacademic. Any student who wishes to make a formal complaint regarding a college program, a service of the college, an employee of the college, or any other individual or aspect of the college, must take the following steps:

1. Discuss the problem with the faculty member, staff member, or administrator involved and/or use existing appeals committees where available prior to initiating formal complaint procedures under this policy. Students who fail to use existing appeals committees will forfeit their right to future due process. If informal efforts are not productive or appropriate in resolving the complaint, the student proceeds to steps 2 and 3.
2. Contact Lindy McCain for academic matters and Janice Richardson for Vo-Tech matters, Goodman Campus; Becky Pugh, Ridgeland Campus; or Joe Fondren, Grenada Center; as appropriate.
3. Express the nature of the complaint and pertinent information in writing to the appropriate person.

The college representative receiving the complaint will either handle the complaint personally or will refer it to the appropriate person for disposition. A response will be made to the student within 15 working days. Students who are not satisfied with the resolution of the investigating officer shall have the right to appeal to a grievance committee. The grievance committee will be appointed by the CEO at each campus and will consist of two administrators and two faculty not directly involved in the alleged problem, as well as two students and the original investigating official. The decision of the grievance committee is considered final.

No adverse action will be taken against a student for filing a complaint.

EXPENSES

	Mississippi Students Each Semester	
General Fees for Full-time Students	Commuting	Dormitory
* Entrance Fee (Matriculation/Tuition)	\$527	\$ 530
** Room Rent (Due at registration/Non-ref)		250
*** Board Meals (One-third due at registration)		550
	<u>\$527</u>	<u>\$1330</u>

DEFERRED PAYMENT SCHEDULE FOR DORMITORY STUDENTS

First Payment:	\$ 963	(Entrance Fee, Room Fee, 1/3 Board)
Second Payment:	184	(1/3 Board)
Third Payment:	183	(1/3 Board)
Total per semester:	<u>\$1330</u>	

	Fall Semester, 2000	Spring Semester, 2001
First Payment:	August 16, 2000	January 8, 2001
Second Payment:	September 27, 2000	February 23, 2001
Third Payment:	November 10, 2000	April 6, 2001

Out-of-State Student Fee (Due each semester/Non-ref)	\$850
Foreign Student Service Fee (One-time fee)	100
Graduation Fee	30
Adding a Course or Changing a Course	10
Second Copy of Student Schedule	2
**** Room Processing Reservation Fee (Non-Refundable)	20
**** Room Key Damage Fee (Refundable less damage)	30
Semester Hour Fee For Part-Time/Summer School Students	\$50

* Due at Registration

** Five-day week

*** Monday morning through Friday noon

**** This fee is mandatory for ALL dormitory students and must be paid directly to the Dean of Student Services in McDaniel Hall **PRIOR TO DORMITORY OCCUPANCY.**

Students are not required to pay special fees for laboratory courses. The entrance fee pays for the school paper, the I.D. card, a post office box for each student, a parking permit, and the student activities fee.

An I.D. card is issued to each full-time student as a step in his registration procedure. This card serves the student in many ways and should be in his possession at all times. The I.D. card:

1. Admits the student to all regularly scheduled athletic events held on the Holmes campus.
2. Admits the student to the student union building.
3. Admits the student to the library.
4. Serves as identification at the Campus Bookstore, the Security Office, the Business Office and Student Elections.

CHANGING STATUS FROM FULL-TIME TO PART-TIME

A student who enrolls on a full-time basis for a fall or spring semester and drops to part-time status before the last day of registration will have his or her fees adjusted to the part-time student rate. There will be no adjustments made for dropping to part-time status after the last day of registration.

SPECIAL PLAN FOR SENIOR CITIZENS

Under a plan adopted by the Board of Trustees, persons sixty-five or retired persons over sixty-two may enroll for any class taught by the college as space permits without paying any fee except for equipment and books necessary.

SPECIAL TOOLS AND/OR EQUIPMENT ARE REQUIRED FOR THE FOLLOWING VOCATIONAL AND TECHNICAL PROGRAMS:

Automotive Mechanics
Collision Repair Technology
Cosmetology
Drafting and Design
Electronics
Machine Shop
Heating, Air Conditioning and Refrigeration
Welding
Truck Driver Training

Students should check with their instructor prior to purchasing books, tools, and supplies. Prices are subject to change.

REFUND POLICY

- a. A portion of the entrance fee (Fall semester — \$125, Spring semester — \$100) is for matriculation and is non-refundable. In addition to the matriculation fee, each student pays a non-refundable activities fee of \$5.00 for a dorm student and \$2.00 for a commuting student. The date of withdrawal placed on the withdrawal form by the chief academic officer on each campus is the date the Business Office uses to calculate refunds. The remainder of the fee is refundable as follows:

Full & Part Time Day Students

One week or less	90 per cent
Less than two weeks	75 per cent
Less than three weeks	50 per cent
Less than four weeks	25 per cent
Four or more weeks	0 per cent

Summer Students

After 1st class	90 per cent
After 2nd class	75 per cent
After 3rd class	50 per cent
After 4th class	25 per cent
After 5th class	0 per cent

Evening Students

After 1st class
After 2nd class
After 3rd class
After 4th class

75 per cent
50 per cent
25 per cent
0 per cent

- b. Room rent of \$250.00 per semester is non-refundable.
- c. Board is refunded on the basis of weeks left in a semester after the week in which the withdrawal occurs. The date of withdrawal placed on the withdrawal form by the chief academic officer on each campus is the date the Business Office uses to calculate refunds. No reduction is made for absences of less than two continuous weeks (holidays excluded).
- d. Refund policy for veterans provides that a refund will be made upon application on a pro-rata basis to an eligible person (service man or active duty, veteran, or war orphan) in receipt of educational benefits pursuing courses of instruction on a vocational clock hour basis from the Veterans Administration under existing published laws.

STUDENT SERVICES

COUNSELING AND ADVISEMENT

The Counseling Department provides academic, social, personal, and career counseling for students in an effort to help with personal adjustment, establishing values, determining interests, and choosing career objectives. Counselors assist the student to formulate and clarify goals and evaluate intelligently his/her own abilities, personality traits, and openness to the experiences he/she is undergoing in an academic community. The student is encouraged at all times to seek counsel, not only in the face of specific problems but also to discuss ways of constantly improving the skills required for effective living.

FACULTY ADVISORS

Each student is assigned a faculty advisor for assistance in planning a program of study. Advisors also assist students in scheduling and are available for general information. A professional counseling staff is also available to assist students with academic, personal and social problems.

CAREER CENTER

The Career Center, located in McDaniel Hall on the Goodman campus, provides career counseling services; such as assessments, career exploration, educational and occupational information, employability skills training, and transitional services.

STUDENT SUPPORT SERVICES

The purpose of Student Support Services is to bridge the gap between high school and college in order to give students more meaningful experiences while gaining a college education. The program is designed to assist eligible students entering, continuing, or resuming academic programs.

The Student Support Services Program provides selected participants with supportive services including counseling, basic skills instruction, tutoring, and information concerning college admissions and financial aid. Program activities help students attain academic, social, and personal success.

ORIENTATION

Orientation will include a program designed for new and transfer students to introduce them to college life and aid in making adjustments. Topics will include general school regulations, school activities, academic policies, and academic advisement. All new students must take part in the orientation program.

TESTING

Holmes Community College is a test center for the American College Test (ACT), the Test of Adult Basic Education (TABE), College Level Examination Program (CLEP), and General Educational Development Test (GED). Applications for each of these tests may be obtained from the Guidance office.

The Guidance and Student Services Department provides a variety of specialized tests for students. The various tests are administered, scored, and interpreted as the need arises, and are used as counseling aids.

PLACEMENT

Placement activities are designed to aid both the academic student and the vocational-technical student. A supply of senior college information is available in the Career Center, and counselors are available to assist students in transferring. The vocational counselors assist the vocational-technical students in finding permanent employment.

HEALTH SERVICE

Holmes Community College does not employ full-time health personnel. However, first-aid treatment is available from your dormitory supervisor, campus police, the Vocational-Technical Administrative office, or the Student Services office. In case of sickness or injury of a more severe nature, contact the campus police officer on duty, the Dean of Student Services, or the Chief Student Services Officer on your campus. In an emergency situation, students may be taken to a doctor or hospital by a campus police officer, if available, or ambulance. Parents will be notified.

Students are encouraged to avail themselves of local health services whenever necessary. These include doctors' offices and local hospitals close to each campus.

Expenses for all medical treatment are the responsibility of each individual student.

STUDENT FINANCIAL ASSISTANCE

Holmes Community College offers a comprehensive program of financial aid to assist students in obtaining a college education. The following federal, state and institutional aid programs are available to HCC students:

Federal Pell Grants

Federal Supplemental Educational Opportunity Grants (SEOG)

Federal Workstudy (CWS)

Federal Stafford Student Loans

Federal Unsubsidized Stafford Loans

Federal Plus Loans

Mississippi Student Incentive Grants (MSIG)

HCC Achievement Performance Scholarships

HCC Development Patronage Scholarships

APPLICATION

Holmes Community College accepts the Free Application for Federal Student Aid for all types of Title IV Financial Aid. This packet is available through the Financial Aid Office on the Goodman, Grenada and Ridgeland Campuses or in most high school counseling centers. Students must list Holmes Community College, Goodman Campus or use school code 002408 to insure that the HCC Financial Aid Office receives notification of their interest in attending. There is a separate H.C.C. Financial Aid Application students must complete to be considered for the CWS, SEOG and SSIG Programs. Students who want loans must go by their local bank and request a Stafford Loan Application.

DEADLINES

Students are encouraged to apply early in the Spring prior to the start of the Fall Semester in order to complete the process and receive their award early. However, HCC will accept and process applications throughout the school year. Students applying for assistance should apply before June 1, if applying for aid in the Fall Semester. Students applying before the June 1 date will be given primary consideration within the limits of available funds.

POLICIES GOVERNING STUDENT FINANCIAL AID

Financial Aid is contingent upon admission to HCC as a regular student (all admission requirements have been met) at no less than half-time status except for the Pell Grant Program. Students may be less than half-time to receive the Pell Grant.

Be a U.S. citizen or eligible non-citizen.

Male students must be registered with selective service if required to do so.

Have financial need as determined by an approved need analysis (Student Aid Report).

Students must be making satisfactory academic progress as defined by HCC toward a degree or certificate. Failure to achieve satisfactory progress will result in termination of all federal financial aid offered to that student.

Not be in default on any loan or owe a refund on any grant made under Title IV of the Higher Education Act of 1965, as amended at any institution.

Financial assistance received will be used solely for educational purposes.

Aid recipients having attended other post secondary institution prior to HCC, are required to submit a Financial Aid Transcript from each institution attended.

The Financial Aid Office reserves the right on behalf of HCC to review and revise or cancel an award at any time because of change in financial

cial, marital, or academic status, or misuse of federal or institutional program guidelines and regulations. Be sure to notify the Office of Financial Aid in advance if you anticipate any of the above changes so that we may advise you of the status of your award.

Recipients of financial assistance from the college are to notify the Office of Financial Aid of any other scholarships, grants or loans extended to them from sources outside the college prior to acceptance of such outside aid.

Financial aid funds are disbursed on a semester-by-semester basis. Aid is credited to a student's business account at the college and the balance of the award, after the account is cleared, will be disbursed to the student after the mid-term period each semester. Refund checks not picked up at this time or before the end of that semester will be held for twenty days and then voided. All workstudy checks will be disbursed on a monthly basis.

Any student who withdrawals from school or drops below the maximum required hours may be required to repay a prorated amount of any financial aid disbursed to them before the withdrawal or drop. If the refund has not been made to the student, such refunds will be canceled since these funds could no longer be attributed to an educational expense. The Financial Aid Office counts the last date of attendance as the withdrawal or drop date.

If your offer of financial assistance includes employment under the provision of the College Work Study Program, it must be understood that the amount shown for this category is the amount of money you may expect to earn during the academic year as a result of work performed and the hours necessary to perform such work.

The college reserves the right to release to the U.S. Department of Education, state agencies, scholarship donors, and scholarship selection committees any information requested pertinent to this application (i.e. enrollment status, address, grade point average, and financial need.) However, HCC believes that application for and receipt of financial assistance is a confidential matter and information will not be released to any others without your written consent.

HOLMES COMMUNITY COLLEGE DISTRICT POLICY ON SATISFACTORY ACADEMIC PROGRESS FOR FEDERALLY FUNDED FINANCIAL AID

In order to remain eligible to enroll in college and receive Title IV financial assistance such as: Pell Grants, Supplemental Educational Opportunity Grants (SEOG), State Student Incentive Grants (SSIG), College Work-Study (CWS), Guaranteed Student Loans, and PLUS Loans, all students must progress satisfactorily towards completion of a chosen academic, technical or vocational program. This is a requirement established by the U.S. Department of Education and the U.S. Congress (subsidized and unsubsidized).

Satisfactory progress will be measured according to the following table for full-time and part-time students:

Cumulative Semester Hours Attempted	1-16	17-32	33-48	49-64	64 +	64 +	64 +	64 +
Cumulative Grade Point Average*	1.5	1.5	1.75	2.0	2.0	2.0	2.0	2.0

*The Cumulative G.P.A. requirements will be waived after any full-time semester which includes no drops if the student meets the hour requirement and has a G.P.A. for the current semester of 2.0 or greater.

Hours Attempted: The number of hours a student enrolls in will be considered as hours attempted. Withdrawal grades will be counted as hours attempted, whether W, WF, or WP.

Maximum Time: A student will not be eligible for any financial aid after six (6) full-time semesters regardless of G.P.A., hours attempted, or changes of program.

Cumulative Records: A student's entire academic record at Holmes Community College will be evaluated to determine eligibility for financial aid, regardless of whether or not he or she has received aid for all semesters.

Probation: Any student who fails to meet the standards will be given one semester of probation. During this probation semester, a student will continue to be eligible for financial aid.

Financial Aid Suspension: Upon completion of the probationary semester, all financial aid will be terminated unless the minimum standards are achieved.

Notification: Students who are placed on probation or suspension will be notified in writing from the Financial Aid Office.

Reinstatement: In order to be reinstated on financial aid, a student must attend at his/her own expense and attain the required hours and G.P.A. as required for satisfactory progress.

Transfer Student: Transfer students will enter with the same status for financial aid as an entering freshman.

Remedial Courses: Since students receive institutional credit and grades for remedial courses, they will be treated in the same manner as regular courses.

Repeating Courses: Students can only repeat courses one time and still have them considered in determining their enrollment status for purposes of receiving financial aid.

Incompletes: A student must remove an incomplete (I) grade within the two weeks following the grading period or the grade automatically becomes an "F". An incomplete (I) grade will have the same effect as a failing (F) grade with regard to quality points and hours attempted.

Non-Credit Courses: Non-credit courses will not count in hours attempted.

Withdrawals: Any semester in which a student withdraws for any reason will be counted as a semester of attendance and will count toward the number of semesters allowed to participate in financial aid. W, WF, and WPs will be counted as hours attempted.

Standards of Progress Review: All students records are reviewed at the end of each semester.

Appeal Process: Students failing to meet minimum standards who have extenuating circumstances or who have a reasonable basis for special consideration may appeal their suspension to the District Admissions Committee. This appeal should be in writing and presented at least one week prior to the beginning of the next semester. The appeal should be sent to the Director of Financial Aid, Holmes Community College, Goodman, MS.

Note: Financial aid suspension does not prevent a student from attending Holmes Community College if they are not on academic suspension.

For further information about the various financial aid programs, requirements, eligibility, student's rights and responsibilities, standards or progress, refund policy, etc., please refer to the Financial Aid Handbook or contact the Director of Financial Aid. The Financial Aid office is located on the first floor of the District Administration Building.

TYPES OF FINANCIAL AID

Grants

Grants are "gift aid" made available to students based on financial need. This type of aid does not have to be repaid. In order to apply for a grant to attend Holmes Community College, all students must complete the Free Application for Federal Student Aid, which is used to determine need, plus an H.C.C. Application for Financial Aid if they want to be considered for more than a Pell Grant. The three types of grants at Holmes Community College are described below:

A. Federal Pell Grant

The Pell Grant is a federal program which makes funds available to eligible undergraduate students attending an approved post-secondary institution. Application is made through the Free Federal Application. Be sure to follow the instructions carefully. Within three weeks of submitting the form, you should receive a SAR (Student Aid Report), which tells you whether or not you are eligible. Sometimes the report will need corrections. The Pell Grant is an entitlement grant, provided you are enrolled in a degree or certificate seeking program. The amount of the award will be based on your determination of eligibility, enrollment status, and the cost of attendance. Starting in the 1993-94 school year, less than half-time students may be eligible for the Pell

B. Federal Supplemental Educational Opportunity Grant (FSEOG)

This program is for the student who shows great need. Unlike Pell Grant, however, SEOGs are not entitlements. Schools have a set amount of funds for SEOGs and can award no more after those funds are used up. Only undergraduate students are eligible to apply, and in general they must be enrolled at least half-time in an educational institution participating in the program. Also, students must be eligible for the Pell Grant in order to receive SEOG funds. A school may choose to use up to 10% of its SEOG funds for less than half-time students. At Holmes Community College it is our policy to use this fund only on full-time/part-time students with 6 hours or more. The financial aid administrator determines the student's financial need and will award the student an SEOG in accordance with that need. An SEOG award cannot be less than \$200 an academic year. Students must complete the H.C.C. Financial Aid Application to be considered for this grant.

C. State Student Incentive Grant Program (SSIG)

This program is administered by the State of Mississippi through the Mississippi Post-Secondary Education Financial Assistance Board. The federal government puts up 50% of the funds and the State of Mississippi matches it. At Holmes Community College only full-time students who are Mississippi residents and who demonstrate financial need will be eligible because of the limited funds allocated to the institution. The amount of award will range from \$200 to approximately \$1,000 for an academic year. There is a special form the student must sign for this grant. The final approval of a grant is made by the Mississippi Post-Secondary Educational Financial Assistance Board; however, application for this program is processed by Holmes Community College Financial Aid Office. This program is similar to the SEOG Program in basic student requirements and eligibility. Awards for the SSIG Program are made in July.

D. Mississippi Resident Tuition Assistance Grant (MTAG) Program

The MTAG is a State-sponsored grant available to undergraduate student. Eligibility requirements include:

- The student must be a current legal resident of Mississippi for the four (4) year immediately preceding application for the MTAG
- The student must complete the Free Application for Federal Student Aid (FAFSA) or the Statement of Certification.
- The student must be receiving less than a full Federal Pell Grant
- As an entering freshman, the student must have a cumulative high school grade point average of 2.5 on a 4.0 scale and a minimum ACT of 15 (EXCEPTION: Students enrolled in a pre-program leading to a certificate are only required to meet the admission criteria for their specific program of study.)

- The student must be accepted on a full-time basis at an eligible institution.
- The student must maintain progress toward a degree with a minimum cumulative GPA of 2.5 on a 4.0 scale.
- The student must not currently be in default on a federal or state loan or owe a refund on a federal or state grant.
- The student must reapply annually.
- The student must meet other criteria as set by the eligible institution.

Award Amount: Up to \$500 annually for freshmen and sophomores; Up to \$1,000 annually for juniors and seniors.

Deadline To Apply: August 1

Other: The student must remain continuously enrolled on an annual basis, unless granted an exception, or the amount received will have to be repaid.

E. **Mississippi Eminent Scholars Grant (MESG) Program**

The MESG is a State-sponsored grant available to “first-time-in-college” students and renewal applicants only.

Eligibility:

- The student must be a current legal resident of Mississippi for the four (4) years immediately preceding application for the MESG.
- The student must be recognized as a semifinalist or finalist by the National Merit or National Achievement Scholarship Programs and have a minimum cumulative high school grade point average of 3.5 on a 4.0 scale; OR have a minimum score 29 on the ACT or its equivalent of 1280 on the SAT and have a minimum of cumulative grade point average of 3.5 on a 4.0 scale.
- The student must be accepted on a full-time basis at an eligible institution.
- The student must maintain progress toward a degree with a minimum cumulative GPA of 3.5 on a 4.0 scale.
- The student must not currently be in default on a federal or state loan or owe a refund on a federal or state grant.
- The student must reapply annually.
- The student must meet other criteria as set by the eligible institution.

Amount Of Award: Up to \$2,500 annually, not to exceed the tuition and mandatory fees.

Deadline To Apply: August 1

Other: The student must remain continuously enrolled on an annual basis, unless granted an exception, or the amount received will have to be repaid.

Student Employment

Federal College Work-Study Program — This program is authorized under Title IV of the Higher Education Act of 1965. The primary purpose of this program is to provide jobs for students who have financial need and who want to earn a part of their educational expenses.

The college work-study program is one of the most popular aid programs on campus. If it is offered, students have a chance to earn part of their college expenses and a chance to receive valuable work experience, possibly in their field of study. The actual number of hours a student works is determined by the student's need for financial aid. The financial aid office assigns jobs and processes the payrolls. In order to qualify, students must have been accepted on at least a half-time basis at Holmes Community College and must show academic promise and ability to maintain satisfactory progress toward a degree or certificate. The student must demonstrate need for financial assistance and must be a citizen or permanent resident of the United States. Starting in the 1994-95 school year Holmes Community College will use 5% of its CWS allocation for community service jobs.

LOANS

Low interest student loans are available to qualified students at HCC. Students loans, in general, must be repaid under some type of deferred repayment plan. All students who want to apply for any student loan must first complete the Free Application for Federal Student Aid. The student loan application may be picked-up at the student's bank, credit union, or savings and loan.

Federal Stafford Loan (FSL)

Description: This type of loan is a low-interest loan made to a student by a lender such as a bank, credit union, or savings and loan association. This loan is insured by the federal government.

Amount: Freshmen undergraduates may borrow up to \$2,625 per year, and sophomores up to \$3,500, while juniors and seniors can borrow up to \$5,500 per year, for a total of up to \$23,000. Graduates may borrow up to \$8,500 per year with an aggregate total (including undergraduate loans) of \$65,500. The amount of each loan may not exceed the school's estimate of educational expenses less financial aid from the school which includes such things as Pell Grants, CWS, SEOG, VA Benefits, Scholarships, etc., and your expected family contribution.

Loan Origination Fee: Lenders are currently authorized to deduct a loan origination fee from the loan proceeds.

Loan Eligibility: Effective October 17, 1986, the Federal Stafford Loan Program became a Need-Based Program like CWS and SEOG.

Interest Rates: The current interest rate is 7.43 variable up to 9 percent per year for first time borrowers.

Repayment: Loans have a minimum repayment of \$600 per year or a minimum of \$50 per month. Remember, the actual minimum repayment will depend on the total amount borrowed. Repayment begins six (6) months after the last date of half-time enrollment.

Deferment: Borrowers on the loan program may defer payment for up to three (3) years while in the U.S. Military Service, Peace Corp, VISTA, U.S. Public Health Service, National Oceanic and Atmospheric Administration Corp., and Medical Internship. Student Deferment may be granted when the borrower re-enrolls in college half-time or more.

The Federal Student Loan can be canceled only in the event of the borrower's death or permanent and total disability. These loans cannot be canceled or "forgiven" for military service or teaching.

Unsubsidized Federal Stafford Loans

This new loan program is available to eligible students, regardless of family income, for periods of enrollment beginning on or after October 1, 1992. The terms of the Unsubsidized Loans are the same as the terms for Subsidized Stafford Loans except as described below:

- A. **Interest Payment:** The government does not pay interest on your Unsubsidized Federal Stafford Loan. You must pay all of the interest that accrues on this loan during the time you are enrolled in school, during the grace period, and during periods of repayment and authorized deferment. There are two ways for you to pay interest during these periods: (1) you may make monthly or quarterly payments to your lender or (2) you and your lender may agree to add your interest to the principal of your loan, but no more often than quarterly. (This is called capitalization.) If you do not make an interest payment as scheduled while in school or during a period of authorized deferment your interest will be capitalized.
- B. **Federal Origination Fee/Insurance Premium:** You will be charged a 3.0% Origination Fee/Insurance Premium on each disbursement of your Unsubsidized Federal Stafford Loan.

Plus Loans

Federal Plus Loans may not exceed the student's estimated cost of attendance minus any estimated financial assistance the student has been or will be awarded during the period of enrollment. Parents should talk with their lender about deferment provisions, interest rates, repayment period, and fees. Starting on or after October 1, 1992, all Federal Plus Loan checks will be sent to the institution co-payable to the institution and the parent borrower. The institution is required to collect an Authorization document from the parent before releasing this check to anyone (student) other than the parent. The institution must verify the student's eligibility prior to forwarding the Federal Plus check to the borrower.

SCHOLARSHIPS

Achievement Scholarships

1. Board of Trustees Scholarship
2. President's Scholarship:
Academic, Vocational & Technical Students
3. Valedictorian and Salutatorian

Board of Trustees Scholarship: This scholarship is designed to cover the cost of tuition, room and board, fall and spring semesters only. Recipient must be full-time with an enhanced ACT composite of 28 or higher. The student must meet all admission requirements and maintain at least a 3.0 cumulative QPA in order to continue to be eligible to receive this scholarship. This scholarship does not cover the matriculation fee or the student activities fee.

President's Scholarship: This scholarship is designed to cover the cost of tuition at Holmes Community College with the exception of the matriculation fee and the student activities fee. It does not include room and board. It is available to full-time day students with an enhanced ACT composite of 20 or higher. The student must maintain at least a 3.0 cumulative Q.P.A. in order to continue to be eligible to receive scholarship funds.

REGULATIONS FOR BOARD OF TRUSTEES SCHOLARSHIPS AND PRESIDENT'S SCHOLARSHIPS

Out-of-state students are not eligible for this scholarship.

Students eligible for the Board of Trustees Scholarship would not be eligible for other H.C.C. scholarships, because a student cannot receive in scholarships more than the published cost of attending school per semester.

Students eligible for the President's Scholarship are also eligible for other scholarships, such as athletics, music, drama, valedictorian-salutatorian awards, etc., up to, but not more than the published cost of attending school per semester.

Student must have official ACT scores on file before award will be made.

Awards will be made to entering freshmen at the beginning of both the fall and spring semesters.

Awards will be made to transfer students at the beginning of the fall semester only.

Transfer students must meet the same ACT & Q.P.A. requirements as native students.

Students who re-test and become eligible for this scholarship after a registration deadline will not receive their award until the beginning of the next fall semester, provided they enroll as full-time students (evening and audit classes excluded).

Valedictorian and Salutatorian Scholarships: Valedictorians and Salutatorians from Mississippi High Schools are eligible for a \$100.00 award provided they have an Enhanced ACT composite score of at least 20.

SkillsUSA Scholarships: It is proposed that scholarships be awarded to the first place winners of the District SkillsUSA Contest in the areas of Auto Mechanics, Precision Machining, and Welding. These scholarships are valid for any vocational-technical program at Holmes Community College that students may choose. It is further proposed that scholarships be awarded to the first place winners in the State SkillsUSA Contest in the areas of Cosmetology, Air Conditioning/Refrigeration, H.C.C. area, the Scholarship Committee will select the recipients of these awards based upon scholarship applications received by the H.C.C. vocational-technical counselor from area high school counselors. The criteria for these selections will be determined by the scholarship committee and the vocational-technical department.

Diversified Technology Scholarship: This is a merit scholarship awarded to students who place first, second, or third in any competitive event at the technology Student Association's Annual Conference.

Students placing first will be awarded \$350 per semester. Second place winners will be awarded \$300 per semester. The scholarship may be applied to tuition, room and board, or any other expenses incurred by a full-time day student.

This scholarship is available only to Engineering Technology majors on the Goodman Campus who maintain a 2.5 cumulative quality point average.

Students eligible for the Diversified Technology scholarship are also eligible for other scholarships, such as athletic, music, drama, valedictorian-salutatorian awards, etc., up to but not exceeding the published cost of Holmes Community College.

Scholarship Regulations:

1. Awards will be made to first time entering freshmen at the beginning of the fall semester. Subsequent to the initial award, the scholarship will be in effect for three additional consecutive semesters provided appropriate requirements are met.
2. This scholarship is credited to the student's account after the sixth week of each semester. If the student withdraws or drops to part-time prior to this time, the scholarship will be voided and the student charged the regular fees.
3. This scholarship does not cover the matriculation fee or the student activities fee.

No out-of-state students are eligible to receive academic and technical scholarships.

Athletic Scholarships

Grant-in-Aid Scholarships are awarded in football, baseball, and basketball in accordance with the rules and regulations of the Mississippi Junior College Association and are limited to athletes in the Holmes Community College District. A limited number out-of-state scholarships are available. Applicants should contact the coach(es) of the sport in which they are interested at the college.

Cheerleader Scholarships

Scholarships are available to cheerleaders at a rate of \$400.00 per semester. This scholarship will be awarded on a semester basis. Cheerleaders are chosen by a faculty-staff committee with selection based on performance at tryouts held in the spring. Applications are available from the cheerleader sponsor.

Drama Scholarships

Scholarships are based on talent and performance. These scholarships, available to students interested in Drama, range from \$25 to \$100 per year, with awards being based on tryout performance and participation in the various presentations.

Journalism Scholarships

Scholarships are awarded to both the editor of the school newspaper, *The Growl*, and the yearbook, *Horizons*.

Music Scholarships

Band (Instrumental) scholarships are available to musically talented students who desire to participate in the Holmes Community College Band Program. Awards are made based on the performance and dependability of the student and on the particular band activities in which the student participates. (Marching, Concert, Pep, Jazz, HCC Dancers, Ensemble, Auxiliaries). Students may hold band and other scholarships concurrently.*

Choir (Vocal) scholarships are available to students who are musically talented who desire to participate in the HCC Choral Program. Auditions are required for all scholarships of this type. Awards are based on the performance of the student and on the particular choral activities in which the student participates (concert choir, Coachmen, or The Holmes Connection). Students may hold vocal scholarships concurrently with band scholarships.*

Keyboard (Piano and Organ) scholarships are available to students majoring in piano. Auditions are required for scholarships. Students may hold keyboard scholarships concurrently with other scholarships.

Students may receive music scholarships awards concurrently with other scholarships.*

**Holmes Community College
Development Foundation Scholarships**

The Belk Family Scholarship: This is given by Mr. and Mrs. Dewitte Belk of Kosciusko, Mississippi. Mr. Belk is a graduate of Holmes Community College and former president of the Alumni Association. Applicants must be from Attala County, with first consideration given to graduates of Ethel High School. The Scholarship Committee will select the recipient on the basis of financial need, academic potential, and leadership ability. The scholarship will be in the amount of full tuition charges.

Frank B. Branch Memorial Scholarship: This scholarship is given in honor of the late Frank B. Branch, former President of Holmes Community College. It is based on scholarship ability, leadership, character, and financial need. The award is made each year to a Grenada County student who is recommended to the Holmes Community College Scholarship Committee by his/her high school counselor.

The Dr. Paul B. Brumby Memorial Scholarship: This scholarship was established at Holmes Community College in honor of the late Dr. Paul B. Brumby, a life-long resident of Holmes County, former member of the Holmes Junior College Board of Trustees, practicing physician for over 50 years, and long-standing friend of this institution. This scholarship is awarded each year to the student recommended by the nursing faculty in the Holmes Community College Associate Degree Nursing Program at Grenada; also, a scholarship will be awarded each year by the Scholarship Committee of the Holmes Community College Development Foundation to a returning sophomore in the pre-baccalaureate Nursing Program at the Goodman campus. The awarding of this scholarship is based on professional attitude, academic achievement and need. In order to retain these scholarships from one semester to the next, the recipients must maintain a 3.0 grade point average.

The Evelyn H. Clark Memorial Scholarship: This is awarded in honor of the late Mrs. Evelyn H. Clark, former speech instructor and drama coach at Holmes Community College. The Scholarship Committee of the Holmes Community College Development Foundation will select a sophomore as the recipient of this award based on talent, scholarship, character, and dedication.

The F.C. Annie P. Dailey Memorial Nursing Scholarship: This Scholarship is given in honor of the late Mr. and Mrs. F.C. and Annie P. Dailey, a life-long resident of Grenada county. The award will be made to a nursing student attending the Grenada Center and who is a resident of Grenada county. The scholarship committee will select the recipient on the basis of scholarship ability, leadership, character and financial need. The recipient must maintain a 3.0 grade point average.

Gibson Family Scholarship: Scholarship requirements are as follows:

- Resident of Webster or Choctaw County
- High School Graduate with B average
- One-half of annual scholarship paid Fall Semester and remaining one-half paid Spring Semester.

The Kay Hodges Scholarship: This scholarship was established at Holmes Community College by the Hodges Family. Mrs. Hodges was the wife of Mr. Robert Hodges who was employed by Holmes Community College from 1967 to his retirement in 1984. This award will be presented to an entering freshman who is a resident of Madison County. He or she must be a high school graduate with an overall high school grade point average of at least 2.5. To be eligible a student must be enrolled as a two-year business major or a related field. This student must be recommended to the Holmes Community College Scholarship Committee by his/her high school counselor or principal.

Mr. and Mrs. M.C. McDaniel Scholarship: The Mr. and Mrs. M.C. McDaniel Scholarship was established at Holmes Community College by the McDaniel Family in honor of their father and mother. Mr. McDaniel was President of Holmes Community College from 1928 to 1940. This award, in the amount of \$400.00, is presented to a graduating student who plans to further his/her education, and who has made an outstanding contribution to the life and activity of Holmes Community College during his/her two years at the institution.

The Gayden Schrock Memorial Scholarship: Holmes Community College has established the Gayden Schrock Memorial Scholarship from proceeds of his estate. Mr. Schrock was a long-time resident of Attala county and the Schrock Community. A scholarship will be made at the beginning of each school year to a freshman who plans to continue his/her education at Holmes Community College. The selection of the recipient of the award will be based on scholastic ability, leadership, integrity, and need. The Holmes Community College Scholarship Committee will choose the recipient from applicants applying for the scholarship with letters of recommendations from high school counselors or principles. The recipient must maintain a 3.0 grade point average.

The Ray Moore Clower Scholarship: Dr. Starkey A. Morgan, President of Holmes Community College established The Ray Moore Clower Scholarship, son of noted humorist Jerry Clower. The scholarship will be given to either a Holmes freshman or sophomore, will be awarded at the beginning of each school year. Selection will be based upon academic ability, leadership, integrity and need.

The Doris S. and John W. Campbell, Sr. Memorial Scholarship:

This scholarship will be awarded at the beginning of each school year to a freshman from Yazoo, Madison, or Hinds County who plans to continue his/her education at Holmes Community College, Ridgeland Campus. The selection of the recipient of the award will be based on scholastic ability (18 or above on the ACT), leadership, integrity, and need. The recipient must maintain a 3.0 grade point average to retain the scholarship.

The Robert Cox Memorial Scholarship: This scholarship will be awarded to a graduating sophomore from Madison county who plans to continue his/her education at a senior college or university. The selection of the recipient will be based on scholastic ability, leadership, integrity, and need.

Bain & Corey Scholarship: This scholarship was established by the families of Clayton Bain and Lyle Corey of Grenada. The purpose of the scholarship is to encourage the development of a student of any age to be better prepared to contribute not only to her/her growth, but, also, to the growth of the community. It is a tuition scholarship for a Grenada County resident attending the Grenada Center as a full-time student. Students receiving other scholarships or financial assistance, excluding M-TAG and student loans, will not be eligible. The scholarship committee will select recipients based on commitment to learning, financial need, character and community spirit. The recipient must maintain a 2.5 grade point average to retain the scholarship.

Tim Cummins Memorial Lions Club Baseball Scholarship: This scholarship was established by the Kosciusko Lions Club and the Tim Cummins family. The scholarship will be awarded to a resident of Attala County and a member of the Holmes Community College baseball team. The scholarship recipient will be selected on the basis of need, leadership, character and scholastic ability. Students who wish to apply for this scholarship should contact the Director of Financial Aid or the Director of Athletics at Holmes Community College.

The 1950 HJC Championship Football Team Athletic Scholarship: This scholarship was established by members of the 1950 state football championship team. The scholarship will be awarded to a freshman or sophomore athletic student based on scholastic ability, leadership, character and financial need. The recipient must be a full time student and maintain a 2.0 grade point average. The selection of the scholarship recipients shall be coordinated through the HCC Foundation Executive Committee and the HCC Scholarship Committee.

Interested students may pick up applications from their high school counselors, vocational-technical counselors, Grenada and Ridgeland campus of Holmes Community College, or the office of the Equity Coordinator on the Goodman campus. Application deadline is in May of each year.

PATRONAGE SCHOLARSHIPS

The John C. Downey Scholarship: The Parker-Hannifin Corporation of Madison, MS has established a \$500.00 scholarship in honor of Mr. John C. Downey who as a valuable and honored member of that corporation for many years. The scholarship recipient must be a resident of Madison county, plans to attend Holmes Community College for two years and will be concentrating in one of the following fields: (a) CAD Drafting and Design, (b) Robotics, (c) Machining, CNC, Tool & Die, Maintenance, (d) Electronics, (e) Data Processing, and (f) Business.

The scholarship recipient will be selected by the Holmes Community College Scholarship Committee on the basis of financial need, academic potential, and leadership ability. The recipient must maintain a 3.0 grade point average.

Samuel O. Massey Medical Scholarship Fund: A fund established by Holmes Community College alumnus Dr. Samuel A. Massey, the monies allotted for scholarships are set aside to train those who wish to pursue training in any field of medicine that requires a degree: associate, baccalaureate, or graduate. While economic need is considered, it is not the sole criteria by which applicants are selected. Scholarship, leadership, and a willingness to donate 10 percent of their time, once admitted to the health-care community, to those in need of medical attention is also a consideration for those selected as recipients. Selection is made each spring by an independent board of directors, with board members representing Holmes Community College and the Massey family. The application deadline is March 1.

Trustmark National Bank Scholarship Program For Graduating Seniors: Trustmark National Bank of Jackson, MS has established a scholarship program for high school seniors from low income families in Hinds, Madison and Rankin counties who will attend Holmes Community College. To qualify for this scholarship for graduating seniors, a student must apply to Holmes Community College, be from a household with a combined income of \$20,000 or less, be a current high school graduate, have a "C" average or better, not have a record of disciplinary problems, and have a composite score of 14 or more on the ACT.

The Yazoo Rotary Club Vocational-Technical Scholarship: This scholarship is sponsored by the Yazoo City Rotary Club for a deserving Yazoo City Vocational-Technical student. To be eligible the applicant must be enrolled and scheduled to complete a vocational-technical program at Yazoo City Vocational-Technical Center. The applicant must plan to enroll as a full time student at Holmes Community College in a vocational or technical program. This scholarship is in the amount of \$500.00 to be paid in four installments of \$125.00 for each semester for a student enrolled in a two year program or two installments of \$250.00 each for a student enrolled in a one year program. Three letters of recom-

mendation must accompany the application. One of these letters must come from the high school counselor or principal and one letter must come from the applicant's vocational-technical teacher. A copy of the student's high school transcript must be sent to Holmes Community College. Students planning to enroll in a technical curriculum must also have an ACT score on file at Holmes Community College. The Holmes Community College scholarship committee will select the recipient of the scholarship. Deadline for receiving applications will be May 1.

The Peoples Bank & Trust Co. Senior College Scholarship: This Scholarship will be presented to a graduating student who plans to further his/her education in the field of Business.

The Toyota Technical Education Scholarships: Given by the Toyota Motor Co. USA, these scholarships are available to second year Automotive Mechanics students. The criteria for selection of these scholarships will be determined by the Automotive Department and the Vocational-Technical Administration.

The Kelly Gene Cook Scholarship: The Kelly Gene Cook Senior Charitable Foundation, Inc. has allotted scholarships to Holmes Community College starting in the fall of the 1994/95 school year. The selection criteria is as follows:

1. Demonstrate a financial need (must apply for financial aid at Holmes Community College)
2. Be in the top 25% of their high school graduating class with a GPA of 3.0 and an ACT score of at least a 19
3. Be an unmarried Mississippi resident without dependents
4. May major in any academic course of study except Physical Education
5. Must complete a minimum of 15 hours each semester and maintain at least a 3.0 average.

The nominees of the Cook Scholarship will be selected by the Holmes Community College Scholarship Committee from applications received from students and the recommendations from their high school counselors or principals.

The Michael Klauk Scholarship: This scholarship is given in honor of the late Michael Klauk, an exceptional pre-medical major and alumnus of Holmes Community College. The scholarship, initiated by Dr. Samuel A. Massey, is awarded at the beginning of each school year to a sophomore who has completed one year at Holmes CC and who plans to continue his/her education at Holmes CC. The selection, based upon scholastic ability in science and mathematics, financial need, integrity, and the student's goals, will be made by the faculty of the Department of Science and Mathematics. Students majoring in science and/or mathematics education will be given special consideration. Application is not required.

The ANEL Vocational-Technical Sponsorship Program: Anel Corporation, an established supplier of custom fabricated metal products, offers sponsorships to qualified high school students and beginning college students pursuing a career in their manufacturing field. They recruit young men and women who possess character, academic skills motivation, and the ability to benefit from advanced training. Full-time employment is available at the successful completion of training.

Ivey's Mechanical Company Scholarship: Ivey's, one of the world's largest plumbing contractors, has realized the necessity of employing workers who possess many skills and who are knowledgeable enough to work with modern technology. A system, much like an apprenticeship, has developed between the company and HCC. Ivey's surveys the district for young men and women who possess the basic skills and motivation to enter this industry. Provisions for summer employment are provided, along with a scholarship to attend HCC for one year. As soon as the student successfully completes the program, he will immediately be fully employed by Ivey's. Interested applicants should contact Ivey's in Kosciusko or the Director of Vo-Tech Education at the Goodman Campus.

Mississippi Manufacturers' Association Chairman's Award: This scholarship was given by the Mississippi Manufacturers' Association and President Dewitte Belk and will be awarded to a deserving sophomore on the Goodman Campus chosen by the Engineering Technology faculty. The scholarship award may be applied to tuition, room and board and any other expenses incurred by a full-time day student.

Students who would like to apply for scholarships should contact the Director of Financial Aid or the Director of Admissions for a Scholarship Application.

NOTE: The recipients of all scholarships will be selected by the Holmes Community College Scholarship Committee from applications received from students and the recommendations from their high school counselors or principals.

Other Financial Aid Resources

- 1) Veterans' Benefits
- 2) Vocational Rehabilitation
- 3) National Guard Educational Assistance

All grants (Pell, SEOG, and SSIG) will be paid after mid-term of each semester. All loans will be disbursed 30 days after the start of each semester. Students who withdraw or drop below full-time status will have their grants adjusted or removed accordingly. Students on college work-study will be paid once a month.

Achievement Scholarships and Performance Scholarships are awarded six weeks after school begins. No scholarships will be

awarded after the sixth week of school unless extenuating circumstances warrant. Please note:

1. A student who withdraws prior to this time is responsible for all charges owed to the College.
2. A student who is on disciplinary probation is not eligible to draw an Achievement or Performance Scholarship.
3. A dorm student receiving grants (Pell, SEOG, and SSIG) cannot receive over \$400 above the cost of attending school per semester. A day student receiving grants (Pell, SEOG, and SSIG) cannot receive more than the Pell Grant budgeted cost of attending school per semester.

For further information about the various types of Financial Aid, requirements, eligibility, students' rights and responsibilities, standards of progress, refund policy, etc., please refer to the Financial Aid Handbook, HCC Catalogue, or contact the counselor at the Grenada Center, Ridgeland Campus, or the Office of Financial Aid on the Goodman Campus. Please send all Financial Aid Forms to the Office of Financial Aid, Holmes Community College, Goodman, MS 39079.

STUDENT HOUSING (Goodman Campus Only)

There are five dormitories on campus providing space for 300 men students and 250 women students.

Dormitory rooms are generally filled before the end of summer. Two students are assigned to each room; however, three students per room will be assigned on a temporary basis when the need arises. Rooms which have been reserved will be held until 2:00 p.m. the afternoon prior to the beginning of classes.

Rooms are furnished with single beds, dressers, chairs, and desks. Each student is expected to furnish his own linens and is accountable for the care of the room and its furnishings.

Room reservations are made only after payment of \$20 reservation fee. This fee is non-refundable. Out-of-state and out-of-district students must reserve a room two weeks prior to the beginning of school.

RESIDENT HALL HOURS

All residence halls open at 4:00 p.m. Sunday afternoons and close at 4:00 p.m. Fridays. At the end of a semester or beginning of a holiday, students are expected to vacate dormitory rooms as soon as classes and/or exams are completed. Residence Halls are closed on weekends.

AUTOMOBILES ON CAMPUS

Students who wish to operate an automobile on the campus must register the car in the office of the Chief Student Services Officer. A sticker with a registration number is provided to the student.

Students must park cars in designated areas. Fines will be assessed for failure to do so. Continued abuse of regulations will result in withdrawal of permission to operate a vehicle on the campus. This applies to all students - dormitory and non-dormitory alike.

BOOKS

Books and supplies may be purchased from the book store located on your campus. By careful buying and use of books, the cost may be kept to a minimum.

MAIL SERVICE (Goodman Campus Only)

Students mail should be addressed to the student, Holmes Community College, P.O. Box (499-0000), Goodman, MS 39079. Students receive their mail through post office boxes in the Lorange Center. Students must register for a post office box with the Bookstore Manager.

STUDENT CONDUCT

Students are expected to conform to acceptable standards of decency, morality, courtesy; be truthful; respect the rights of others; be punctual and regular in attendance at classes and have regard for college property.

Guides for routine campus and dormitory life are provided for students through announcements, student meetings, bulletins, and student handbooks. Through action by the Administration a student may be excluded from further attendance where evidence indicates that a student participates in unacceptable campus conduct.

CONTINUING EDUCATION AND COMMUNITY SERVICES

The Division of Continuing Education provides opportunities for persons of the district who do not participate in the normal on-campus day program to continue their educational development. This is done through evening classes on every campus and at other locations in the district.

In addition, the division offers a wide range of special activities and community service programs including seminars, conferences, workshops, short courses, and other activities designed to meet particular needs.

VETERAN'S EDUCATIONAL BENEFITS

Students who plan to attend Holmes Community College under any type Veteran Educational Assistance Program should contact the VA Certifying Official on the campus they are attending. In order to be eligible for VA education benefits, a student must adhere to

policies established by the school as well as the State Approving Agency.

A revised statement of the standards of progress and attendance that apply to all veterans under Chapter 106, 30, 32, 34, and 35 of Title 38 is available to each student. A copy can be obtained from the Academic Dean's Office. This statement of revised standards of progress and attendance was approved by the State Approving Agency on August 19, 1998, and was implemented beginning with the fall semester of 1998. The statement is in compliance with VA Regulation 14253 (D).

CLUBS AND ORGANIZATIONS

Co-curricular activities are an important source of enrichment and recreation and contribute to campus life. Students are urged to participate in their area of interest.

Ambassadors. The Holmes Ambassadors is a recruitment team which serves as HCC representatives to help recruit future students and promote other services and activities of the college. Membership is by a selection committee.

Band. Offers participation in Marching Band (Rifle Corps, Flag Corps, Feature Twirling, Color Guard), HCC Dancers, Concert Band, Percussion Choir, Jazz Ensemble, Jazz Combo and Small Winds Ensemble performances in concerts, parades, half-time routines and pageantry entertainment. Open to all qualified students.

Baptist Student Union (BSU). The Baptist Student Union is an organization recognized on more than 1,100 campuses in the U.S. and in several foreign countries. Its purpose is to provide opportunity for an inward journey of spiritual growth and an outward journey of service to others. All students are welcome.

Cheerleaders. The purpose of the cheerleaders is to promote school spirit and interest in athletics. Tryouts for cheerleaders and mascots are held in late spring. Scholarships are available for these positions.

Coachmen. Coachmen is a select vocal ensemble that tours throughout the school year to area churches and high schools. Auditions are held the first full week of classes during the fall semester. Scholarships are available.

Concert Choir. The choir is a vital part of the Fine Arts department. It is open to all students during the fall semester. An audition is required for entrance in the spring semester. Scholarships are available.

Cosmetology Club. The purpose of the club is to promote good public relations and to learn professional practices and business ethics. There are many activities including field trips. The club is open to members of the cosmetology class.

Creative Arts Club. The Creative Arts Club provides students interested in writing, art, music, and drama an opportunity to meet, discuss interests, and share works in progress. Opportunities are provided for students to hear professionals in these fields. Students are encouraged to submit works to the Mississippi Community College Creative Writing Association Competition and to attend the annual workshop. Field trips are also encouraged.

Delta Epsilon Chi (DECA). Delta Epsilon Chi is an organization for students majoring in Marketing and Management. Activities include emphasis on leadership development, social intelligence, civic consciousness, and vocational understanding. Students attend seminars and state and national conferences.

Delta Psi Omega. Delta Psi Omega is the national drama fraternity in community colleges. It is organized to give special recognition to those students who have made outstanding contributions to drama. It promotes the dramatic arts. It is open to all students who have completed the required number of working hours in drama.

Fellowship of Christian Athletes (FCA). FCA is a Christ-centered (Bible based, spiritually nurturing, church involved), school identified (athletically focused, volunteer intensive, U.S. bordered), and faith financed organization. FCA's mission is "To present to athletes and coaches and all whom they influence the challenge and adventure of receiving Jesus Christ as Savior and Lord, serving Him in their relationships and in the fellowship of the church." 100,000 athletes meet nationwide on a regular basis.

Forestry Club. This organization is intended to provide personal and social opportunities for those persons interested in natural resources. Programs with resource professionals and other activities are planned to assist individual students in discovering their abilities, interests, and aptitudes relative to forest, wildlife, and recreation management. Membership is open to all HCC students.

Health Occupations Students of America (HOSA). HOSA is a national vocational student organization. The purposes of HOSA are twofold: to help students acquire the knowledge, skills, and behavior essential in preparing for a health career and to encourage leadership development, patriotism, and service. Under the direction of the classroom instructor, members strengthen their leadership and citizenship abilities through interaction with business, professional, and other student organizations.

The Holmes Connection! This group is a select vocal/dance ensemble that operates with a full lighting and sound crew. This ensemble is highly visible throughout our state and nation performing as many as 35 concerts a year. Auditions are required and being selected to this group offers outstanding scholarships.

Holme-Towne Players. This club is organized to let students participate in acting, publicity, and backstage work. It is known for its fine quality of production and is open to all students.

Math and Combined Sciences Club. MACS is an organization of students interested in the areas of math, biology, zoology, chemistry,

physics, and computer science. Its purpose is to provide a social gathering for those interested in these areas. The club sponsors activities, events, lectures, and programs that are open to all students taking upper math or science courses. All students are welcome to attend MACS meetings.

Phi Beta Lambda. Phi Beta Lambda is organized to promote business leadership and to create interest and understanding in the intelligent choice of business occupations. Membership is open to all students enrolled in one or more business subjects, including business law, accounting, economics, statistics, and Business and Office and Related Technology Programs.

Phi Theta Kappa. Phi Theta Kappa is the international scholastic honor society for community colleges. Its purpose is to recognize intellectual achievement, and to promote character, leadership, and friendship among community college students. Membership is extended by invitation to full-time academic/technical students who have previously attended Holmes CC as full-time students for at least one semester and have a cumulative G.P.A. of 3.5 or higher.

Pi Sigma Eta. Pi Sigma Eta is a national morticians' fraternity which promotes fellowship, and individual and collective efforts toward a better understanding of the Funeral Service profession.

Religious Clubs. The BSU and the Wesley Foundation aim to foster Christian faith and fellowship. All students are welcome at meetings and activities.

SkillsUSA. Established for the purpose of encouraging, through club activities, the development of the "whole student," i.e., social and leadership abilities as well as skills. Open to all students enrolled in vocational and technical courses.

Students Against Destructive Decisions (SADD). "SADD enables concerned, responsible students to respond in a proactive way to the major killer of their age group—drunk driving. We hope to help eliminate drunk driving and save lives. Promotes responsible choices by college students related to drunk or drugged driving and other high risk behaviors." Officers will be elected in the fall of each year.

Student Government Association. Composed of officers and representatives elected by the student body, the SGA serves as mediator between the faculty and student body and assists in student activities.

Student Nurses' Organization. This is a chapter of the National Student Nurses' Association. Among other purposes, the organization represents professional nursing students to the school administration, and to other campus organizations. Nursing students are

encouraged to join and participate in this organization through which they can receive support through-out their nursing education. Membership is open to students enrolled in clinical nursing courses.

PUBLICATIONS

Holmes Community College fully supports, encourages, and provides financial and material resources needed to publish official school publications. The college's administration fully supports, within the restraints imposed by budgetary considerations, activities by students and instructors to make publications viable and relevant parts of the college's three campuses.

Censorship is not imposed upon publications nor are there in place guidelines specifying what will and will not be printed in school publications. The college administration supports the efforts of the student publication staffs to be creative, original, and actively pursue goals of being representative of and speaking for the student body.

The GROWL, official student newspaper of HCC, is published monthly during the fall and spring semesters. The student paper is designed to inform the Holmes Community College campuses and their nine-county district about HCC activities. Also, the paper serves as a workshop or practical laboratory for students interested in news writing, editing, typography and advertising. A student may earn one hour credit working on *The GROWL*.

To help defray publication expenses, all students are required to subscribe to *The Growl*. These costs are included in registration fee.

Horizons is primarily a pictorial yearbook of Holmes Community College which captures the activities of its student, faculty, administration and staff. The yearbook is produced by students who earn one hour of credit for their work.

Any student interested in working with the yearbook staff is encouraged to participate. Students who have worked on a high school yearbook as well as inexperienced students can participate in an enjoyable activity by joining the *Horizons* staff.

Reflections, published once each year, includes the best creative work submitted by HCC students. Work appearing in *Reflections* is judged by the members of HCC English Department and a panel of students of the *Reflections* staff. Manuscripts are invited from students in all departments.

PROGRAMS OF STUDY

ACADEMIC EDUCATION

A Holmes Community College student who plans to transfer to a four-year college may enroll in courses equivalent to those taken by freshman and sophomores at the senior college. HE OR SHE SHOULD OBTAIN A COPY OF THE CATALOG OF THE COLLEGE TO WHICH HE OR SHE PLANS TO TRANSFER AND USE IT AS A GUIDE IN SELECTING HIS OR HER COURSES.

The following programs and courses are representative of those required for the most frequently chosen majors. Substitutions may be made in any of the following programs if necessary to meet the requirements of a particular college. A student is not limited to the programs outline on the following pages. By proper selection of his/her courses, he may meet the lower division requirements of many other academic majors.

ACADEMIC EDUCATION PROGRAMS

AGRICULTURE	PRE-LPN
ART	PRE-MEDICAL & PRE-DENTAL
AVIATION MANAGEMENT	PRE-MEDICAL TECHNOLOGY
BIOLOGICAL SCIENCE	PRE-NURSING (B.S.)
BUSINESS ADMINISTRATION/ ACCOUNTING	PRE-PHARMACY
COMPUTER SCIENCE	PRE-PHYSICAL THERAPY
ELEMENTARY EDUCATION	PRE-VETERINARY
ENGINEERING	SECONDARY EDUCATION:
FORESTRY AND WILDLIFE	BIOLOGY/SCIENCE
INDUSTRIAL TECHNOLOGY	ENGLISH/SOCIAL SCIENCE
LIBERAL ARTS CORE	MATHEMATICS
MATHEMATICS	MUSIC-INSTRUMENT
PRE-CYTOTECHNOLOGY	MUSIC-PIANO
PRE-DENTAL HYGIENE	MUSIC-VOICE
PRE-HEALTH INFORMATION MANAGEMENT	PHYSICAL EDUCATION
PRE-LAW	TECHNOLOGY TEACHER
	*NURSING, ADN

Not all programs are available at all campuses. A student interested in attending any location should contact a counselor prior to the beginning of the term for a schedule of the classes. See inside front cover for phone numbers and addresses.

*AAS is awarded for this program. But it is not a Technical curriculum

PROGRAMS OF STUDY

Agriculture

Most law schools require a baccalaureate degree before admission, although they do not prescribe a specific curriculum. Applicants are advised to select a degree which prepares for an alternate career and which utilizes the student's acquired skills and talents. Courses should also prepare the student for community leadership and should focus on the kind of specialization that interests the individual. The program outlined above is suitable for a Liberal Arts-Political Science major or an "undecided" major.

Program Description: The purpose of this curriculum is to improve the academic foundation of LPN applicants. It is designed to be flexible enough to provide for individual needs such as preparing for an ACT re-test, reviewing basic skills, or completing some of the required courses for future upgrade to ADN or BSN. Substitutions may be made with the prior written approval of the Pre-LPN advisor and the District Vice-President for Academic Programs.

Students who complete this program by

1. earning a minimum of 31 semester hours at Holmes Community College,
 2. earn a "C" or higher in each course,
 3. earn a 2.5 Q.P.A. or higher
- will receive 4 points on the LPN Admission Scale.

Pre-LPN Advisors:

Goodman – Janice Richardson

Grenada – Joe Fondren

Ridgeland – Becky Pugh

This curriculum is designed to meet the admission requirements of the following Schools of Nursing:

University of Mississippi Medical Center
Delta State University
University of Southern Mississippi

Students must complete all admission requirements before transferring. Other Schools of Nursing may have different admission requirements. Students interested in other schools should consult with the Pre-Nursing Advisor or follow the most recent addition of the chosen school's catalog when planning their schedule.

All Schools of Nursing in the state of Mississippi have limited class sizes with competitive admissions. Students should start the application process early in their sophomore year.

This curriculum is designed to meet the admission requirements of the School of Health Related Professions at the University of Mississippi Medical Center. All programs at the Medical Center are upper division. Students must complete all admission requirements before transferring. Students should consult the most recent Medical Center catalog when planning their schedule.

All programs at the Medical Center have a limited class size with competitive admissions. Students should start the application process early in their sophomore year.

*Select from Sociology, Economics, Political Science, or History.

Enrollment in NUR courses is limited to students who have been admitted into the ADN program. Nursing courses must be taken in sequence. The prescribed curriculum plan is to be followed unless exceptions are approved by the ADN Director and Academic Dean. Once students are accepted into the program, they are required to take all remaining coursework with Holmes Community College. Students are required to enroll for a minimum of 12 semester hours each fall semester provided coursework is available for which they do not have prior credit.

Graduation with an Associate of Applied Science Degree from the ADN Nursing program qualifies the graduate to apply to the Mississippi (or other state) Board of Nursing to write the National Council Licensure Examination for Registered Nurses (NCLEX-RN). That board of nursing will process the application. Applicants are subjected to the **State of Mississippi (or other state) Law and Rules and Regulations: Regulating The Practice of Nursing in Mississippi.**

Associate Degree Nursing Program

Accelerated Programs for LPN

Individuals who have completed an accredited practical nursing program and hold the practical nursing licenses may be eligible to enter the Accelerated Program for LPN; i.e. upon completion of this program, the student is qualified to write the National Council Licensure Examination for Registered Nurses (NCLEX-RN). There are three options:

Option One - 12 Month Program

*Criteria for Admissions: The applicant must have a score of 11.9 or greater on the Nelson-Denny and an 18 or higher on the ACT. Applicants must take an exam, which provides data to individualize the transition course to the student's individual need.

Prerequisites: BIO 1514, BIO 1524, ENG 1113, EPY 2533, PSY 1513, HEC 1253. Students will be awarded 6 hours credit for previous academic practical nursing work. Total credit for prerequisites and awarded credit is 29 hours.

Option Three - Two-Year Program

*Criteria: Students with ACT scores of 16 or 17 will be considered. Their admittance will be based upon their academic record in their practical nursing program and/or their job performance. The program of study for Option Three is the same as the regular Nursing ADN program on page 124.

*Other factors may be considered, such as academic record and clinical experience.

TECHNICAL EDUCATION

Technical education programs represent a blending of general academic and technical specialty courses. They are offered on a semester-hour basis.

The technical programs lead to an Associate of Applied Science Degree with the option of university transfer and a bachelor's degree in a related field. Some programs, however, contain courses which may not apply toward a bachelor's degree.

The student who completes a technical education program will be prepared to enter the work force at a level of the semi-professional or technician. The demand for trained people at this level is very great and is expected to become greater.

Work-Based Learning is available to students enrolled in vocational/technical programs.

TECHNOLOGY PREPARATION (Tech Prep)

The primary purpose of the Tech Prep program is to provide to students a non-duplicative sequence of progressive achievement leading to competencies needed for satisfactory performances in meeting educational and employment standards.

The Holmes Community College District collaborates with district secondary schools to plan, organize, develop and implement a tech-prep program in Technology Education. The specific purpose is to develop a combined secondary and postsecondary program which:

- 1) leads to an associate degree or 2-year certificate;
- 2) provides technical preparation in at least one area of technology education;
- 3) builds student confidence in applied mathematics, applied science, and applied communications through a sequential course of study which includes academics;
- 4) leads to placement in employment.

The tech-prep program is designed to provide the opportunities for the elimination of duplicated learning; better use of instructional resources; more effective technology programs; a better educated student through enhanced educational opportunities that contribute to living and working in a technological society; and to enhance the economic development process of the district.

Procedures for Advanced Placement Credit in Vo-Tech Programs

High school seniors who are enrolled in a vocational-technical program and plan to enroll in the same program at Holmes Community College may earn Advanced Placement Credit in Vo-Tech programs where articulation agreements exist. Satisfactory performance on departmental competency exams is required. For a set of application forms and guidelines, contact:

Vice President for Community & Work-Force Development
Holmes Community College
412 West Ridgeland Avenue
Ridgeland, MS 39157

Work-Based Learning Program Description

Work-Based Learning is a program that offers supervised work experience for Vocational/Technical majors. The curriculum blends academic and Vocational/Technical classroom learning with work-site experience to prepare students for high quality jobs requiring technical skills or for further education or advanced training.

Students must be employed in their field of study. Total clock hours at the work-site are logged and certified by the Work-Based Learning Coordinator. All course requirements are monitored by the Work-Based Learning Coordinator. Six semesters of Work-Based Learning are offered with 1 - 3 semester hours credit available per semester/summer session.

PROGRAM DESCRIPTION: **Automotive Technology** is an articulated certificate/technical program designed to provide advanced and technical skills to its students. The instructional program prepares individuals to engage in the servicing and maintenance of all types of automobiles. Instruction is included in the diagnosis of malfunctions in and repair of engines; fuel, electrical, cooling, and brake systems; and drive train and suspension systems. Also instruction is given in the adjustment and repair of individual components such as transmissions and carburetors.

*Students seeking a certificate only are not required to take this course

**See "Requirements for the AAS Degree", page 54.

TOYOTA OPTION

The Toyota Technical Education Network is a curriculum which incorporates on-the-job experience with classroom theory to prepare students for employment in today's automotive industry. Through problem solving and hands-on experience, students are exposed to the latest technology and servicing of the various systems on Toyota products.

Automatic Transmission	AMT 2623
Manual Transmission/Transaxle	AMT 3013
Suspension Steering	AMT 4523
Brake Systems	AMT 5503
Electric Mastery	AMT 6223
Body Electrical Diagnostic	AMT 6523

E.F.I. & T.C.C.S. Engine Control	AMT 8503

Certificates for the above listed courses are awarded by the Toyota Corporation. These courses can only be taken in conjunction with the Automotive Technology Curriculum. No institutional credit is awarded for these courses.

Business & Office & Related Technology & Computer Information Systems Technology

The Business and Office and Related Technology program includes a basic core of courses designed to prepare a student for a variety of entry-level positions through selection of a concentration of 64 to 67 semester credit hours in the following areas and to earn an Associate of Applied Science degree:

Programs and Locations	Goodman Campus	Grenada Campus	Ridgeland Campus
Accounting Technology	X	X	X
Computer Network Support Technology			X
Computer Programming Technology		X	
Medical Office Technology	X	X	X
Microcomputer Technology	X	X	X
Office Systems Technology	X	X	X

The Business and Office and Related Technology curriculum is designed to give each student:

- a broad overview of the entire office function, not only his/her individual position
- an opportunity to investigate the intergration of systems—people and technology
- an exposure to career options available within the office which involves the coordination of people, equipment, and resources as well as an opportunity to recognize the relationship between worker and supervisor
- a concentration of skills in a specific area
- preparation for entry level employment and advancement in computer programming and systems analysis

Business and Office and Related Technology are two-year programs of study which require courses in the vocational-technical core, designated areas of concentration, and the academic core. The Associate of Applied Science degree is earned upon the successful completion of one of the Business and Office and Related Technology curriculum. Successful completion of the first year of Accounting, Medical Office Technology, Microcomputer Technology, or Office Systems Technology entitles a student to receive an Office Assistant certificate.

Any student who did not satisfactorily complete one of these programs or who does not demonstrate and/or document mastery of identified competencies will be enrolled in one or more additional basic skills courses.

Students who lack entry level skills will be provided related studies.

Note: A minimum grade of "C" is required in each programming course before a student may continue in the Computer Technology program or receive a certificate.

To be admitted to the Computer Technology (two-year) program, a prospective student must meet the following requirements in addition to the general admission requirements of the school district.

1. Minimum composite ACT score of 16.
2. Minimum ACT score on math and reading comprehension sections of 16.
3. Score of "C" or better on PAT or SRA programming aptitude test.

*See "Requirements for AAS Degree", p. 54.

Computer Network Support Technology (LAN) is a two-year program which offers training in telecommunications, network administration, and client/server systems. An Associate of Applied Science degree is earned upon successful completion of the Network Support curriculum. Successful completion of the first year entitles a student to a certificate in Network Operations. A minimum composite ACT score of 16 is required for admission into this program. An applicant having previously earned college credit must have a minimum 2.0 grade point average.

PROGRAM DESCRIPTION: **Collision Repair Technology** is an articulated certificate/technical instructional program designed to prepare students for entry level into the Collision Repair and Refinishing trade. Upon completion of this program, the student should be prepared for beginning positions as body, frame, and refinish technicians. Students will be provided theory and practical repair and refinish work beginning with basic applications and progressing on to heavy collision repairs requiring major body and frame alignment and panel replacement. The instruction includes all phases necessary to teach collision repair including glass replacement, welding, replacement of hardware and trim items, cosmetic, and structural repairs.

PROGRAM DESCRIPTION: The Emergency Medical Technology – Paramedic (EMT-P) training program was developed in response to the growing need for advanced life support (ALS) providers in the pre-hospital setting. The EMT-P is a caring health care professional possessing special skills in advanced life support which may be utilized under a supervising physician through established protocols and direct communication via radio or telephone.

The EMT-P training program is a post-secondary program drawing its students from individuals already possessing a valid EMT-Basic license and sponsored by an established ALS provider service. Each student must be 18 years or older and possess a high school diploma or GED certificate.

This program is a five-semester program with an exit point at the third semester, requiring a minimum of 500 clock hours of classroom instruction, 250 clock hours of clinical internship, and 150 clock hours of field internship. (47 Semester Credit Hours). A student successfully completing the program requirements will be eligible to take the National Registry's Exam as an EMT-Paramedic. Those trained to the Paramedic level may receive an associate degree provided they take the required additional academic courses. (26 Semester Credit Hours) (73 Semester Credit Hours for complete A.A.S. program).

Classroom instruction is comprehensive including a working knowledge of all anatomy, physiology, and pathophysiological processes as well as competency-based instruction in assessment and management skills required for treatment of life-threatening problems in the adult, pediatric, and geriatric patient. Clinical internship requires participation in care of patients in a hospital emergency department that provides medical control to ALS providers in the field and, according to availability, CCU, ICU, labor and delivery suite, operating room, psychiatric ward, pediatric ward, and geriatric ward. Field internship is done with an ambulance service and/or rescue service providing advanced life support services to the community.

Although this is an EMT-P training program, the first semester of instruction adequately covers all objectives mandated by the National Standard Training Curriculum of the Department of Transportation. Therefore the student who has successfully completed the first semester's work and is recommended by the program's medical director may apply for a seat in the National Registry's Exam as an EMT-Intermediate. If successful in this challenge, the student would then qualify to petition the State of Mississippi for an EMT-Intermediate license. The student may exit the program at this point or continue for paramedic certification.

This training program is sanctioned by the Mississippi State Department of Health, Office of EMS, and the State Paramedic Committee and the curriculum is subject to change as directed by those agencies. The program meets or exceeds those standards established by the National Highway Traffic Safety Administration/U.S. Department of Transportation.

Engineering Technology

Goodman Campus

Program Description

The Engineering Technology Department offers six areas of concentration. Each area leads to an Associate of Applied Science Degree with the options of university transfer and a bachelor's degree in any of these areas.

The Department also offers a university parallel program in Technology Teacher Education which is designed to meet teacher certification requirements in the field of Technology Education upon completion at a four-year institution.

The **Architectural Engineering Technology** program educates future Architectural Engineering Technologists in the process of producing design projects from schematics through construction. The program is designed to prepare its graduates for employment in architectural related firms, including architects' offices, design-builders, engineer-related firms, governmental agencies, real estate development firms, planning offices and architectural material suppliers and manufacturers.

Upon successful completion of the curriculum, the graduate will earn an Associate of Applied Science Degree (AAS) in Architectural Engineering Technology. The curriculum also has the option of transfer to a four-year university offering a related course of study thereby leading to a Bachelor of Science Degree (BS) in Architectural Engineering Technology.

The **Construction Engineering Technology** program emphasizes the management aspects of the construction industry. Construction is the largest and most diversified industry in the country, accounting for approximately 10 percent of the gross national product. The key professional in this vast expertise is the construction manager. The construction manager has final responsibility for planning, scheduling, and building projects designed by architects and engineers. Graduates of this program are employed in both office and field positions in the commercial, industrial, utility, highway, and residential sectors.

Upon successful completion of the curriculum, the graduate will earn an Associate of Applied Science Degree (AAS) in Construction Engineering Technology. The curriculum also has the option of transfer to a four-year university offering a related course of study, thereby leading to a Bachelor of Science Degree (BS) in Construction Engineering Technology.

The **Drafting & Design Technology** program prepares individuals to enter the world of work assisting Architects, Engineers, Contractors, and other related fields. Job opportunities in these fields are numerous. The program uses both manual and CAD (Computer Aided Drafting & Design) techniques to allow the individual student a broad based background in the drafting & design market.

Upon successful completion of the curriculum, the graduate will earn an Associate of Applied Science Degree (AAS) in Drafting & Design Technology. The curriculum also has the option of transfer to a four-year university offering a related course of study thereby leading to a Bachelor of Science Degree (BS) in Trade & Technical Studies.

The **Mechanical Engineering Technology** major is concerned with practical application of engineering principles to the design, operation and testing of mechanical equipment and systems. Fields of study include robotics, solar energy, strengths of materials, machine design, computer programming and applications, fluids, hydraulics, air conditioning design, manufacturing materials and processes, and personnel supervision. Graduates are able to solve problems involving the choice of materials, mechanical design, selection of manufacturing process, as well as economic and personal considerations.

Upon successful completion of the curriculum, the graduate will earn an Associate of Applied Science Degree (AAS) in Mechanical Engineering Technology. The curriculum also has the option of transfer to a four-year university offering a related course of study thereby leading to a Bachelor of Science Degree (BS) in Trade & Technical Studies.

PROGRAM DESCRIPTION: **Forest Technology** is an intensive program of instruction and training to prepare individuals for service in different aspects of forest management operations. Major topics of the program include: the role of foresters in society; the identification and valuation of forest and ornamental woody species; the manipulation of forest stands to produce specific benefits; the impacts of fire, insects, and disease in forest stands; forest measurement and mapping methods; and timber harvesting and utilization systems. Emphasis throughout the program is placed upon developing strong communication skills through written and oral assignments and upon developing a professional attitude of conduct.

Work Based Learning in Funeral Services Technology .. WBL 191(1-3)

PROGRAM DESCRIPTION: The **Funeral Service Technology Program** is a structured series of of course experiences. The goal of the program is to provide training that prepares students for entry-level positions after graduation and licensure.

Aims and Purposes

- To increase knowledge about the Funeral Service Profession.
- To provide a curriculum at the post-secondary level which utilizes innovative instructional practices and technology.
- To educate students and promote skill development in each phase of the Funeral Service Profession.
- To encourage research in the field of Funeral Service.
- To emphasize high standards of ethical conduct.
- To comply with public health safety and regulatory guidelines.
- To identify and explore career options within the Funeral Service Industry.

The Funeral Services Technology program is accredited by the American Board of Funeral Service Education.

*Must be taken during the last semester of coursework. Each FST course must be passed with an overall grade of 75 in order to graduate and complete the program.

Heating and Air Conditioning Technology is an articulated certificate/technical instructional program that prepares individuals to work in engineering departments or private firms installing, maintaining, and operating small or medium air conditioning, heating, and refrigeration systems. Instruction prepares individuals to work in a commercial organization performing special tasks relating to designing ductwork, assembly, installation, servicing, operation, and maintenance of heating and cooling systems according to the standards of the American Society of Heating, Refrigeration, and Air Conditioning Engineers, Inc. and Air Conditioning Refrigeration Institute (ARI). Included are air conditioning, heating, and refrigeration devices; equipment, techniques, and systems; and maintenance and operation of these systems.

Machine Tool Operation Technology is an articulated certificate/technical instructional program to provide advanced skills to its students. The instructional program prepares individuals to shape metal parts or machines such as lathes, grinders, drill presses, and milling machines. Included is instruction in making, computations related to work dimensions, testing, feeds, and speeds of machines; using precision measuring instruments such as layout tools, micrometers, and gauges, machining and heat-treating various metals; and in laying out machine parts. Also included is instruction in the operation and maintenance of computerized equipment.

*Students seeking a certificate only are not required to take this academic course.

The Occupational Therapy Assistant curriculum is a two-year program of study that prepares an individual to work under the direction of a certified Occupational Therapist to administer treatment pertinent to restorative, preventive, and maintenance programs. The focus is on the development and maintenance of capacity to perform those tasks essential to productive living and to the mastery of self and the environment. Students are provided with Level I and II Fieldwork experiences to further their knowledge and skills through demonstration and application. Clinical Fieldwork sites will be available in several states, including Mississippi. It is the responsibility of each student to pay for room, board, and other travel expenses. This program prepares the graduate to practice in a variety of health care settings as a member of the health care team. Opportunities for employment are varied and extensive. Admission to the program is selective and competitive.

Program Accreditation Status

The Holmes Community College Occupational Therapy Assistant Program is in the process of accreditation with the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at the following address:

4720 Montgomery Lane
P.O. Box 31220
Bethesda, MD 20824-1120
Phone Number: (301) 652-AOTA
website: www.aota.org

Professional Certification

Graduates of the Occupational Therapy Assistant Program are awarded the Associate of Applied Science Degree. Upon program accreditation by ACOTE of AOTA, students will be eligible to sit for the national certification examination for the Occupational Therapy Assistant that is administered by the National Board of Certification of Occupational Therapy (NBCOT).

Technical Phase (MS Baptist Medical Center)
Radiography Technology Program
Completion & Registration RCT 2932 32 hrs.

Program Description: Holmes Community College and MS Baptist Medical Center have designed this program as an associate degree path for those people interested in a JRCERT accredited diploma program in Radiography (Radiology) Technology.

Students who have completed the prescribed 32 semester hours of general and related education (**16 semester hours of which must be completed at Holmes Community College**) may apply for the technical phase of the program. Entrance into the technical phase is on a competitive basis according to the admission requirements of MS Baptist Medical Center.

Holmes Community College will record credit for RGT 2932 (32 semester hours) and the Associate of Applied Science degree will be awarded upon completion of the following:

- 1) receipt of an official program completion document from MS Baptist Medical Center
- 2) receipt of an official document from the American Registry of Radiologic Technologists confirming current registration.

Surgical Technology is an instructional program that prepares an individual to serve as a member of the surgical team to work with surgeons, anesthesiologists and certified registered nurse anesthetists, registered nurses, and other surgical personnel in delivering patient care and assuming appropriate responsibilities before, during, and after surgery.

Graduates of the 12-month program will be awarded the Certificate of Surgical Technology. The Associate of Applied Science Degree in Surgical Technology will be awarded the successful graduate of the 24-month program. Qualified graduates may apply to the Liasion Council on Certification for the Surgical Technologists to take the Surgical Technologist Certifying Examination and become a Certified Surgical Technologist.

Successful completion of any semester of study must include 75% mastery of each subject in order to progress to the next semester. Some courses may require training at local clinical facilities. Graduation requirements include completion of the prescribed clock hours as mandated by the Mississippi State Department of Education.

VOCATIONAL EDUCATION

The Division of Vocational Education provides programs of study, facilities, and instruction of high quality to every youth and adult who possesses the desire and capability to acquire the knowledge and skills which will enable him or her to successfully enter and compete in the world of work. Specific occupational training is offered in eight courses of study, each having the objective of aiding students in developing those skills, attitudes, understandings, work habits, and knowledge which will lead to a productive, personally satisfying, and socially useful life.

VIDS — Vocational Individualized Development System. As a support service of Vocational-Technical Education, VIDS will assist students in correcting basic skill deficiencies. Students who function below the tenth grade (as ascertained by standardized testing) will be required to attend the VIDS for a minimum of three hours per week.

A certificate is awarded upon successful completion of vocational courses.

*Students who lack entry level skills in math, science, English, etc. will be provided related studies. Related essential skills will be taught co-curricular.

This course trains students to become proficient in hairstyling, manicuring, facials, scalp treatments, and all phases of beauty culture. During instruction, emphasis is placed on hygiene and good grooming, sanitation, state laws, customer relations and salon management. The cosmetology curriculum is taught in a modular format. Although courses will all be completed within the semesters indicated, some courses within a semester are prerequisite to other courses within the same semester. This course is approved by the Mississippi Board of Cosmetology. A student who completes this course is issued a certificate which entitles that person to take the State Cosmetology Board exam to become licensed in Mississippi.

Practical Nursing

PROGRAM DESCRIPTION: The **Practical Nursing Program** prepares the individual to assist in providing general nursing care under the direction of a registered nurse, physician, or dentist.

Graduates of the Twelve-month program will be awarded the Certificate of Practical Nursing and may apply for licensure to the Mississippi Board of Nursing and will be eligible to take the National Council Licensure Examination (NCLEX)-P. Students who complete the first semester only may qualify as nursing assistants.

*Students who lack entry level skills in math, English, science, etc. will be provided related studies.

**Baseline competencies are taken from the high school Allied Health program. Students who can document mastery of these competencies should not receive duplicate instruction. Students who cannot demonstrate mastery will be required to do so.

Successful completion of any semester of study must include 80% mastery of each subject in order to progress to the next semester. In addition, graduation requirements include completion of the prescribed clock hours for the program as mandated by the State Department of Education. Legal limitations for licensure are mandated by the Mississippi Board of Nursing. Graduates that meet the requirements of the State Board of Nursing are eligible to write for the National Council Licensure Examination for Practical Nurses. For re-admission to the Practical Nursing Program, please refer to the Practical Nursing Handbook.

Practical Nursing

*Area Hospitals/Sites

This is a twelve-month course designed to prepare qualified men and women to become, upon completion of the prescribed course of study and satisfactory writing of the State Board Examination, Licensed Practical Nurses. The first four months foundation period offers instruction in orientation to practical nursing, health, normal nutrition, human development, introduction to nursing the patient, introduction to illness, and nursing care of selected patients.

The remaining eight months of training offer clinical experience and theory in medical-surgical nursing, pediatric nursing, psychiatric nursing, and maternity nursing. A certificate is awarded upon completion of the course.

Students who lack entry level skills in math, science, English, etc. will be provided related studies.

Baseline competencies are taken from the high school Metal Trades program. Students who can document mastery of these competencies should not receive duplicate instruction. Students who cannot demonstrate mastery will be required to do so.

PROGRAM DESCRIPTION: The **Welding, Brazing, and Soldering** curriculum is designed to prepare the student for entry level employment in the field of welding, brazing, and soldering.

*Restricted Electives:

Special Problem in Welding & Cutting	WLV 1912
Work-Based Learning in Welding & Cutting	WLV 1922

Truck Driver Training

Goodman

An instructional program that prepares individuals to drive commercial over-the-road trucks and/or tractors. The student will also learn D.O.T. regulations; how to log trips in a log book; solve problems of routing using a road atlas; how to operate driving equipment in accordance with the laws and ordinances of national, state, and local agencies; and how to perform preventive maintenance on the equipment. This program consists of 35 hours of training per week for ten weeks for a total of 350 clock hours.

ACADEMIC COURSE DESCRIPTIONS

The following course descriptions indicate the number of lectures and laboratory periods per week. Credit is awarded in terms of semester hours. The last digit in the course number always indicates the hours credit awarded for satisfactory completion.

ACCOUNTING

ACC 1213 — Principles of Accounting I.

A study of the accounting principles and procedures employed by proprietorships and partnerships in the preparation of financial statements, and the uses of accounting data. Three lectures. Three hours credit.

ACC 1223 — Principles of Accounting II (Prerequisite: ACC 1213).

A study of accounting principles and procedures for corporations, manufacturing concerns, and consolidations, as well as analysis used in decision making. Three lectures. Three hours credit.

ART

ART 1113 — Art Appreciation.

A simple approach to the understanding of the plastic arts (drawing, architecture, sculpture, painting, graphic arts and industrial design) on a conceptual basis. Three lectures. Three hours credit.

ART 1313 — Drawing I.

A study of basic principles of the construction of visual form. Emphasis is on line, perspective and shading. Required of art majors. Six lab hours. Three hours credit.

ART 1323 — Drawing II (Prerequisite: ART 1313.)

Continuation of Drawing I, with stress on volumetric rendering, perspective drawing, composition and expression. Six lab hours. Three hours credit.

ART 1413 — Design I.

Will include the study of basic elements and principles of organization, and the selection, manipulation and synthesis of these components to create an organized visual expression. Black and white media will be stressed. Required for art majors. Six lab hours. Three hours credit.

ART 1423 — Design II (Color Theory).

Will include an in-depth study of basic color theory, explored through the two-dimensional problem, using the subtractive method of color theory. Required for art majors. Six lab hours. Three hours credit.

ART 1913 — Art for Elementary Teachers.

Designed for the needs of the elementary education student. Essentials of public school art; study of development of the children's art; experiences with major forms of two-dimensional art problems; experiences with a variety of media. Three lectures. Three hours credit.

ART 2333 — Introduction to Printmaking (Graphics) I.

An introduction to the stencil, relief and intaglio process in printmaking. Six lab hours. Three hours credit.

ART 2353 — Figure Drawing I (Drawing from the Live Model in Various Media).

A study of proportion in the human figure through the use of contour, gesture, and model drawing. Required for art majors. Six lab hours. Three hours credit.

ART 2513 — Painting I (Prerequisites: ART 1313, ART 1413).

An introductory course in painting, stressing the use of color and pictorial composition. Basics in stretching canvas, preparing grounds, etc. Six lab hours. Three hours credit.

ART 2523 — Painting II (Prerequisite: ART 2513).

A continuation of ART 2513, with emphasis on creative interpretation of basic techniques. Advanced work with oils. Six lab hours. Three hours credit.

ART 2613 — Ceramics I.

This course is directed toward an introduction to different aspects and materials of ceramic design. Instruction covers forming and shaping by mechanical means, and by hand; various kiln operations; understanding the nature of clay and glazes. An appreciation of functional and non-functional forms will be included. Six lab hours. Three hours credit.

ART 2633 — Sculpture I (3-D Design).

Introduction to three dimensional elements and the principles of design using various materials. Required for art majors. Six lab hours. Three hours credit.

ART 2713 — Art History I.

Survey course of historical background of art forms from Prehistoric art to the Renaissance. Emphasis placed on art forms as related to history. Three lectures. Three hours credit.

ART 2723 — Art History II.

A survey of the historical background of art forms from Renaissance to Twentieth Century. Special emphasis on modern expressions in fields of art. Three lectures. Three hours credit.

ADVANCED TECHNOLOGY EDUCATION

ATE 1113 — Science and Technology.

A course designed to introduce technology to Mississippi community college students. A survey of modern technology applications with specific emphasis on problem solving and career opportunities. Includes modules on applied physics, biotechnology, electronics, automation, microcomputer assembly, multimedia presentations, laser technology, telecommunications, and various advanced topics in technology. Three hours laboratory. Two hours TBA activities online. Three hours credit.

BUSINESS ADMINISTRATION

BAD 2323 (MAT 2323) — Business Statistics. (Prerequisite: MAT 1313).

Introduction to statistical methods of collecting, presenting, analyzing, and interpreting quantitative data for business management and control. Three lectures. Three hours credit.

BAD 2413 — The Legal Environment of Business.

Environmental study of legal influences, concepts, institutions, emphasizing social forces shaping business law. Introduces business students to interrelationships of law and society, jurisprudence, and business. Three lectures. Three hours credit.

BAD 2513 — Principles of Management (This is considered an upper level course at some universities and may not transfer).

The course examines major theories of organizations, focusing on their structures and the behavior of individuals and groups who affect and are affected by organizational relationships and activities. An understanding of these concepts contains implications for managerial effectiveness. Selected aspects of organizational psychology and administrative behavior are reviewed relative to motivational approaches and incentives, group dynamics, leadership, and control. Approach to organizational design, change, and development are emphasized. Other topics covered in the course include problem-solving, goal development, group structure, attitude formation, field theory, and learning models. Three lectures. Three hours credit.

BAD 2713 — Principles of Real Estate.

The course deals with the nature of the real estate market, types of ownership of property, contracts, methods of transferral of title, instruments used in transfer, title closing, financing, property management, insuring, and appraising. Three lectures. Three hours credit.

BAD 2723 — Real Estate Law.

Designed to give the student a general background in the law of real property and the law of real estate brokerage. Three lectures. Three hours credit.

BAD 2733 — Real Estate Finance.

This course provides a background in the varied real estate mortgage credit operations of commercial banks in the following broad areas: (1) the manner in which funds are channeled into the mortgage markets; (2) the financing of residential property; (3) the financing of special purpose property; and (4) the administrative tasks common to most mortgage departments. Three lectures. Three hours credit.

BAD 2744 — Real Estate Appraisal.

An introductory course covering the purposes of appraisal, the appraisal process and the different approaches, methods and techniques used to determine the value of various types of property. This course also includes standards of professional appraisal practice. Four lectures. Four hours credit.

BIOLOGY

BIO 1114 — General Biology I for Non-Majors.

An introduction to the basic principles of modern biology and their relevance to human life. Topics include: the nature and history of scientific thought, basic biological chemistry, cell structure and functions, cell division, and transmission genetics. This course is designed for non science-related majors, and DOES NOT SATISFY the prerequisite for more advanced courses. Three lectures. Two hours laboratory. Four hours credit.

BIO 1124 — General Biology II for Non-Majors.

A study of biological processes related to the ecology of the earth. Topics include: energy transfer and enzyme action, photosynthesis, respiration, a survey of the five biological kingdoms, behavior and ecology. This course is designed for non science-related majors, and DOES NOT SATISFY the prerequisite for more advanced courses. Three lectures. Two hours laboratory. Four hours credit.

BIO 1134 — General Biology I for Majors (Prerequisite: MAT 1203 or higher).

An introduction to the basic principles of biology. The topics covered include cell chemistry, cell structure, energy transformation, enzymes, energy pathways, cell reproduction, genetics, DNA structure and function, and gene regulation and engineering. Three lectures. Two hours laboratory. Four hours credit.

BIO 1144 — General Biology II for Majors (Prerequisite: MAT 1203)

An introduction to the diversity of life. Topics include evolutionary theory, schemes of classification, and descriptions of major taxa. Three lectures. Two hours laboratory. Four hours credit.

BIO 1314 — Botany I (Prerequisite: MAT 1203 or higher).

An introduction to the biology of plants. Topics include: physiology, genetics, development, plant anatomy, reproduction and morphology. Emphasis is on flowering plants. Three lectures. Two hours laboratory. Four hours credit.

BIO 1324 — Botany II (Prerequisite: BIO 1134 or consent of the biology instructor).

A survey of the plant and fungi kingdoms. Topics include: taxonomy, morphology, life cycles, ecology and phylogenetic relationships. Three lectures. Two hours laboratory. Four hours credit.

BIO 1514 — Anatomy and Physiology I.

A study of the human body. Topics include: introductory cell biology, tissue development and composition, and detailed consideration of the structure and function of these systems: integumentary, skeletal, muscular and nervous. Three lecture hours. Two-hour laboratory. Four hours credit.

BIO 1524 — Anatomy and Physiology II (Prerequisite: BIO 1514).

A continuation of BIO 1514. Detailed consideration of the structure and function of these human body systems: sensory, endocrine, cardiovascular, digestive, respiratory, lymphatic, urinary and reproductive. Three hours lecture. Two hours laboratory. Four credit hours.

BIO 1613 — Nutrition.

This course is a study of nutrients required for normal growth and applied to the selection of food for ingestion, metabolic process of digestion, assimilation and absorption. Three lectures. Three credit hours.

BIO 2414 — Zoology I (Prerequisite: MAT 1203 or higher).

An introduction to the biology of animals. Topics include: cell biology, anatomy, physiology, embryology, and genetics. Three lectures. Two hours laboratory. Four hours credit.

BIO 2424 — Zoology II (Prerequisite: BIO 2414).

A survey of the animal kingdom and selected protistans. Topics include: taxonomy, morphology, life histories, behavior, ecology, and phylogenetic relationships. Three lectures. Two hours laboratory. Four hours credit.

BIO 2514 — Human Anatomy and Physiology I
(Prerequisite: BIO 1134, BIO 1314, or BIO 2414).

An anatomical and physiological study of the human body including a study of tissues and the following organ systems: integumentary, skeletal, muscular, nervous, sensory, and endocrine. Each system is considered in detail regarding structure, function, and possible clinical applications. Three lectures. Two hours laboratory. Four hours credit.

BIO 2524 — Human Anatomy and Physiology II
(Prerequisite: BIO 2514).

A continuation of BIO 2514 including the anatomical and physiological study of the following systems: digestive, respiratory, circulatory (including blood), urinary, and reproductive (including pregnancy). Also included will be a study of electrolyte and water balance mechanisms and elementary genetics as relates to human inheritance. Each system is considered in detail regarding structure, function, and possible clinical applications. Three lectures. Two hours laboratory. Four hours credit.

BIO 2924 — Microbiology (Prerequisite: BIO 1134 or higher).

Introduction to the biology of microorganisms. Topics include: classification, physiology, genetics, cell biology, biotechnology and control. Emphasis is on bacteria and viruses. Three lectures. Two hours laboratory. Four hours credit.

CHEMISTRY

CHE 1211 — General Chemistry Laboratory I (Corequisite: CHE 1213).

Selected experiments to illustrate the principles introduced in CHE 1213. Three hours laboratory. One hour credit.

CHE 1213 — General Chemistry I

(Corequisite: MAT 1313 or Chemistry instructor's permission).

An introductory course covering the fundamental concepts of college chemistry. Topics addressed include: atomic structure, periodicity, bonding, formulas and composition, reactions, stoichiometry, gas laws, liquids, and solids. Three lectures. Three hours credit.

CHE 1221 — General Chemistry Laboratory II (Prerequisite: CHE 1211).

Selected experiments to illustrate the principles introduced in CHE 1223. Three hours laboratory. One hour credit.

CHE 1223 — General Chemistry II (Prerequisite: CHE 1213).

A continuation of CHE 1213 with emphasis on the following topics: solutions, acid-base theories, redox reactions, thermodynamics, kinetics, equilibria, and electrochemistry. Three lectures. Three hours credit.

CHE 2424 — Organic Chemistry I (Prerequisite: CHE 1223).

Basic principles of carbon chemistry bonding, structure, and behavior; aliphatic compounds; methane, alkanes, alkenes, alkynes and dienes, alicyclic hydrocarbons; stereochemistry and stereoisomerism. Three lectures. Three hours laboratory. Four hours credit.

CHE 2434 — Organic Chemistry II (Prerequisite: CHE 2424).

Continuation of CHE 2424. Study of aromatic and heterocyclic compounds with emphasis on reactions, reaction mechanisms and nomenclature; introductions to some important biomolecules and the use of spectroscopy in compound identification. Three lectures. Three hours laboratory. Four hours credit.

COMPUTER SCIENCE

CSC 1113 — Introduction to Computer Concepts (Prerequisite: Keyboarding skills & MAT 1203 or higher).

Introduction to the basic concepts and structure of computers and computer programming; data representation; machine logic; history of computing; introduction to BASIC programming or HTML: introduction to word processing, data base, & spreadsheets. Three lectures. One hour laboratory. Three hours credit.

CSC 1123 — Microcomputer Applications

(Prerequisite: Keyboarding skills & MAT 1203).

Designed to teach the use of major application packages to include fundamental word processing, electronic spreadsheet, and database management principles, as well as, basic operating system commands and functions. Emphasis is placed on the use of the microcomputer to solve problems in a variety of application environments. Two lectures. Two hours laboratory. Three hours credit.

CSC 1613 — Computer Programming I (Corequisite: MAT 1313).

Introduction to problem-solving methods and algorithm development; designing, debugging, and documentation in a high-level language with a variety of applications. Three lectures. Three hours credit.

CSC 2323 — FORTRAN Programming and Applications
(Prerequisite: Sophomore standing).

A course primarily for mathematics, engineering, and science majors. Emphasis is on the structure of the FORTRAN language and its applications to problems in mathematics, engineering, and science. Three lectures. Three hours credit.

CSC 2623 — Computer Programming II (Prerequisite: CSC 1613).

Continued program development; algorithm analysis; string processing; recursion; internal search/sort methods; simple data structures; debugging and testing of larger programs. Three lectures. Three hours credit.

ECONOMICS

ECO 2113 — Principles of Economics I (Macroeconomics).

Introductory macroeconomics. Study of resources and goals of the economy, national income, employment, fiscal, and monetary policy, Keynesian and Monetarist theories, economic growth, and other contemporary problems involving population and the environment.

ECO 2123 — Principles of Economics II (Microeconomics).

An introduction to Microeconomics. Emphasis on the role of the price system in directing the production of goods and services, distribution of income, international trade, and comparative economic systems. Three lectures. Three hours credit.

EDUCATION

EDU 1111 — Library Science.

This course gives a general coverage of library classification, card catalog, dictionaries, periodical indexes, and other general reference books. Directed study and library research of special topics in biology, mathematics, or physical science. Laboratory or field research, regular conferences with supervising teacher, and presentation of project results in a paper and/or symposium required. One lecture. One hour credit.

EDU 1311 — Orientation.

This course is designed to help the freshman adjust himself or herself to college life. It includes a study of personal and social adjustments. It teaches effective study habits, reading methods, use of the library, note taking, report writing, and gives the student guidance in collegiate life. One lecture. One hour credit.

EDU 1321 — Career Exploration.

A course designed to assist students in determining appropriate career goals and college majors. Interest tests, personality inventories, and aptitude tests are given to help students determine career choices. One lecture. One hour credit. Taught at Goodman Campus.

EDU 1813 — Leadership Development (Prerequisite: Sophomore Standing, 3.00 Q.P.A., Invitation of Instructor).

This course has as its central focus the development of leadership ability. The course provides a basic understanding of leadership and group dynamics theory and assists the participant in developing a personal philosophy of leadership, an awareness of the moral and ethical responsibilities of leadership, and an awareness of one's own ability and style of leadership; it provides the opportunity to develop essential leadership skills through study and observation of the application of these skills. The course encourages participants to develop their leadership potential and to engage in productive leadership behavior. Three lectures. Three hours credit.

ENGINEERING

EGR 2413 — Engineering Mechanics I (Statics).

Vector Algebra, force systems, equilibrium, moments, machines, frames, trusses, friction, centroids, inertia. Three lectures. Three hours credit.

ENGLISH

ENG 1103 — Developmental English I.

This course stresses basic written communication skills. A comprehensive review of grammar is the primary objective. In addition, attention is given to specific spelling and reading problems. Sentence patterns and paragraph organization are examined and practiced in preparation for essay writing. Three hours institutional credit. (Not designed to transfer).

ENG 1113 — English Composition I.

A study of composition, emphasis on the rhetorical processes, the organization of ideas, and revision for grammar, mechanics, and voice. Three lectures. Three hours credit.

ENG 1123 — English Composition II (Prerequisite: ENG 1113).

A study of composition with emphasis on researching and writing with sources, reading, and writing about literature, library skills, and the development of style. Three lectures. Three hours credit.

ENG 1203 — Developmental English II.

A continuation of ENG 1103 with emphasis on language usage, paragraphs and finished essays. Three hours institutional credit. (Not designed to transfer).

ENG 2133 — Creative Writing I (Prerequisite: ENG 1113 or Consent of the Instructor).

Students will write in various genres: poetry, short fiction, drama, and essay. Three lectures. Three hours credit.

ENG 2143 — Creative Writing II (Prerequisite: Consent of the Instructor).

Continuation of ENG 2133. Students will write in various genres: poetry, short fiction, drama, and essay. Three lectures. Three hours credit.

ENG 2223 — American Literature I.

A survey of American writings that traces the emergence of a national literature. Readings include historical, political, and imaginative works of writers such as Winthrop, Bradstreet, Franklin, Jefferson, Poe, Hawthorne, and Whitman. Fulfills three hours of the literature requirement for many curricula. Three lectures. Three hours credit.

ENG 2233 — American Literature II.

A survey of American literature from the 1860's to the present. Representative works of writers including Twain, Eliot, Faulkner, and Hemingway are examined. Fulfills three hours of the literature requirement for many curricula. Three lectures. Three hours credit.

ENG 2323 — English Literature I.

A survey of major English poetry and prose from Beowulf through selected writings of the Eighteenth Century (700-1885 approximately). The works are examined in terms of themes, literary techniques and traditions, and history. Individual representative writers such as Chaucer, Shakespeare, Milton, and Swift are included. Three lectures. Three credit hours.

ENG 2333 — English Literature II.

A survey of major English poetry and prose from the age of Romanticism (approximately 1785) to the present. Individual representative writers such as Blake, Wordsworth, Hopkins, Yeats, and James Joyce are included. The works are examined in terms of themes, literary techniques and traditions, and history. Three lectures. Three hours credit.

ENG 2423 — World Literature I.

Selected major works which reflect both Eastern and Western cultures from the beginnings of written literature through the Medieval and Renaissance Ages, with emphasis on folk and literary epics of various countries and periods. Three lectures. Three hours credit.

ENG 2433 — World Literature II.

A continuation of ENG 2423. Selected world writings and major works from the Neoclassic period to the present. Three lectures. Three hours credit.

EDUCATIONAL PSYCHOLOGY

EPY 2513 — Child Psychology (Human Growth and Development I).

A course which deals with the various aspects of human growth and development. Problems studied include physical, mental, social, and emotional development from infancy through preadolescence. Special attention is given to the implications for education. Three lectures. Three hours credit.

EPY 2523 — Adolescent Psychology (Human Growth and Development II).

A study of the individual during the adolescent years. Three lectures. Three hours credit.

EPY 2533 — Human Growth and Development.

This course is designed to study the human organism as it is affected by growth and development from conception to old age; including topics concerning significant changes in abilities, interests, social and emotional adjustments of each maturity level and important implications of growth and development to nurses. Three lectures. Three hours credit.

GEOGRAPHY

GEO 1113 — World Geography.

A regional survey of the basic geographic features and major new developments of the nations of the world including the U.S. Three lectures. Three hours credit.

GRAPHICS AND DRAWING

GRA 1143 — Graphic Communication.

Graphic communication using freehand sketching, instruments, orthographic projection, geometric construction, sections, dimensioning, and descriptive geometry. Two lectures. Four hours laboratory. Three hours credit.

GRA 1153 — Technology Graphics (Prerequisite: GRA 1143).

Machine drafting methods and practice in pictorial and orthographic projections. Techniques and procedures in presenting screws, bolts, rivets, thread types, gears, cams and design and working drawings; concepts of descriptive geometry and computer aided drawing. Six hours laboratory. Three hours credit.

HOME ECONOMICS

HEC 1141, 1151, 2161, 2171 — Modeling I, II, III, IV.

Audition required. Enrollment by consent of instructor.

A course designed to practice modeling and to train students to be professional models. The students will participate in style shows and perform for other audiences. Two hours practice. One hour credit.

HEC 1253 — Nutrition.

Course is designed for pre-health profession majors. Topics include a survey of the major nutrients, the process of digestion, diet planning, weight management, nutrition throughout the life cycle, disorders of nutritional imbalance, and nutrition and physical fitness. Three lectures. Three hours credit.

HISTORY

HIS 1113 — Western Civilization I.

A general survey of European history from ancient times to 1648 A.D. Three lectures. Three hours credit.

HIS 1123 — Western Civilization II.

A general survey of Western civilization since 1648 A.D. Three lectures. Three hours credit.

HIS 2213 — American (U.S.) History I.

This course is a survey of U.S. History from the period of discovery and exploration through the Reconstruction. Three lectures. Three hours credit.

HIS 2223 — American (U.S.) History II.

This course is a survey of U.S. History from Reconstruction to the present. Three lectures. Three hours credit.

HEALTH, PHYSICAL EDUCATION AND RECREATION

HPR 1111, 1121, 2111, 2121 — Cheerleader I, II, III, IV.

Participation in varsity cheerleading activities. Audition required. Four practice sessions. One hour credit.

HPR 1131, 1141, 2131, 2141 — Varsity Sports I, II, III, IV.

Participation in basketball, football, softball, cross-country, track, baseball, tennis, golf or soccer. Open by invitation of instructor. Four practice sessions. One hour credit.

HPR 1213 — Personal and Community Health I.

Application of principles and practices of healthful living to the individual and community; major health problems and the mutual responsibilities of home, school, and health agencies. Three lectures. Three hours credit.

HPR 1313 — Introduction to Health, Physical Education and Recreation.

Introduction to the objectives, literature, and organizations of the profession. Analysis of successful teaching with discussion of the responsibilities and opportunities of professional personnel. Orientation of student to opportunities in the field. Three lectures. Three hours credit.

HPR 1511 — Team Sports I.

Lecture on rules and techniques and practice in basketball, volleyball, or softball. Two classes. One hour credit.

HPR 1521 — Team Sports II.

Lecture on rules and techniques and practice in basketball. Two classes. One hour credit.

HPR 1531 — Individual and Dual Sports I.

Lecture on rules, techniques, equipment used, and practice in tennis or archery. Two classes. One hour credit.

HPR 1551, 1561, 2551, 2561 — Fitness and Conditioning Training I, II, III, IV.

Weight training, running, and aerobic conditioning. Two classes. One hour credit.

HPR 1613— Physical Education in the Elementary School.

Methods and materials of teaching physical education at the elementary school level. Theory and practical experience in selecting, organizing, and directing activities for the elementary school. Educational and physical education philosophy and objectives are stressed. Three lectures. Three hours credit.

HPR 1761 — Wellness and Weight Control.

A survey course that places emphasis on the various aspects of wellness and their relationship to weight control and therapeutic exercise. A study of the relationship between the various life-style components and the levels of wellness is included. Two classes. One hour credit.

HPR 2213 — First Aid and CPR.

Standard first aid course as outlined by the American Red Cross consisting of emergency assistance and treatment in cases of accident, injury, or illness pending regular surgical or medical treatment. Successful completion will earn Red Cross certification in Standard First Aid and Adult and Child CPR. Three lectures. Three hours credit.

HPR 2323 — Recreational Leadership.

Planning and leadership techniques for conducting community recreation centers, playgrounds, parks, and school recreation programs. Three lectures. Three hours credit.

HPR 2422 — Football Theory.

Theoretical study of football from an offensive and defensive standpoint including the fundamentals of blocking, passing, tackling, charging, punting, generalship, rules, and team play. Two lectures. Two hours credit.

HPR 2443 — Athletic Training & Treatment of Injuries.

A practical study of safety and first aid, taping, bandaging, and use of massage, and the uses of heat, light, and water in the treatment and prevention of injuries. Conditioning of athletes as to diet, rest, work, and proper methods of procedures in training for sports. Three lectures. Three hours credit.

HPR 2433 — Basketball Theory

A theoretical study of basketball from an offensive and defensive standpoint, including the fundamentals and team organization. Three lectures. Three hours credit.

HPR 2453 — Baseball Theory.

Philosophies of coaching, leadership, teaching techniques, team organization, baseball strategies, preparation for games, and preparation and care of baseball fields. Three lectures. Three hours credit.

HUMANITIES

HUM 1113 — Humanities-European Study Abroad.

This course is an interdisciplinary study of human achievement using art, architecture, history, and literature as an exemplification of man's creative genius. After lectures on background material, students will participate in a two-week tour of selected sites in England and Europe. Upon completion of the tour, an additional lecture will be conducted to provide a summary of material covered. Completion of 500 pages of outside reading from the course reading list and submission of a 4-7 page paper are required. Three hours credit.

HUM 1911, 1921, 2911, 2921 — Honors Forum I, II, III, IV.

Interdisciplinary studies of selected issues confronting the individual and society. Discussion led by outstanding scholars, faculty, and/or students. One lecture. One hour credit.

INDUSTRIAL EDUCATION/ TECHNOLOGY TEACHER EDUCATION

IED 1213 — Wood Technology.

Study of wood production, manufacturing sales, construction industries, and experimentation of current woodworking skills. Two lectures. Four hours laboratory. Three hours credit.

IED 1813 — Basic Electricity and Electronics.

Study of fundamental industrial electrical and electronic principles with experimentation and project construction. One lecture. Four hours laboratory. Three hours credit. (Note - This course taught on Goodman Campus only.)

IED 2323 — Forging and Welding.

Practice in handforging; annealing, hardening, and tempering of tool steel; gas and electric welding. Six hours laboratory. Three hours credit.

IED 2413 — History and Appreciation of the Artcrafts.

Growth and development of the artcrafts through the ages; instructional applications; practical designs; demonstrations and projects in leather, ceramics, woodworking and other handicraft areas. Five hours laboratory. One lecture. Three hours credit.

JOURNALISM

JOU 1111, 1121, 2111, 2121 — College Publication (Yearbook I, II, III, IV).

The course is designed to give students the ability to identify, master, and practice the skills necessary to produce the college yearbook, *Horizons*. These skills include conceptualizing the yearbook and its theme; reporting; writing headlines, copy and captions; planning and producing photographs; designing the headlines, copy, captions, and photographs on the pages; selling advertisements; and preparing the yearbook for the printer. This is an activities class open to all majors. Two hours laboratory. One hour credit.

JOU 1111, 1121, 2111, 2121 — College Publication (Newspaper I, II, III, IV).

A laboratory course designed to give practical experience in working with the college newspaper, *The Growl*. Course elements include: planning, computer usage in newspaper production, proofreading, graphic design and production.

Other areas covered include: planning and writing news stories, features, sports, and editorials. Ancillary items covered in the course are development of advanced skills in headline writing, copy editing, and makeup and design. Two hours laboratory. One hour credit.

MATHEMATICS

MAT 1103 — Developmental Mathematics.

A review of fundamental arithmetical skills: A study of the four basic operations with whole numbers, fractions, decimals and signed numbers; percentages and verbal problems. Three lectures. Three hours institutional credit. (Not designed to transfer.)

MAT 1203 — Beginning Algebra (Prerequisite: MAT 1103 or appropriate placement scores).

A review of operations on real numbers, an introduction to solving linear equations, graphing linear equations of two variables, exponents and polynomials, factoring, rational expressions, roots and radicals. Three lectures. Three hours institutional credit. (Not designed to transfer).

MAT 1233 — Intermediate Algebra

(Prerequisite: MAT 1203 or appropriate placement scores).

This course is designed for students whose qualifications are deficient for MAT 1313. The course includes factoring, algebraic fractions, operations with polynomials, roots and radicals, exponents, linear and quadratic equations and linear inequalities. Three lectures. Three hours credit.

MAT 1313 — College Algebra

(Prerequisite: MAT 1233 or appropriate placement scores).

Real and complex numbers; algebraic equations and inequalities; graphs; algebraic functions; exponential and logarithmic functions; systems of equations and inequalities; polynomials; and other selected topics. Three lectures. Three hours credit.

MAT 1323 — Trigonometry

(Prerequisite: MAT 1313 or proper placement).

A study of trigonometric functions, solutions of right and oblique triangles, identities, trigonometric equations, graphs and applications. Three lectures. Three hours credit.

MAT 1333 — Finite Mathematics & Introduction to Calculus

(Prerequisite: MAT 1313).

Matrices, systems of linear equations and inequalities, linear programming by graphing and the simplex method, introduction to calculus, and applications of these and other selected topics to problems involving business decision making. Three lectures. Three hours credit.

MAT 1513 — Business Calculus I

(Prerequisite: MAT 1313 or appropriate placement scores).

A study of functions, limits, and continuity; derivatives and applications of the derivative to business and economics; introductory integration and its applications to business and economics. Three lectures. Three hours credit.

MAT 1523 — Business Calculus II (Prerequisite: MAT 1513).

Antiderivatives, the definite integral, applications of the definite integral, functions of two or more variables, partial derivatives, maxima and minima of two variable functions, applications. Three lectures. Three hours credit.

MAT 1613 — Calculus I (Prerequisite: MAT 1313 & MAT 1323 or appropriate placement scores).

Functions, limits, continuity, derivatives, applications of the derivative, and selected topics from analytic geometry. Three lectures. Three hours credit.

MAT 1623 — Calculus II (Prerequisite: MAT 1613).

Antiderivatives; definite integrals; applications of definite integrals; differentiation and integration of trigonometric, inverse trigonometric, exponential, logarithmic, and hyperbolic functions and techniques of integration. Three lectures. Three hours credit.

MAT 1723 — The Real Number System (Prerequisite: MAT 1203 or appropriate placement scores).

Open only to education or special education majors. The course includes problem-solving processes, structure and development of the real number system and its subsystems as it pertains to elementary school mathematics. Three lectures. Three hours credit.

MAT 1733 — Geometry, Measurement, and Probability

(Prerequisite: MAT 1233 or appropriate placement scores).

Open only to education or special education majors. The course includes intuitive foundations of geometry, basic concepts of measurements, probability, and statistics. Three lectures. Three hours credit.

MAT 2323 (BAD 2323) — Business Statistics

(Prerequisite: MAT 1313).

Introduction to statistical methods of collecting, presenting, analyzing, and interpreting quantitative data for business management and control. Three lectures. Three hours credit.

MAT 2613 — Calculus III (Prerequisite: MAT 1623).

Continuation of methods of integration, indeterminate forms, improper integrals, infinite series, polar coordinates, vectors. Three lecture. Three hours credit.

MAT 2623 — Calculus IV (Prerequisite: MAT 2613).

Further techniques of vector calculus, differential calculus of multivariate functions, multiple integration, line and surface integrals. Three lectures. Three hours credit.

MAT 2913 — Differential Equations (Prerequisites: MAT 1623 and concurrent enrollment in MAT 2613).

Solution of first and higher order ordinary differential equations, existence theorems, systems of linear differential equations, Laplace transform, applications. Three lectures. Three hours credit.

MODERN FOREIGN LANGUAGE

MFL 1113 — Elementary French I.

This course is designed to develop basic language skills; speaking, reading, writing. Phonetic symbols are used to aid correct pronunciation, but the principal aid is to be found in the language laboratory. Three lectures. One hour laboratory. Three hours credit.

MFL 1123 — Elementary French II.

A continuation of MFL 1113. Special drill on verb forms and uses, as well as idiomatic vocabulary, by means of oral and written exercises. Three lectures. One hour laboratory. Three hours credit.

MFL 1213 — Elementary Spanish I.

This course is designed to develop basic language skills; reading, writing, and speaking. Records and tapes are used to develop correct pronunciation. Drills on grammar through written and oral exercises are used in class work. Three lectures. One hour laboratory. Three hours credit.

MFL 1223 — Elementary Spanish II.

A continuation of MFL 1213. Special attention is given to irregular verbs and the subjunctive mood. Records and tapes are used to develop correct pronunciation. Three lectures. One hour laboratory. Three hours credit.

MFL 2113 — Intermediate French I.

A review of French grammar, and continued development of basic language skills. Reading materials are used which have literary and cultural value. Three lectures. One hour laboratory. Three hours credit.

MFL 2123 — Intermediate French II.

Literary and cultural appreciation of the language and the country is enhanced by the reading of a book which pictures life in a typical French village, with class conversation concerning the contents of this book. Three lectures. One hour laboratory. Three hours credit.

MFL 2213 — Intermediate Spanish I.

A verb and grammar review and a further development of language skills. Reading materials used have literary and cultural value. Recording equipment is available for student's use. Conversaphone records are used. Three lectures. One hour laboratory. Three hours credit.

MFL 2223 — Intermediate Spanish II.

A continuation of Spanish 2213. Special attention is given to rapid reading. Recording equipment permits the students to record and listen to his own and other student's use of the language. Three lectures. One hour laboratory. Three hours credit.

MUSIC

MUSIC APPLIED

(Brass, Percussion, Piano, Strings, Voice, and Woodwinds)

MUA 1141, 1151, 2141, 2151 — Brass for Non-Majors I, II, III, IV.

One hour private instruction. Three hours practice. One hour credit.

MUA 1172, 1182, 2172, 2182 — Brass for Music Education Majors I, II, III, IV.

One hour private instruction. Six hours practice. Two hours credit.

MUA 1441, 1451, 2441, 2451 — Percussion for Non-Majors I, II, III, IV.

One hour private instruction. Three hours practice. One hour credit.

MUA 1472, 1482, 2472, 2482 — Percussion for Music Education Majors I, II, III, IV.

One hour private instruction. Six hours practice. Two hours credit.

MUA 1511, 1521, 2511, 2521 — Class Piano I, II, III, IV.

For instrumental and voice majors only. One lesson. Three hours practice. One hour credit.

MUA 1541, 1551, 2541, 2551 — Piano for Non-Majors I, II, III, IV.

One lesson. Three hours practice. One hour credit.

MUA 1573, 1583, 2573, 2583 — Piano for Music Majors I, II, III, IV.

One hour private instruction. Nine hours practice. Three hours credit.

MUA 1241, 1251, 2241, 2251 — Guitar for Non-Majors I, II, III, IV.

One hour private instruction. Three hours practice. One hour credit.

MUA 1272, 1282, 2272, 2282 — Guitar for Music Education Majors I, II, III, IV.

One hour private instruction. Six hours practice. Two hours credit.

MUA 1711, 1721 — Class Voice I, II.

For Piano and Instrumental majors only. One lesson. Three hours practice. One hour credit.

MUA 1741, 1751, 2741, 2751 — Voice for Non-Majors I, II, III, IV.

One lesson. Three hours practice. One hour credit.

MUA 1772, 1782, 2772, 2782 — Voice for Music Education Majors I, II, III, IV.

One hour private instruction. Six hours practice. Two hours credit.

MUA 1841, 1851, 2841, 2851 — Woodwinds for Non-Majors I, II, III, IV.

One hour private instruction. Three hours practice. One hour credit.

MUA 1872, 1882, 2872, 2882 — Woodwinds for Music Education Majors I, II, III, IV.

One hour private instruction. Six hours practice. Two hours credit.

MUSIC ORGANIZATIONS

(Band, Small Band Groups, Stage Band, Choir,
Small Singing Groups)

MUO 1111, 1121, 2111, 2121 — Band I, II, III, IV.

Four practice sessions. One hour credit.

MUO 1141, 1151, 2141, 2151 — Small Band Groups I, II, III, IV.

One practice session. One hour credit.

MUO 1171, 1181, 2171, 2181 — Jazz Band I, II, III, IV.

One practice session. One hour credit.

MUO 1211, 1221, 2211, 2221 — Choir I, II, III, IV.

Three hours practice. One hour credit.

MUO 1241, 1251, 2241, 2251 — Small Singing Groups I, II, III, IV.

One practice session. One hour credit.

MUSIC FOUNDATIONS

(Education, History, Theory)

MUS 1113 — Music Appreciation.

Listening course designed to give the student, through aural perception, understanding and appreciation of music as a moving force in Western Culture. Three lectures. Three hours credit.

MUS 1133 — Fundamentals of Music.

Provides the student with basic knowledge of notations, scales, keys, rhythm, intervals, triads, and their inversions. Three lectures. Three hours credit.

MUS 1214, 1224, 2214, 2224 — Music Theory I, II, III, IV.

Recognition and part writing. Diatonic intervals, major and minor triads, rhythmic and melodic patterns. Correlated keyboard harmony and dictation. Sight singing in bass and treble clefs. Three lectures. Two hours laboratory. Four hours credit.

MUS 1612 — Elementary Conducting.

Fundamentals of instrumental and choral conducting; technique, interpretation, and performance. Two lectures. Two hours credit.

MUS 1910, 1920, 2910, 2920 — Recital Class I II, III, IV.

Performances are held on Friday afternoons and on selected evenings during each semester. Credit is gained by attending all of these events. Music majors and minors must register for recital class for four semesters. Students who satisfactorily complete these courses will receive an "S" grade.

MUS 2413 — Music Literature I.

Style and history of the standard repertory of music in western civilization from Gregorian chant to the contemporary era. Enrollment limited to sophomore music majors and minors. Three lectures. Three hours credit.

MUS 2423 — Music Literature II (Prerequisite: MUS 2413).

Covers the romantic and contemporary styles. Emphasis on classifying and identifying period and composer characteristics. Primarily for music majors. Three lectures. Three hours credit.

MUS 2513 — Music for Children I.

A music course designed for elementary education majors; accompanying skills (ukelele required), notation, singing and rhythm activities. No previous instruction in music required.

**NURSING, ADN
(Grenada Campus Only)**

NUR 1113 — Fundamental Nursing Theory.

Foundation for all subsequent nursing courses. Introduces the philosophy and conceptual framework of the Holmes Community College Associate Degree Nursing Program. Emphasis is placed on normal, basic needs with a clinical case study to apply the nursing process. Calculation of dosages and solutions is included. Correlates with NUR 1118. Three lectures. Three hours credit.

**NUR 1118 — Fundamentals of Nursing
(Prerequisites: BIO 1514 & BIO 1524).**

Foundation for all subsequent nursing courses. Introduction to nursing and to the philosophy and conceptual framework of the Holmes Community College Associate Degree Nursing Program. Emphasis is placed on normal, basic human needs. Fundamental nursing skills are taught and practiced in the learning laboratory and applied in clinical settings. Introduction to pharmacology and to the calculation of dosages and solutions is included. Four lectures. Twelve hours laboratory. Eight hours credit.

NUR 1211, 1221, 2211, 2221 — Health Issues I, II, III, IV.

This course will provide the student an opportunity for in-depth study of current health issues and the impact they have on healthcare delivery as a whole and the person as an individual. Through use of available resources to include the internet the student will explore such entities as treatment options, healthcare funding, alternative therapies, etc. One lecture. One hour credit.

NUR 1225 — Family and Community Nursing Theory.

This course focuses on the utilization of the nursing process in the care of the individual and/or family in institutional and community health settings. Includes content on intravenous therapy and blood administration. Correlates with NUR 1228. Five lectures. Five hours credit.

**NUR 1228 — Family and Community Nursing
(Prerequisites: NUR 1118).**

This course focuses on the utilization of the nursing process in the care of the individual and/or family in institutional and community health settings. Students are expected to provide care to pediatric, obstetric, and geriatric patients. Four lectures. Twelve hours laboratory. Eight hours credit.

NUR 1233 — Theories of Psychiatric/Mental Health Nursing.

This course introduces the theoretical base for utilization of the nursing process in psychiatric/mental health nursing. The psychopathology underlying altered behavioral responses is explored and utilized as a basis for understanding the rationale for nursing interventions. Correlates with NUR 1234. Three lectures. Three hours credit.

**NUR 1234 — Concepts of Psychiatric/Mental Health Nursing
(Prerequisites: NUR 1118, PSY 1513).**

This course introduces the theoretical base for utilization of the nursing process in psychiatric/mental health nursing. The psychopathology underlying altered behavioral responses is explored and utilized as a basis for understanding the rationale for nursing interventions. Holistic nursing is reinforced as psychiatric/mental health concepts are applicable to psychosocial nursing of the aggregate. Three lectures. Three hour laboratory. Four hours credit.

NUR 1310 — Nursing Transition I.

This course is the first of two courses designed to move the LPN Advanced Placement student through the content of the first year of the generic ADN program. This course is designed to assist the student to begin transition from the LPN to the RN role. Ten lectures. Ten hours credit.

NUR 1316 — Nursing Transition.

A transitional course designed to assist the LPN in mastering the first-year ADN objectives and serves as a basis for entry into the sophomore nursing courses. It includes content on the registered nurse role and functions that was not a part of the students' LPN education. Six lectures. Six hours credit.

NUR 1329 — Nursing Transition II (Prerequisite: NUR 1310).

The second of two courses which are designed to move the LPN Advanced Placement student through the content of the first year of the

generic ADN program. Assistance in the transition from LPN to RN role is continued, with application in the clinical setting included. Successful completion of this course enables the student to enter NUR 2118 and NUR 2113 in the fall semester. Eight lectures. Three hours laboratory. Nine hours credit.

NUR 2118 — Adult-Child Nursing I

(Prerequisites: NUR 1118, NUR 1234, NUR 1228).

The first of two courses which focus on the utilization of the nursing process in the care of adults and children who have threats to basic needs. Care of the pre- and post-operative patient is explored. Concepts introduced in Nursing 1118 are reinforced and applied. Nutrition and pharmacology are integrated. Five lectures. Nine hours laboratory. Eight hours credit.

NUR 2123 — Pharmacology (Prerequisite: NUR 1228).

This course is designed to enhance the student's understanding and application of pharmacological principles. Commonly used drugs will be studied and classified according to action and therapeutic use. Emphasis will be placed on the nursing process with patient teaching. Three lectures. Three hours credit.

NUR 2238 — Adult-Child Nursing II (Prerequisite: NUR 2118).

The second of two courses which focus on the utilization of the nursing process in the care of the adult and child patient. This course builds on Nursing 2118. Nursing care on a more advanced level is utilized. Nursing care of the critically ill patient is emphasized. The student gains experience in organizing, implementing and evaluating care for patients. Nutrition and pharmacology are integrated. Four lectures. Twelve hours laboratory. Eight hours credit.

NUR 2243 — Management of Nursing Care (Prerequisite: NUR 2118).

This course is designed to introduce basic principles of organization and management that will assist the student in functioning as an associate degree nurse. The basic elements of leadership and delegation will be incorporated as it relates to coordinating the care of a group of patients. Three lectures. Three hours.

PHILOSOPHY AND BIBLE

PHI 1113 — Old Testament Survey.

This is a study of the entire Old Testament covering the recorded events prior to Abraham and the history of the Hebrew nation as revealed in the books of history, prophecy, and poetry. Three lectures. Three hours credit.

PHI 1133 — New Testament Survey.

This is a study of the New Testament covering the life of Christ and the establishment of the early church as presented in the Gospels, Acts, and the other New Testament books. Three lectures. Three hours credit.

PHYSICS

PHY 1114 — Astronomy.

Introduction to the solar system, stars, our galaxy and the extragalactic universe. Required observatory work at night. Three lectures. Three hours laboratory. Four hours credit.

PHY 2244 — Physical Science Survey I

(Corequisite: MAT 1233 or higher).

An introduction to the basic concepts of physics and astronomy. Selected experiments to illustrate the principles taught in lecture. Designed for non-science majors. Three lectures. Two hours laboratory. Four hours credit.

PHY 2254 — Physical Science Survey II

(Corequisite: MAT 1233 or higher).

An introduction to the basic concepts of chemistry and geology. Selected experiments to illustrate the principles taught in lecture. Designed for non-science majors. Three lectures. Two hours laboratory. Four hours credit.

PHY 2414 — General Physics I (Prerequisite: MAT 1323).

A study of mechanics, heat and sound. Three lectures. Three hours laboratory. Four hours credit.

PHY 2424 — General Physics II (Prerequisite: PHY 2414).

Electricity and magnetism, light and optics, introduction to modern physics. Three lectures. Three hours laboratory. Four hours credit.

PHY 2514 — Engineering Physics I (Prerequisite: MAT 1613).

A study of mechanics, heat, and sound. Primarily for engineering, science, and mathematic majors. Three lectures. Three hours laboratory. Four hours credit.

PHY 2524 — Engineering Physics II (Prerequisite: PHY 2514).

A study of electricity and magnetism, light and optics, includes an introduction to modern physics. Three lectures. Three hours laboratory. Four hours credit.

POLITICAL SCIENCE

PSC 1113 — American National Government.

Survey of the organizations, political aspects of and basis for American government. Three lectures. Three hours credit.

PSC 1123 — American State and Local Government.

Relationship between states and federal governments, and between states and their subdivisions; organizations, function, and operation of executive, legislative, and judiciary; elections and suffrage generally, Mississippi particularly. Three lectures. Three hours credit.

PSC 2113 — Comparative Government.

A survey of various governmental systems in comparative perspective, with particular attention to Europe and international organizations. Three lectures. Three hours credit.

PSYCHOLOGY

PSY 1513 — General Psychology I.

An introduction to the scientific study of human behavior. Includes history and methods of psychology; growth and development; principles of learning; sensation and perception; thinking; statistics; personality; and intelligence. Three lectures. Three hours credit.

PSY 1523 — General Psychology II (Prerequisite: PSY 1513).

A continuation of PSY 1513, emphasizing applied psychology methods and principles. Includes motivation and emotion; abnormal behavior, mental health and therapy; group processes; mass communication and persuasion, and industrial psychology. Three lectures. Three hours credit.

READING

REA 1103 — Developmental Reading I.

Special reading instruction for students deficient in basic reading skills. Stresses functional word attack skills, comprehension, vocabulary, and basic study skills. Supplemental work using computers is required. Three lectures. Three hours instructional credit. (Not designed to transfer).

REA 1203 — Developmental Reading II.

A continuation of REA 1103. Three lectures. Three hours institutional credit. (Not designed to transfer).

REA 1213 — Reading and Study Skills I.

A course provided to help students develop reading skills necessary for success in college. Emphasis is placed on comprehension, vocabulary, and study skills. Guidance in developing wide reading interests. Three lectures. Three hours credit.

REA 1223 — Reading and Study Skills II.

A continuation of REA 1213. Three lectures. Three hours credit.

REA 1233 — Speed Reading I.

A course designed to improve a student's reading rate with emphasis on comprehension and vocabulary skills. Guidance in developing wide reading interests that will provide background for college courses. Three lectures. Three hours credit.

SOCIOLOGY

SOC 2113 — Introduction to Sociology.

An introductory course in Sociology, this course provides an overview of the study of society. Basic principles are covered, including socialization, social interaction, culture, social institutions, social structure, social stratification, deviance, and the evolution of society. Three lectures. Three hours credit.

SOC 2133 — Social Problems.

This class is a study of the social conditions that have been defined as social problems in contemporary society. Issues which are investigated from a sociological perspective include poverty, crime, sexual deviance, violence, domestic violence, drug/alcohol abuse, sexism and racism. Three lectures. Three hours credit.

SOC 2143 — Marriage and Family.

A study of the family as a cultural unit, the institution of marriage, the problems of parenthood and of Socio-economic adjustments of society. Three lectures. Three hours credit.

SPEECH AND THEATER

SPT 1113 — Oral Communication (Principles of Speech).

Correct and effective English; correct pronunciation and enunciation; breath control; study and practice in making speeches for all occasions, major emphasis on organization of material; and practice in speaking before the group. Three lectures. Three hours credit.

SPT 1241, 1251, 2241, 2251 — Drama Production I, II, III, IV.

Participation in college drama productions. Positions available on stage and backstage. This is an activity course open to all students. Required rehearsals at night and some weekends. Some scholarships are available. One hour credit.

TECHNICAL COURSE DESCRIPTIONS

AUTOMOTIVE TECHNOLOGY

ATT 1114 — Electrical Systems.

A course to provide advanced skills and knowledge related to all components of the vehicle electrical system including lights, instruments, and charging components. Two lectures. Four or six hours laboratory. Four hours credit.

ATT 1213 — Brakes.

A course to provide advanced skills and knowledge related to the repair and maintenance of brake systems on automobiles. Includes instruction and practice in diagnosis of braking systems problems and the repair of brake systems. Two lectures. Two hours laboratory. Three hours credit.

ATT 1315 — Manual Drive Trains/Transaxles.

A course to provide advanced skills and knowledge related to the maintenance and repair of manual transmissions, transaxles and drive train components. Includes instruction in the diagnosis of drive train problems and the repair and maintenance of transmissions, transaxles, clutches, CV joints, differentials and other components. Two lectures. Six hours laboratory. Five hours credit.

ATT 1414 — Basic Engine Performance.

A course to provide advanced skills and knowledge related to the maintenance and adjustment of gasoline engines for optimum performance. Includes instruction and practice in the diagnosis and correction of problems associated with poor performance. Two lectures. Four hours laboratory. Four hours credit.

ATT 1513 — Basic Fuel Systems.

A course to provide advanced skills and knowledge related to the repair, maintenance, and adjustment of conventional carburetion systems. Includes instruction in the diagnosis and repair/adjustment of infrared exhaust analyzers, carburetors, air control systems, and deceleration systems. Two lectures. Two hours laboratory. Three hours credit.

ATT 1715 — Engine Repair.

A course to provide advanced skills and knowledge related to the repair and rebuilding of automotive-type engines. Includes instruction and practice in the diagnosis and repair of engine components including valve trains, blocks, pistons and connecting rods, crankshafts, and oil pumps. Two lectures. Six hours laboratory. Five hours credit.

ATT 2325 — Automatic Transmissions/Transaxles.

A course to provide technical skills and knowledge related to the diagnosis and repair of automotive-type automotive transmissions and transaxles. Includes instruction and practice in testing and inspecting these devices and in disassembly, repair, and reassembly. Three lectures. Four hours laboratory. Five hours credit.

ATT 2334 — Steering and Suspension Systems.

A course to provide advanced skills and knowledge related to the inspection and repair of steering and suspension systems on automobiles. Includes instruction and practice in the diagnosis of steering system problems and the repair/replacement of steering systems components. Two lectures. Four hours laboratory. Four hours credit.

ATT 2343 — Wheel Alignment (Corequisite: ATT 2334).

A course to provide technical skills and knowledge related to the alignment of both front and rear wheel on automobiles. Includes instruction and practice in the inspection, detection, and correction of wheel alignment problems. One lecture. Four hours laboratory. Three hours credit.

**ATT 2524 — Computer Controlled Emission Systems
(Prerequisite: ATT 1513 and ATT 1114).**

A course to provide technical skills and knowledge related to the inspection and repair/adjustment of the newer types of automobile carburetors. Includes instruction and practice in the diagnosis and correction of problems associated with electronic ignition systems, pollution control systems, and other features found on newer model fuel systems. Two lectures. Four hours laboratory. Four hours credit.

**ATT 2535 — Computerized Engine Controls
(Prerequisite: ATT 2524).**

A course to provide technical skills and knowledge associated with computer controls and electronic fuel injection systems found in many newer cars. Includes instruction and practice in the diagnosis and correction of problems associated with fuel injection and computer controls. Two lectures. Six hours laboratory. Five hours credit.

ATT 2614 — Heating and Air Conditioning.

A course to provide advanced skills and knowledge associated with the maintenance and repair of automotive heating and air conditioning systems. Includes instruction and practice in the diagnosis and repair of air conditioning system components, heater lines and cores, and control systems. Two lectures. Four hours laboratory. Four hours credit.

BANKING AND FINANCE TECHNOLOGY

TBF 1123 — Money and Banking.

Practical aspects of money and banking and the basic monetary theory. A brief historical perspective is utilized. Emphasis on such problems as economic stabilization, types of spending, theory of gold, limitations of central bank control, government fiscal policy, balance of payments, and foreign exchange, showing their repercussions on the banking industry in affecting yield curves and the structuring of portfolios. Three lectures. Three hours credit.

BUSINESS ADMINISTRATION TECHNOLOGY

TBA 1113 — Principles of Banking.

A comprehensive introduction to modern banking, this course touches on almost all aspects of bank functions. Primary topics include the following: the language and documents of banking; check processing; teller functions; deposit function; trust services; bank bookkeeping; and bank loans and investments. Three lectures. Three hours credit.

TBA 2413 — Business Law I.

This course is designed to acquaint the students with the fundamental principles of law as they relate to the basic legal problems of business transactions in our economy. Special attention will be given to an introduction to law; law of contracts; agencies and employment; negotiable instruments and commercial papers. Three lectures. Three hours credit.

BUSINESS AND OFFICE AND RELATED TECHNOLOGY AND COMPUTER INFORMATION SYSTEMS TECHNOLOGY

BOT 1103 — Beginning Keyboarding.

This course is designed as an introduction to the keyboard with emphasis on developing correct keyboarding techniques applying this acquired skill to the production of business documents using the computer and/or typewriter. Two lectures. Two hours laboratory. Three hours institutional credit.

BOT 1113 — Document Formatting and Production.

This course emphasizes formatting and production of mailable letters, forms, reports, and tabulations from rough drafts and straight copy. Two lectures. Two hours laboratory. Three hours credit.

BOT 1122 — Keyboard Speed Building (Prerequisite: Ability to key straight copy material at a minimum of 40 gwpm).

This course develops speed and accuracy on the keyboard. One lecture. Two hours laboratory. Two hours credit.

BOT 1123 — Windows Applications.

This is a course designed to provide information in various applications for Windows. Emphasis will be placed on hands-on usage of software. Laboratory required. Three lectures. Three hours credit.

BOT 1133 — Microcomputer Applications (Prerequisite: Ability to key straight copy material at a minimum of 40 gwpm).

This course will introduce an operating system and word processing, spreadsheet, and database management software applications. Two lectures. Two hours laboratory. Three hours credit.

BOT 1143 — Word Processing Applications (Prerequisites: BOT 1133 and BOT 1113 or permission of instructor).

This course focuses on production of complex documents using advanced word processing functions. Production with accuracy is stressed and practice is given through a variety of documents for skill building. Two lectures. Two hours laboratory. Three hours credit.

BOT 1213 — Professional Development.

This course develops an awareness of interpersonal skills essential for job success. Topics include positive self-image, professional image, work ethics, time and stress management, and human relations skills. Three lectures. Three hours credit.

BOT 1313 — Applied Business Mathematics.

A course designed to develop competency in mathematics for business use. Ten-key touch method on the electronic calculator is stressed. Three lectures. Three hours credit.

BOT 1413 — Records Management.

This course focuses on the systems approach to managing recorded information in any form. Emphasis is placed on the three categories into which records generally fall - paper, image, and digital - and the treatment of these categories in proper management, storage, and retrieval. Decision-making, judgment, and other management skills will be emphasized in case studies. Basic application of filing classification skills will also be taught. Three lectures. Three hours credit.

BOT 1423 — Mechanics of Communication.

This course is designed to develop the basic English competencies necessary for success in the business world. A study of the parts of speech, sentence structure, sentence types, capitalization, punctuation, and spelling is emphasized. Three lectures. Three hours credit.

BOT 1433 — Business Accounting.

This course is designed to develop an understanding of recording, classifying, and summarizing business transactions and events with insight into interpreting and reporting the resulting effects upon the business. Three lectures. Three hours credit.

BOT1443 — Advanced Business Accounting

(Prerequisite: BOT 1433).

This course is designed as a continuation of Business Accounting. Two lectures. Two hours laboratory. Three hours credit.

BOT 1513 — Machine Transcription

(Prerequisites: BOT 1113 and BOT 1423).

This course is designed to teach transcription of a wide variety of business communications from machine dictation. Two lectures. Two hours laboratory. Three hours credit.

BOT 1613 — Medical Office Terminology I.

This course is a study of medical language relating to the various body systems including diseases, physical conditions, procedures, clinical specialties, and abbreviations. In addition to learning definitions, emphasis is placed on correct spelling and pronunciation. Three lectures. Three hours credit.

BOT 1623 — Medical Office Terminology II.

This course presents medical terminology pertaining to human anatomy in the context of body systems. The emphasis is directed toward medical terminology as it is related to Medical Office Technology. Two lectures. Two hours laboratory. Three hours credit.

BOT 1813 — Electronic Spreadsheet

(Prerequisites: BOT 1313 and BOT 1133).

This course focuses on advanced applications of the electronic spreadsheet as an aid to management decision making. Two lectures. Two hours laboratory. Three hours credit.

BOT 2123 — Word Processing for Business Applications.

Evening course designed to provide theory and hands on applications of word processing functions and proofreading skills to increase proficiency in document production. Three lectures. Lab required. Three hours credit.

BOT 2133 — Desktop Publishing (Prerequisite: BOT 1143).

This course presents graphic design techniques, principles of page layout and design, and electronic publishing terminology and applications to create a variety of documents such as flyers, brochures, newsletters, and business cards using industry standard desktop publishing software, graphics, and effective design conventions. Two lectures. Two hours laboratory. Three hours credit.

BOT 2142 — Operating Systems (Prerequisite: BOT 1133).

This course will provide training in using the computer to work with disk operating systems and a multi-tasking environment. One lecture. Two hours laboratory. Two hours credit.

**BOT 2153 — Network Management
(Prerequisite: BOT 1133 or equivalent).**

This course focuses on the management of a computer network lab including installation of network software and administration of a network. Two lectures. Two hours laboratory. Three hours credit.

BOT 2323 — Database Management (Prerequisite: BOT 1133).

This course applies database concepts for designing and manipulating data files and formatting output as complex documents and reports. Two lectures. Two hours laboratory. Three hours credit.

**BOT 2413 — Computerized Accounting
(Prerequisites: BOT 1433 or ACC 1213).**

This course applies basic accounting principles using a computerized accounting system. Two lectures. Two hours laboratory. Three hours credit.

BOT 2423 — Income Tax Accounting (Prerequisite: BOT 1433).

This course is designed to be an introductory tax accounting class with insight in federal income tax laws and preparation of reports. Two lectures. Two hours laboratory. Three hours credit.

BOT 2463 — Payroll Accounting (Prerequisite: BOT 2413).

This course provides an in-depth study of payroll accounting. Two lectures. Two hours laboratory. Three hours credit.

**BOT 2523 — Medical Machine Transcription I
(Prerequisites: BOT 1113 and BOT 1613).**

This course is designed to teach transcription of various medical documents. One lecture. Four hours laboratory. Three hours credit.

**BOT 2533 — Medical Machine Transcription II
(Prerequisite: BOT 2523).**

This course is designed to continue teaching transcription of various medical documents including dictation given by doctors with foreign accents and additional medical specialties. One lecture. Four hours laboratory. Three hours credit.

**BOT 2713 — Advanced Microcomputer Applications
(Prerequisite: BOT 1133).**

This course develops the ability to use an operating system to integrate activities using applications software which includes word processing, database, spreadsheet, graphics, and telecommunications. Two lectures. Two hours laboratory. Three hours credit.

BOT 2723 — Administrative Office Procedures (Prerequisite: BOT 1133 and ability to key straight copy material at a minimum of 40 gwpm).

This course will provide comprehensive coverage and integration of business skills and issues, develop critical-thinking and problem-solving skills, and establish a foundation in business procedures. Two lectures. Two hours laboratory. Three hours credit.

**BOT 2743 — Medical Office Concepts
(Prerequisites: BOT 1613 and/or BOT 1623).**

This course will provide coverage and integration of medical office skills and issues using knowledge of medical terminology. Problem solving will be emphasized. Two lectures. Two hours laboratory. Three hours credit.

**BOT 2753 — Medical Information Management
(Prerequisites: BOT 2743).**

This course will continue coverage of medical office issues with emphasis on health insurance filing and medical office software. Two lectures. Two hours laboratory. Three hours credit.

**BOT 2763 — Fundamentals of Medical Insurance Coding
(Prerequisite: BOT 1623).**

This course is an introduction to major Healthcare insurance programs and diagnostic and procedural coding systems. Two lectures. Two hours laboratory. Three hours credit.

BOT 2813 — Business Communications (Prerequisites: BOT 1423 & ability to key straight copy material at a minimum of 40 gwpm).

This course develops communication skills with emphasis on principles of writing business correspondence and reports, and analyzing and summarizing information in a logical arrangement of written presentation. Three lectures. Three hours credit.

BOT 2913 — Supervised Work Experience (Prerequisite: BOT 1433).

This course provides related on-the-job training in the accounting area. Employing firm and type of work experience to be approved by the Department of Vocational Business Technology. Must be at least 135 clock hours of on-the-job training. Nine hours externship. Three hours credit.

CNT 1413 — Fundamentals of Data Communications.

This course presents basic concepts of telephony, local area networks, wide area networks, data transmission, and topology methods. Two lectures. Two hours laboratory. Three hours credit.

CNT 1513 — Internet Concepts

(Prerequisites: CNT 1413 or CPT 1323).

This course is an introduction to the Internet and its uses in the world of business. It includes basic and advanced features of the Internet, World Wide Web, gophers, listservers, and creating web pages. Upon completion of this course, students will be able to create a personalized home page and post it on the Internet, download files using a browser and an FTP program, and e-mail messages. Two lectures. Two hours laboratory. Three hours credit.

CNT 1523 — Network Components (Prerequisite: CNT 1413).

This course presents local area network and wide area network connectivity. It focuses on architecture, topologies, protocols, and transport methods of a network. Two lectures. Two hours laboratory. Three hours credit.

CNT 1614 — Network Administration Using Novell

(Corequisites: CNT 1413 & CPT 1333).

This course focuses on the management of a computer network using the Novell network operating system. Emphasis will be placed on daily administrative tasks performed by a network administrator. Two lectures. Four hours laboratory. Four hours credit.

CNT 1624 — Network Administration Using Microsoft Windows NT Server (Corequisites: CNT 1413 & CPT 1333).

This course focuses on the management of a computer network using the Microsoft Windows NT Server network operating system. Emphasis will be placed on daily administrative tasks performed by a network administrator. Two lectures. Four hours laboratory. Four hours credit.

CNT 2423 — System Maintenance (Prerequisite: CPT 1333).

This course covers the diagnosis, troubleshooting, and maintenance of computer components. Topics include hardware compatibility, system architecture, memory, input devices, video displays, disk drives, modems, and printers. Two lectures. Two hours laboratory. Three hours credit.

CNT 2533 — Network Planning and Design (Prerequisite: CNT 1523).

This course involves applying network concepts in planning and designing a functioning network. Emphasis is placed on recognizing the need for a network, conducting analysis, and designing solutions. Two lectures. Two hours laboratory. Three hours credit.

CNT 2544 — Project Management (Prerequisite: CNT 2533).

This course is the culmination of all concepts learned in the network curriculum. Topics include planning, installation, evaluation, and maintenance of a network solution. Two lectures. Four hours laboratory. Four hours credit.

**CNT 2634 — Advanced Network Administration Using Novell
(Prerequisite: CNT 1614).**

This course is a continuation of CNT 1614. Emphasis is placed on installation, configuration, and implementation of a Novell Network. Two lectures. Four hours laboratory. Four hours credit.

CNT 2644 — Advanced Network Administration Using Microsoft Windows NT Server (Prerequisites: CNT 1413, CNT 1624).

This course is a continuation of Network Administration Using Microsoft Windows NT Server. Emphasis is placed on installation, configuration, and implementation of a functional NT Server. Two lectures. Four hours laboratory. Four hours credit.

CPT 1123 — Computer Concepts.

This course is an introduction to the history, terminology, and theory of computer systems. Students will gain hands-on experience in the operation of a mid-range computer. Two lectures. Two hours laboratory. Three hours credit.

CPT 1214 — Visual BASIC Programming Language.

Introduction to BASIC programming language to include sort, controlled loops, multidimensional arrays and modular programming. Two lectures. Four hours laboratory. Four hours credit.

CPT 1224 — RPG Programming Language (Prerequisite: CPT 1123).

This course is designed to introduce the student to the RPG language and to use the computer in business applications. Two lectures. Four hours laboratory. Four hours credit.

**CPT 1234 — COBOL Programming Language
(Prerequisite: CPT 1123).**

This course is designed to introduce the student to the use of the COBOL language in business applications to include arithmetic operations, report editing, control break processing, and table processing techniques. Two lectures. Four hours laboratory. Four hours credit.

CPT 1313 — Computer Operations.

A study of the operation of computers and peripherals including operations control language, utilities, control commands, and procedures. Two lectures. Two hours laboratory. Three hours credit.

CPT 1323— Survey of Microcomputer Applications.

This course will introduce word processing, spreadsheet, and database management software with integration of these applications. Two lectures. Two hours laboratory. Three hours credit.

CPT 1333 — Operating Platforms.

This course will provide experience in a variety of operating platforms. Emphasis will be placed on support personnel interaction with the platform to assist users in business environments. Two lectures. Two hours laboratory. Three hours credit.

CPT 1343 — System Administration and Control
(Prerequisite: CPT 1123).

A study of the system administration of a mid-range computer including control language, utilities, and control commands. Two lectures. Two hours laboratory. Three hours credit.

CPT 1414 — Java Programming Language.

Introduction to the Java programming language to include sort, loops, arrays, and Applets. Two lectures. Four hours laboratory. Four hours credit.

CPT 2153 — Network Management

(Prerequisites: BOT 1133 or CPT 1323).

This course focuses on the management of a computer network lab including installation of network software and administration of a network. Two lectures. Two hours laboratory. Three hours credit.

CPT 2244 — Database Programming (Prerequisite: CPT 1214).

This course will introduce programming using a database management software application. Emphasis will be placed on menus and file maintenance. Two lectures. Four hours laboratory. Four hours credit.

CPT 2264 — Advanced RPG Programming Language

(Prerequisite: CPT 1224).

This course is a continuation of the RPG programming language. Emphasis is placed on advanced table processing, file maintenance, and interactive programming. Two lectures. Four hours laboratory. Four hours credit.

CPT 2274 — Advanced COBOL Programming Language

(Prerequisite: CPT 1234).

This course is a continuation in the study of COBOL. Emphasis is placed on advanced table processing, file maintenance, and interactive programming. Two hours lecture. Four hours lab. Four hours credit.

CPT 2284 — C Programming Language (Prerequisite: CPT 1224).

This course is designed to introduce the student to the C Programming Language and its basic functions. Two lectures. Four hours laboratory. Four hours credit.

CPT 2354 — Systems Analysis and Design

(Prerequisite: CPT 2264, or CPT 2274).

This course introduces techniques used in systems analysis and design. Emphasis will be placed on the design, development, and implementation of an information system. Two lectures. Four hours laboratory. Four hours credit.

CPT 2911-2916 — Work-Based Learning in Computer Information Systems.

Direct application of concepts, terminology, and theory of computer information systems technology. Students must be employed in a work environment where they will have to solve problems as encountered in industry. (Credit is awarded at the rate of 1 hour credit per 3 hours externship.) One - six hours credit.

COLLISION REPAIR TECHNOLOGY

ABT 1113 — Restraint Systems & Interior Trim.

A course designed to provide skills and practices in vehicle restraint systems and interior trim. Included are procedures for servicing restraint systems, passive restraint systems, headliners, and carpets; and procedures for operation of an air bag restraint system. One lecture. Four hours laboratory. Three hours credit.

ABT 1123 — Bolted Units, Assemblies, & Electrical Systems.

A course which provides instruction in practice in the removal and replacement of bolted parts, sub-units, and assemblies. Methods of disassembly and reassembly, part adjustment, alignment, and electrical system service and repair are included in this course. One lecture. Four hours laboratory. Three hours credit.

ABT 1133 — Glass & Related Hardware Installation & Sealing.

A course in the removal and replacement of stationary and movable glass. Included are the alignment of movable glass and the repair and alignment of glass mounting hardware. Also included are the sealing and adjustments needed to eliminate water leaks and wind noise. One lecture. Four hours laboratory. Three hours credit.

ABT 1213 — Automotive Body Welding & Cutting.

A course designed to provide specialized skills and practice in automotive body welding and cutting. Includes instruction in the use of the Gas Metal Arc Welding (GMAW) equipment and plasma arc cutter (PAC) in repairing the high strength steels used in unibody construction. One lecture. Four hours laboratory. Three hours credit.

ABT 1313 — Refinishing I.

A course to provide skills and practices in vehicle preparation, cleaning, sanding, metal treatment, and masking. Included is determining imperfections in paint jobs. Two lectures. Two hours laboratory. Three hours credit.

ABT 1324 — Refinishing II (Prerequisite: ABT 1313).

A continuation of Refinishing I. Included are types of refinish materials and their specific application procedures. Included are ways to prevent painting problems, solving problems that occur, basic blending for color matching, and basecoat/clearcoat applications. Two lectures. Four hours laboratory. Four hours credit.

ABT 1414 — Sheet Metal Repair.

A course designed to provide instruction and practice in the repair of the sheet metal components of the vehicle body. Includes practice in selecting and applying various methods and tools of the trade used in removing dents and other damage conditions from sheet metal panels. Also included are constructing and installing simple metal patch panels, and making basic repairs. Two lectures. Four hours laboratory. Four hours credit.

ABT 1423 — Body Panel and Upper Structural Repair I (Prerequisite: ABT 1414).

A course in the repair and replacement of major body panels and upper body structural components. Instruction will include the use of power equipment, basic anchoring and pulling, non-adjustable panel alignment, and attachment (welded or bonded). One lecture. Four hours laboratory. Three hours credit.

ABT 2333 — Refinishing III (Prerequisite: ABT 1324).

A continuation of Refinishing II with emphasis on advanced techniques; including pinstriping, decals, lettering, color sanding, buffing, polishing, and detailing. One lecture. Four hours laboratory. Three hours credit.

ABT 2434 — Body Panel & Upper Structural Repair II (Prerequisite: ABT 1423).

A continuation of Body Panel and Structural Repair I. Emphasis will continue to be placed on major panel replacement. Instruction will include rolled over vehicle repair, structural alignment and roof panel replacement, and the replacement of sectioning of upper structural members. Two lectures. Four hours laboratory. Four hours credit.

ABT 2513 — Frame & Underbody Structural Repair I.

An introduction to frame repair. Instruction includes analyzing frame, structural, suspension, and steering damage, and setting up alignment equipment. One lecture. Four hours laboratory. Three hours credit.

ABT 2524 — Frame & Underbody Structural Repair II (Prerequisite: ABT 2513).

This course continues instruction from Frame and Underbody Structural Repair I. Emphasis is placed on unibody vehicle construction. Included are welding in unibody repair, repairing/replacing/sectioning structural components. One lecture. Six hours laboratory. Four hours credit.

ABT 2613 — Fiberglass & Plastic Repair.

A course designed to provide theory and practice in the repair of fiberglass, plastic, and sheet molded compounds. One lecture. Four hours laboratory. Three hours credit.

ABT 2713 — Collision Analysis and Estimation.

This course covers the complete inspection and analysis of damaged vehicles. It is designed to enable the student to determine the conditions and severity of the damage, the repair or replacement of parts, the estimated repair time, and correct use of reference manuals. Two lectures. Two hours laboratory. Three hours credit.

ABT 2813 — Shop Operation & Management.

An introduction to small business management techniques as applied to the collision repair shop. Includes information and practice on records and financial responsibilities, shop layout, inventory, and employee-employer relations. Two lectures. Two hours credit.

ABT 291(1-3) — Special Problem in Collision Repair Technology (Prerequisite: Sophomore standing in Collision Repair Technology).

A course to provide students with an opportunity to utilize skills and knowledge gained in other Collision Repair Technology courses. The instructor and student work closely together to select a topic and establish criteria for completion of the project. One to three lectures. Two to six hours laboratory. One to three hours credit.

ABT 292(1-3) — Work-Based Learning in Collision Repair Technology (Prerequisite: Sophomore standing in Collision Repair Technology).

This internship course provides actual work experience in a collision repair business under the direction of the employer and the instructor. Three to nine hours externship. One to three hours credit.

DRAFTING AND DESIGN TECHNOLOGY

DDT 1112 — Building Codes for One & Two Family Dwellings.

This course covers the codes which apply to the construction, addition, prefabrication, alteration, repair, use, occupancy and maintenance of detached one- and two-family dwellings and one-family townhouses not more than three stories in height, and their accessory structures. Specifically covered will be building planning, foundations, floors, walls, roof-ceiling construction, roof coverings, chimneys and fireplaces. Two hours lecture. Two hours credit.

DDT 1114 — Fundamentals of Drafting.

Course designed to give drafting major the background needed for all other drafting courses. Emphasis placed upon maintaining correct techniques while developing speed. Two lectures. Four hours laboratory. Four hours credit.

DDT 1122 — Mechanical and Plumbing Codes for One & Two Family Dwellings.

This course covers the codes governing mechanical systems and plumbing in one- and two-family dwellings. Specifically covered will be heating and cooling equipment, ventilation air supply, exhaust systems, refrigeration and storage systems. Plumbing codes will cover fixtures, water heaters, water supply and distribution, sanitary drainage and sewage disposal. Two hours lecture. Two hours credit.

DDT 1132 — Electrical Codes for One & Two Family Dwellings.

This course covers requirements for the installation of electrical systems, equipment and components for indoors and outdoors, including services, power distribution systems, fixtures, appliances, devices and appurtenances. Specifically covered will be the equipment, fixtures, appliances, wiring methods and materials commonly used in the construction or alteration of one- and two-family dwellings and accessory structures. Two hours lecture. Two hours credit.

DDT 1133 — Machine Drafting I (Prerequisites: Fundamentals of Drafting - DDT 1114).

Emphasizes methods, techniques, and procedures in presenting screws, bolts, rivets, springs, thread types, symbols for welding, materials, finish and heat treatment notation, working order preparation, routing, and other drafting room procedures. Two lectures. Two hours laboratory. Three hours credit.

DDT 1143 — Geometric Dimensioning and Tolerancing (Prerequisite: DDT 1133).

A continuation of conventional dimensioning with emphasis on concepts as adopted by the American National Standards Institute (ANSI). A study of international dimensioning symbols used to control tolerances of form, profile, orientation, runout, and location of features on an object. Two lectures. Two hours laboratory. Three hours credit.

DDT 1153 — Descriptive Geometry (Prerequisites: Fundamentals of Drafting - DDT 1114).

Theory and problems designed to develop the ability to visualize points, lines, and surfaces of space. One lecture. Four hours laboratory. Three hours credit.

DDT 1213 — Construction Materials.

A course designed to familiarize the student with the physical properties of the materials generally used in the erection of structure, with a brief description of their manufacture. Two lectures. Two hours laboratory. Three hours credit.

DDT 1313 — Principles of CAD.

This course will use CAD machine to design and draw various problems in the architectural, mechanical, and civil drafting areas. Emphasis will be placed on the operations of the CAD system to solve these problems. Two lectures. Two hours laboratory. Three hours credit.

DDT 1323 — Intermediate CAD (Prerequisite: DDT 1313).

This course is designed as a continuation of Principles of CAD. Subject area will include dimensioning, sectional views, and symbols. Two lectures. Two hours laboratory. Three hours credit.

DDT 1413 — Elementary Surveying.

Basic course dealing with principles of geometry, theory and use of instruments, mathematical calculations, and the control and reduction of errors. One lecture. Four hours laboratory.

DDT 1613 — Architectural Design I

(Prerequisites: Fundamentals of Drafting - DDT 1114).

Presentation and application of architectural drafting room standards. One lecture. Four hours laboratory.

DDT 2163 — Machine Drafting II (Prerequisite: DDT 1133).

A continuation of Machine Drafting I with emphasis on advanced techniques and knowledge employed in the planning of mechanical objects. Includes instruction in the use of tolerancing and dimensioning techniques. Two lectures. Two hours laboratory. Three hours credit.

DDT 2233 — Structural Drafting

(Prerequisites: Fundamentals of Drafting - DDT 1114).

Structural section, terms and conventional abbreviations and symbols used by structural fabrications and erectors are studied. Knowledge is gained in the use A.I.S.C. Handbook. Problems are studied that involve structural designing and drawing of beams, columns, connections, trusses, and bracing. Two lectures. Two hours laboratory.

DDT 2243 — Cost Estimating

(Prerequisites: Fundamentals of Drafting - DDT 1114).

Preparation of material and labor quantity surveys from actual working drawings and specifications. Two lectures. Two hours laboratory. Three hours credit.

DDT 2253 — Statics and Strengths of Materials.

Study of forces acting on bodies; movement of forces; stress of materials; basic machine design; beams, columns, and connections. Two lectures. Two hours laboratory. Three hours credit.

DDT 2263 — Quality Assurance.

The application of statistics and probability theory in quality assurance programs. Various product sampling plans will be studied as well as the development of product charts for defective units. Two lectures. Two hours laboratory.

DDT 2343 — Advanced CAD (Prerequisite: DDT 1114).

Advanced course in the use of CAD software with emphasis on producing drawings. Teaches application of computers to drafting, basic command structure, drafting and design menu, and associated acronyms. One lecture. Four hours laboratory. Three hours credit.

DDT 2363 — Computer Numerical Control (CNC) Drafting.

A course to introduce students to the basics of numerical control machines. Two lectures. Three hours laboratory. Three hours credit.

DDT 2423 — Mapping and Topography Lab (Prerequisite: DDT 1413).

Selected drafting techniques are applied to the problem of making maps, traverses, plot plans, plan and profile drawing using maps, field survey data, aerial photographs and related references, materials including symbols, notations, and other applicable standardized materials. Two lectures. Two hours laboratory. Three hours credit.

DDT 2513 — Electronic Drafting.

This course will introduce students to basic drafting skills necessary to produce block diagrams and schematics of electronic circuits. Two lectures. Two hours laboratory. Three hours credit.

DDT 2523 — Pipe Drafting.

This course will provide the basic knowledge needed to create process pipe drawings using individual piping components. Emphasis will be placed on the terms used in industry, pipe components, and developing pipe drawings from given data. Two lectures. Two hours laboratory. Three hours credit.

DDT 2623 — Architectural Design II (Prerequisite: DDT 1613).

This course emphasizes standard procedures and working drawings. Details involving architectural, mechanical, electrical, and structural drawings are covered, along with presentation of drawings and computer aided design assignments. One hour lecture. Four hours laboratory. Three hours credit.

DDT 2911-2913 — Special Project (Prerequisite: Minimum of 12 semester hours drafting related courses).

A course designed to provide the student with practical application of skills and knowledge gained in other drafting courses. The instructor works closely with the student to insure that the selection of a project will enhance the students learning experience. Two to six hours laboratory. One to three hours credit.

DDT 2923 — Introduction to Multimedia.

This course provides a general overview of current issues in multimedia. By the end of the course, participants will have a sense of the potential of multimedia, know how multimedia can help them in their own work, and have a solid grounding for further study in multimedia design and production. This course assumes no knowledge of computing or multimedia. It is intended for students pursuing the value-added potential of multimedia, individuals who are deciding whether to become involved in multimedia production, and individuals who are beginning an indepth study of multimedia.

ELECTRONICS TECHNOLOGY

EET 1102 — Fundamentals of Electronics.

This course is designed to provide fundamental skills associated with all electronic courses. This course emphasizes safety, breadboarding, use of calculatory, test equipment familiarization, soldering, electronic symbols, and terminology. One lecture. Two hours lab. Two hours credit.

EET 1114 — DC Circuits.

This course is designed for students to know the principles and theories associated with DC circuits. This course includes the study of electrical circuits, laws and formulae, and the use of test equipment to analyze AC circuits. Two hours lecture. Two hours lab. Four hours credit.

EET 1123 — AC Circuits.

This course is designed to provide students with the principles and theories associated with AC circuits. This course includes the study of electrical circuits, laws and formulae, and the use of test equipment to analyze AC circuits. Two hours lecture. Two hours lab. Three hours credit.

EET 1214 — Digital Electronics.

A course designed to introduce the student to number systems, logic circuits, counters, registers, memory devices, combination logic circuits, boolean algebra, and a basic computer system. Three lectures. Two hours laboratory. Four hours credit.

EET 1314 — Solid State Devices and Circuits.

A course designed to introduce the student to active devices which include PN junction diodes, bipolar transistor, bipolar transistor circuits, and unipolar devices with emphasis on low frequency application and troubleshooting. Two lectures. Four hours laboratory. Four hours credit.

EET 1324 — Microprocessors (Prerequisite EET 1214).

A course designed to provide students with skills and knowledge of microprocessor architecture, machine and assembly language timing, interfacing, and other hardware applications associated with microprocessor systems. Two lectures. Four hours laboratory. Four hours credit.

EET 2334 — Linear Integrated Circuits (Prerequisite EET 1314).

A course designed to provide the student with skills and knowledge associated with advanced semiconductor devices and linear integrated circuits. Emphasis is placed on linear integrated circuits used with operational amplifiers, active filters, voltage regulators, timers, and phase locked loops. Three lectures. Two hours laboratory. Four hours credit.

EET 2414 — Electronic Communications (Prerequisite EET 1314).

A course designed to provide the student with concepts and skills related to analog and digital communications. Topics covered include amplitude and frequency modulation, transmission, and reception, data transmission formats and codes, the RS-232 interface, and modulation-demodulation of digital communications. Two lectures. Four hours laboratory. Four hours credit.

EET 2514 — Interfacing Techniques (Prerequisite EET 1324).

A study of data acquisition devices and systems including their interface to microprocessors and other control systems. Two lectures. Four hours laboratory. Four hours credit.

EET 2913 — Special Project (Fourth Semester Students only).

A course designed to provide the student with practical application of skills and knowledge gained in other electronics or electronics-related courses. The instructor works closely with the student to insure that the selection of a project will enhance the student's learning experience. One lecture. Four hours laboratory. Three hours credit.

EMERGENCY MEDICAL TECHNOLOGY/PARAMEDIC

EMT 1116 — Emergency Medical Technician-Basic.

This course includes responsibilities of the EMT during each phase of an ambulance run, patient assessment, emergency medical conditions, appropriate emergency care and appropriate procedures for transporting patient. 110 hours theory. Ten hours emergency room laboratory. Five ambulance runs. Six hours credit.

EMT 1123 — Prehospital Environment (Prerequisite: EMT 1116).

This course introduces the student to the technical, professional, and ethical applications of the prehospital environment. Two lectures. Two hours laboratory. Three hours credit.

EMT 1133 — Body Systems (Corequisite: EMT 1123).

This course provides information on the structure and function of the body systems. This course includes medical terminology used by paramedics. Three lectures. Three hours credit.

**EMT 1213 — Patient Assessment and Airway Management
(Corequisite: EMT 1123, EMT 1133).**

This course will teach a systematic approach to patient assessment and management. It will include the pathophysiology and management of specific respiratory conditions. Two lectures. Two hours laboratory. Three hours credit.

EMT 1222 — Defibrillation Skills (Corequisites: EMT 1123, EMT 1133).

This course will provide instruction on basic ECG interpretation and the normal activity of the heart, defibrillation, and the recognition of certain life-threatening arrhythmias. One lecture. Two hours laboratory. Two hours credit.

**EMT 1315 — Shock, Trauma, and Burn Management
(Corequisites: EMT 1123, EMT 1133).**

This course will involve instruction in shock principles, trauma, and burn management. Three lectures. Four hours laboratory. Five hours credit.

EMT 1412 — Respiratory Emergencies (Corequisite: EMT 1512).

This course will instruct the student in the handling of the respiratory emergency using pharmacological agents and manual mechanical techniques. One lecture. Two hours laboratory. Two hours credit.

EMT 1425— Cardiovascular Emergencies (Prerequisite: EMT 1713).

This course will provide instruction in the integration of medical history, pathophysiology, signs and symptoms, assessment, and management of cardiovascular conditions. Three lectures. Four hours laboratory. Five hours credit.

EMT 1436 — Medical Emergencies.

(Prerequisites: EMT 1123, EMT 1133).

This course involves the instruction of assessment and management of various medical emergencies on the Paramedic level. Four lectures. Four hours laboratory. Six hours credit.

EMT 1512 — General Pharmacology (Prerequisite: EMT 1713).

This course provides instruction in calculation, administration, and conversion of specific pharmacologic agents used in prehospital care. Two lectures. Two hours credit.

EMT 1612 — Obstetrical, Gynecological, and Neonatal Emergencies (Prerequisite: EMT 1724).

This course will provide instruction on the handling of emergency childbirth, complications, and neonatal management. Two lectures. Two hours credit.

EMT 1621 — Pediatrics (Corequisite: EMT 1724).

This course will provide instruction on the special problems and considerations in the management of pediatric patients. One lecture. One hour credit.

EMT 1631 — Geriatrics (Corequisite: EMT 1724).

This course will provide instruction on the special problems and considerations in the management of geriatric patients. One lecture. One hour credit.

EMT 1641 — Behavioral Emergencies (Corequisite: EMT 1724).

This course will provide instruction on psychological/behavioral emergencies. One lecture. One hour credit.

EMT 1713 — Internship for Clinical and Field Experience I (Prerequisite: EMT 1116).

This course will provide clinical training on the skills and knowledge obtained in the classroom. This will be a supervised activity carried out in the clinical and field setting at approved sites. Nine hours clinical. Three hours credit.

EMT 1724 — Internship for Clinical and Field Experience II (Prerequisite: EMT 1713; Corequisite second semester EMT-P courses).

This course provides clinical training on the skills and knowledge obtained in the classroom. These will be supervised activities carried out in the clinical field setting at approved sites. Twelve hours clinical. Four hours credit.

EMT 1734 — Internship for Clinical and Field Experience III (Prerequisite: EMT 1724; All corequisite third semester courses).

This course will provide clinical training on the skills and knowledge obtained in the classroom. This will be a supervised activities carried out in the clinical field setting at approved sites. Twelve hours clinical. Four hours credit.

ENGINEERING TECHNOLOGY

ENT 1113 — Graphic Communication.

Graphic communication using freehand sketching, instruments, orthographic projection, geometric construction, sections, dimensioning, and descriptive geometry. Two lectures. Four hours laboratory. Three hours credit.

ENT 1133 — Technology Graphics

(Prerequisite: GRA 1143 or ENT 1113).

Machine drafting methods and practice in pictorial and orthographic projections. Techniques and procedures in presenting screws, bolts, revets, thread types, gears, cams and design and working drawings, concepts of descriptive geometry and computer aided drawing. Six hours laboratory. Three hours credit.

ENT 1143 — Geometric Dimensioning and Tolerancing (Prerequisite: DDT 1133).

A continuation of conventional dimensioning with emphasis on concepts as adopted by the American National Standards Institute (ANSI). A study of international dimensioning symbols used to control tolerances of form, profile, orientation, run out, and location of features on an object. Two lectures. Two hours laboratory. Three hours credit.

ENT 1153 — Descriptive Geometry (prerequisite: ENT 1113).

Theory and problems designed to develop the ability to visualize points, lines, and surfaces of space. One lecture. Four hours laboratory. Three hours credit.

ENT 1213 — Construction Materials.

A course designed to familiarize the student with the physical properties of the materials generally used in the erection of structure, with a brief description of their manufacture. Two lectures. Two hours laboratory. Three hours credit.

ENT 1223 — Wood Technology.

Study of wood production manufacturing sales, construction industries, and experimentation of current woodworking skills. Two lectures. Four hours laboratory. Three hours credit.

ENT 1313 — Principles of CAD.

This course will use CAD machine to design and draw various problems in the architectural, mechanical, and civil drafting areas. Emphasis will be placed on the operations of the CAD system to solve these problems. Two lectures. Two hours laboratory. Three hours credit.

ENT 1323 — Intermediate CAD (Prerequisite: DDT 1313 or ENT 1313).

This course is designed as a continuation of Principles of CAD. Subject area will include dimensioning, sectional views, and symbols. Two lectures. Two hours laboratory. Three hours credit.

ENT 1413 — Elementary Surveying.

Basic course dealing with principles of geometry, theory and use of instruments, mathematical calculations, and the control and reduction of errors. One lecture. Four hours laboratory.

ENT 1613 — Architectural Design I

(Prerequisite: DDT 1114, GRA 1143, or ENT 1113).

Presentation and application of architectural drafting room standards. One lecture. Four hours laboratory.

ENT 1813 — Basic Electricity & Electronics.

Study of fundamental industrial electrical and electronic principles with experimentation and project construction. One lecture. Four hours laboratory. Three hours credit.

ENT 2114 — Applied Physics I (Corequisite: MAT 1323).

Fundamental laws of mechanics, heat, and sound with applied technical applications. Three lectures. Two hours laboratory. Four hours credit.

ENT 2224 — Applied Physics II (Prerequisite: ENT 2114).

Fundamental laws of electricity and magnetism, and light and optics with applied technical applications. Three lectures. Two hours laboratory. Four hours credit.

ENT 2243 — Cost Estimating (Prerequisite: ENT 1113).

Preparation of material and labor quantity surveys from actual working drawings and specifications. Two lectures. Two hours laboratory. Three hours credit.

ENT 2253 — Statics & Strengths of Materials.

Study of forces acting on bodies, movement of forces, stress of materials, basic machine design; beams, columns, and connections. Two lectures. Two hours laboratory. Three hours credit.

ENT 2263 — Quality Assurance.

The application of statistics and probability theory in quality assurance programs. Various product sampling plans will be studied as well as the development of product charts for defective units. Two lectures. Two hours laboratory. Three hours credit.

ENT 2323 — Forging and Welding.

Practice in hand forging; annealing, hardening, and tempering of tool steel; gas and electric welding. Six hours laboratory. Three hours credit.

ENT 2343 — Advanced CAD (Prerequisite: DDT 1113 or ENT 1323).

Advanced course in the use of CAD software with emphasis on producing drawings. Teaches application of computers to drafting, basic command structure, drafting and design menu, and associated acronyms. One lecture. Four hours laboratory. Three hours credit.

ENT 2413 — History and Appreciation of Artcrafts.

Growth and development of the artcrafts through the ages, instructional applications; practical designs; demonstrations and projects in leather, ceramics, wood working and other handicraft areas. Five hours laboratory. One lecture. Three hours credit.

ENT 2423 — Mapping & Topography

(Prerequisite: DDT 1413 or ENT 1413).

Selected drafting techniques are applied to the problem of making maps, traverses, plot plans, plan and profile drawing using maps, field survey data, aerial photographs and related references, materials including symbols, notations, and other applicable standardized materials. Two lectures. Two hours laboratory. Three hours credit.

ENT 2623 — Architectural Design II

(Prerequisite: DDT 1613 or ENT 1613).

This courses emphasizes standard procedures and working drawings. Details involving architectural, mechanical, electrical, and structural drawings are covered, along with presentation of drawings and computer aided design assignments. One lecture. Four hours laboratory. Three hours credit.

ENT 2643 — Architectural Rendering

(Prerequisite: ENT 1613 or DDT 1613).

Visual expression of architectural principles and structures. Perspective, shade, shadow, and color (using pencil, pen & ink, paint and new media). Two lectures. Two hours laboratory. Three hours credit.

ENT 2713 — Architectural History.

Analysis of achievements in the design and construction of major architectural developments from early times to present. Three lectures. Three hours credit.

ENT 2913 — Special Project (Prerequisite: Minimum of 12 semester hours drafting related courses).

A course designed to provide the student with practical application of skills and knowledge gained in other drafting courses. The instructors work closely with the student to insure that the selection of a project will enhance the student's learning experience. One lecture. Four hours laboratory. Three hours credit.

ENGLISH TECHNOLOGY

TEN 1103 — Developmental English I.

This course stresses basic written communication skills. Essential rules of grammar, mechanics, punctuation, and usage needed for clear writing are examined and practiced in preparation for essay writing. Three lectures. One hour laboratory. Three hours institutional credit. (Not designed for transfer).

TEN 1203 — Developmental English II.

A continuation of TEN 1103 with emphasis on language usage, paragraph development, and finished essays. Three lectures and one hour laboratory. Three hours institutional credit. (Not designed to transfer).

FOREST TECHNOLOGY

AGT 1714 — Applied Soil Conservation and Use.

This course is designed to introduce the student to the general principles of soil management, as it relates to forest growth. Two lectures. Two hours laboratory. Four hours credit.

FOT 1114 — Forest Measurement I.

A classroom and field study of the basic principles and skills required for timber measurements. Direct and indirect systems of measurement and volume computation, forest type mapping, and graphic reporting are studied and practiced including an examination of current techniques of forest and timber inventory, stratification of volume tables and their use. Required are formal cruise reports, preparation of a cruise map, and the application of basic statistical knowledge to timber measurements. Two lectures. Four hours laboratory. Four hours credit.

FOT 1124 — Forest Measurement II.

A continuation of Forest Measurement I with emphasis on electronic and computer applications in forest measurements. Two lectures. Four hours laboratory. Four hours credit.

FOT 1314 — Forest Protection.

A comprehensive course designed to give the student knowledge in identifying forest insects, diseases, and methods and techniques in controlling these. Also covers preventing and controlling forest fire. Two lectures. Four hours laboratory. Four hours credit.

FOT 1414 — Forest Products Utilization.

The emphasis of this course includes primary and secondary products derived from wood and how they are manufactured and used in today's society. One lecture. Four hours laboratory. Four hours credit.

FOT 1713 — Dendrology.

An elementary study of trees; the habitats and principle botanical features, forms, functions, and ecological relationships. The major commercially important forest trees of the region are examined in class and through extensive field and laboratory studies. Scientific classification of plants and identification of local flora are emphasized. Two lectures. Two hours laboratory. Three hours credit.

FOT 1813 — Survey of Forestry.

This course is designed to acquaint the student with the role of a forest technician. Emphasis is placed on educational and job requirements, duties, career and salaries. The student is also made aware of how forestry fits into the state, national and international scene. Two lectures. Three hours credit.

FOT 2124 — Forest Surveying.

A course to provide land surveying skills required in the forest industry. Includes instruction in interpreting legal descriptions, deeds, maps, and aerial photographs, and demonstration of equipment use and surveying practices. Two lectures. Four hours laboratory. Four hours credit.

FOT 2424 — Timber Harvesting.

Principles of cost control and methods of harvesting timber drops are provided. Methods of buying and selling timber are emphasized in laboratory and field exercises. Two lectures. Four hours laboratory. Four hours credit.

FOT 2614 — Silviculture I.

A comprehensive course dealing with environmental and physiological factors and their influences on forest growth. Two lectures. Four hours laboratory. Four hours credit.

FOT 2624 — Silviculture II.

A continuation of Silviculture I. Two lectures. Four hours laboratory. Four hours credit.

FOT 2911, FOT 2912, FOT 2913 — Special Problems in Forest Technology.

A course designed to provide the student with practical application of skills and knowledge gained in other Forest Technology courses. The instructor works closely with the student to insure that the selection of a project will enhance the student's learning experience. Two to six hours laboratory. One to three hours credit.

FOT 2914 — Internship for Specialization.

The student is given an introduction to the various fields of Forest Technology through employment with a forest industry or organization during the fourth semester. This occupational experience provides the student

with the opportunity to practice and observe the application of some of the forestry principles learned. The Forest Technology faculty maintains close contact with the student and the employer. Reports by the student add depth to the experience. Five weeks. One to six hours credit.

FOT 292(1-6) — Internship for Specialization.

A continuation of FOT 2914. Six weeks. Five hours credit.

FUNERAL SERVICE TECHNOLOGY

FST 1113 — Mortuary Anatomy I

(Corequisite: Math or Natural Science Elective).

A study of human anatomical structure with orientation to the embalming process and restorative art. Three lectures. Three hours credit.

FST 1123 — Mortuary Anatomy II (Prerequisite: FST 1113).

Continuation of Mortuary Anatomy I, including all remaining body systems. Major emphasis is on circulatory system and an introduction to pathology and public health concepts. Three lectures. Three hours credit.

FST 1213 — Embalming I.

Basic orientation to embalming. Included are the terminology, safety procedures, and ethical protocols in preparation of human remains, physical and chemical changes in the dying process. A study of the chemical compositions of embalming fluid and government regulations applicable to the embalming process. Two lectures. Two hours laboratory. Three hours credit.

FST 1225 — Embalming II (Prerequisite: FST 1213).

Emphasis on special problems. Practice in the art of embalming. Clinical activities will require a minimum of 10 arterial and cavity embalming cases. Three lectures. Two hours laboratory. Three hours clinical. Five hours credit.

FST 1313 — Funeral Directing.

The total funeral service education environment. Includes history duties, responsibilities, small business applications, ethical obligations, communication skills, and types of funeral services and ceremonies. Three lectures. Three hours credit.

FST 1413 — Funeral Service Ethics and Law.

Comprehensive review of the ethical and legal aspects involved in funeral services. Three lectures. Three hours credit.

FST 1513 — Restorative Art.

An in-depth study of anatomical modeling. Familiarization with instruments, materials, and techniques of rebuilding human features to create and acceptable physical appearance of the deceased for the benefit of the surviving family members. Two lectures. Two hours laboratory. Three hours credit.

FST 2323 — Funeral Merchandising and Management.

Study of merchandising and management procedures necessary to operate a successful funeral practice. Three lectures. Three hours credit.

FST 2523 — Color and Cosmetics (Prerequisite: FST 1513).

A continuation of Restorative Art. Study of color theory and application of restorative techniques in the funeral setting, which includes cosmetics and hair treatment. Two lectures. Two hours laboratory. Three hours credit.

FST 2613 — Pathology (Corequisite: FST 1123).

The study of the nature of the disease process and how they affect various parts of the body, with particular emphasis on those conditions which relate to or affect the embalming or restorative art process. Three lectures. Three hours credit.

FST 2713 — Psychosocial Counseling in Funeral Service.

A study which examines psychological concepts in the areas of dynamics of grief, grief, bereavement and mourning with particular emphasis on the roles of the funeral director in relation to these concepts as well as a facilitator of the funeral service, crisis intervener and after care counselor. This study also includes the Sociology of Funeral Service and those social phenomena that affect all elements of funeral service. It further emphasizes family structures, social structures, and the factors and change that relate to funeralization. Three hours lecture. Three hours credit.

FST 2811 — Comprehensive Review.

Review of entire curriculum, culminating with an exam designed to prepare students for the national board or various state board examinations. Must be taken during the final semester of coursework. One lecture. One hour credit.

HEATING & AIR CONDITIONING TECHNOLOGY

ACT 1124 — Basic Compressions Refrigeration.

A course to introduce the student to the field of refrigeration and air conditioning. Emphasis is placed on principles of safety, thermodynamics, and heat transfer. Two lectures. Four hours laboratory. Four hours credit.

ACT 1133 — Tools and Piping.

A course to provide the student with various tube and pipe connecting techniques. Covers tools and test equipment required in heating, ventilation, air conditioning, and refrigeration. Two lectures. Two hours laboratory. Three hours credit.

ACT 1213 — Controls.

Fundamentals of gas, fluid, electrical, and programmable controls. Two lectures. Two hours laboratory. Three hours credit.

ACT 1313 — Refrigeration System Components.

An in-depth study of the components and accessories of a sealed system including metering devices, evaporators, compressors, and condensers. Two lectures. Two hours laboratory. Three hours credit.

ACT 1432 — Refrigerant Recovery and Lubricants.

Practical applications of refrigerants and lubricants according to the EPA standards. Includes recovery, recycling, and disposal. One lecture. Two hours laboratory. Two hours credit.

ACT 1713 — Electricity for Heating, Ventilation, Air Conditioning, and Refrigeration.

Basic knowledge of electricity, power distribution, components, solid state devices, and electrical circuits. Two lectures. Two hours laboratory. Three hours credit.

ACT 1812 — Professional Service Procedures.

Business ethics necessary to work with both the employer and customer. Includes resume, record keeping, and service contracts. One lecture. Two hours laboratory. Two hours credit.

ACT 2324 — Commercial Refrigeration.

A study of various commercial refrigeration systems. It includes installation, servicing, and maintaining systems. Two lectures. Four hours laboratory. Four hours credit.

ACT 2414 — Air Conditioning I.

Various types of residential and commercial air conditioning, including hydronic, absorption, and desiccant systems. Two lectures. Four hours laboratory. Four hours credit.

ACT 2424 — Air Conditioning II (Prerequisite: ACT 2414).

An in-depth course in the installation, start-up, maintenance, and air quality of complete heating and air conditioning systems. Two lectures. Four hours laboratory. Four hours credit.

ACT 2513 — Heating Systems.

Various types of residential and commercial heating systems. Includes gas, oil, electric, compression, and hydroponic heating systems. Two lectures. Two hours laboratory. Three hours credit.

ACT 2624 — Heat Load and Air Properties.

Introduction to heat load calculations for residential and light commercial heating, ventilation, air conditioning, and refrigeration systems. Included are air distribution, duct sizing, selection of grills and registers, types of fans, air velocity, and fan performance. An introduction is provided to air testing instruments and computer usage. Two lectures. Four hours laboratory. Four hours credit.

ACT 291(1-3) — Special Project in Heating & A.C.

(Prerequisite: Consent of Instructor).

A course designed to provide the student with practical application of skills and knowledge gained in other courses. The instructor works closely with the student to insure that the selection of a project will enhance the student's learning experience. Two-six hours laboratory. One-three hours credit.

ACT 292(1-6) — Supervised Work Experience in Heating & A.C.

(Prerequisite: Consent of Instructor).

This course is a cooperative program between industry and education and is designed to integrate the student's technical studies with industrial experience. Variable credit is awarded on the basis of one semester hour per 45 industrial contact hours. Three-18 hours externship. One-6 hours credit.

MACHINE TOOL OPERATION/ MACHINE SHOP TECHNOLOGY

MST 1117 — Power Machinery I.

A course in the operation of power machinery. Includes instruction and practice in the operation of lathes, drill presses, and vertical mills. Two lectures. Ten hours laboratory. Seven hours credit.

MST 1127 — Power Machinery II (Prerequisite: MST 1117).

A continuation of Power Machinery I with emphasis on more advanced applications of lathes, mills, shapers, and precision grinders. Two lectures. Ten hours laboratory. Seven hours credit.

MST 1233 — Basic Shop Math.

A basic unit of instruction for machine trade occupations, problem solving of whole numbers, fractions, decimals, percentages, averages, ratio, and proportion. Trade formulas in applied geometry and trigonometry. Three lectures. Three hours credit.

MST 1313 — Advanced Shop Mathematics.

An applied mathematics course designed for machinists. Includes instruction and practice in algebraic and trigonometric operations essential for successful machining. Two lectures. Two hours laboratory. Three hours credit.

MST 1413 — Blueprint Reading.

A course in blueprint reading designed for machinists. Includes instruction and practice in reading industrial blueprints. Two lectures. Two hours laboratory. Three hours credit.

MST 1423 — Advanced Blueprint Reading
(Prerequisite: MST 1413).

A continuation of Blueprint Reading with emphasis on advanced feature of technical prints. Includes instruction on the identification of various projections and views and on different assembly components. Two lectures. Two hours laboratory. Three hours credit.

MST 1613 — Precision Layout.

An introduction to the concepts and practice of precision layout for machining operations. Includes instruction and practice in the use of layout instruments. Two lectures. Two hours laboratory. Three hours credit.

MST 2135 — Power Machinery III (Prerequisite: MST 1127).

A continuation of the Power Machinery II course with emphasis on advanced applications of the engine lathe, milling machine, and grinding machine. Two lectures. Six hours laboratory. Five hours credit.

MST 2145 — Power Machinery IV (Prerequisite: MST 2135).

A continuation of Power Machinery III with emphasis on highly advanced operations of the radial arm drill, milling machine, engine lathe, and precision grinder. Two lectures. Six hours laboratory. Five hours credit.

MST 2714 — Computer Numerical Control Operations I.

An introduction to the application of computer numerical control (CNC) and computer assisted manufacturing (CAM) techniques and practices. Includes instruction and practice related to the use of the Cartesian coordinate system programming codes and commands and tooling requirement for NC/CAM machines. Three lectures. Two hours laboratory. Four hours credit.

MST 2725 — Computer Numerical Control Operations II
(Pre/Corequisite: MST 2714).

A continuation of Computer Numerical Control Operations I. Includes instruction in writing and editing CNC programs, machine setup and operation, and use of CAM equipment to program and operate CNC machines. Two lectures. Six hours laboratory. Five hours credit.

MST 2812 — Metallurgy.

An introduction to the concepts of metallurgy. Includes instruction and practice in metal identification, heat treatment, and hardness testing. One lecture. Two hours laboratory. Two hours credit.

MARKETING MANAGEMENT TECHNOLOGY

FMT 1113 — Fashion Design Fundamentals.

Examines factors influencing fashion, color, line, and design. Includes applications of principles of art to clothing creation and selection. Two lectures. Two hours laboratory. Three hours credit.

FMT 1223 — Product Knowledge.

Study of the buying function with emphasis on the origin and composition of products, methods of production, quality indicators, the sale of merchandise, and the care of merchandise. Two hours lecture. Two hours laboratory. Three hours credit.

FMT 2414 — Visual Merchandising.

Application of fundamental principles of design, perspective, and color theory to advanced projects in merchandise presentation. Two lectures. Four hours laboratory. Four hours credit.

FMT 2513 — Image and Wardrobe Consulting.

Assessing and develop an appropriate client image for individuals in a variety of occupations and careers. Emphasis on solving figure problems, makeup techniques, wardrobe coordination, and use of modeling techniques to improve image. One lecture. Four hours laboratory. Three hours credit.

MMT 1113 — Marketing I.

Study of principles and problems of marketing goods and services and methods of distribution from producer to consumer. Types, functions, and practices of wholesalers and retailers and efficient techniques in the development and expansion of markets. Three lectures. Three hours credit.

MMT 1123 — Marketing II (Prerequisite: MMT 1113).

A continuation of MMT 1113. Three lectures. Three hours credit.

MMT 1313 — Salesmanship.

Basic principles and techniques of salesmanship and their practical application. Topics include basic elements of consumer behavior, developing selling strategies, closing and servicing a sale, and developing consumer relations. Two lectures. Two hours laboratory. Three hours credit.

MMT 1323 — Advertising.

The role of advertising as a promotional tool. Topics included are product and consumer analysis, media selection, and creation of advertising. Two hours lecture. Two hours laboratory. Three hours credit.

MMT 1413 — Merchandising Math.

Study of the mathematical calculations involved in the merchandising process. Fundamental principles and operations in buying, pricing, and inventory control. Three hours lecture. Three hours credit.

MMT 1711 — Marketing Seminar I.

Develops leadership skills and human relations skills necessary for success in the field of Marketing Management. A minimum of six outside speakers will address the class on topics directly related to Marketing careers. Emphasis will be placed on developing civic, social, and business responsibilities. Two hours laboratory. One hour credit.

MMT 1721 — Marketing Seminar II.

A continuation of MMT 1711. Two hours laboratory. One hour credit.

MMT 1731 — Marketing Seminar III.

A continuation of MMT 1721. Two hours laboratory. One hour credit.

MMT 1741 — Marketing Seminar IV.

A continuation of MMT 1731. Two hours laboratory. One hour credit.

MMT 2213 — Management.

Study of the basic principles and functions of management. Special emphasis on planning, organizing, directing, staffing, and controlling. Three lectures. Three hours credit.

MMT 2233 — Human Resource Management

(Prerequisites: MMT 1213).

Objectives, organization, and functions, of human resource management. Emphasis is placed on selection and placement, job evaluation, training, education, safety, health, employer-employee relationships, and employee service. Three lectures. Three hours credit.

MMT 2243 — Marketing Management Decision Making

(Prerequisite: MMT 1123).

The study of effective marketing management decision making through case study analysis. Two lectures. Two hours laboratory. Three hours credit.

MMT 2423 — Retail Management.

Study of retailing processes, including functions performed, principles governing effective operation, and managerial problems resulting from current economic and social trends. Two lectures. Two hours laboratory. Three hours credit.

MMT 2513 — Entrepreneurship.

Study of the development of a product or services idea and the creation of business plan to further its growth. Two lectures. Two hours laboratory. Three hours credit.

MMT 2912 — Study Tour (Prerequisite: Marketing Management Major).

This is an elective course for students who wish to pursue international marketing opportunities. The tour encourages experiential learning through travel in the U.S. focusing on specialized area of study for marketing management. One hour lecture, tour required, formal paper required. Two semester hours credit.

MATHEMATICS TECHNOLOGY

TMA 1103 — Developmental Math I.

This course is designed for the student who is lacking in fundamental arithmetical skills. The course will cover the four fundamental operations in arithmetic: fractions, decimals, percentages, and verbal problems. Three lectures. Three hours institutional credit. (Not designed to transfer).

OCCUPATIONAL THERAPY ASSISTANT TECHNOLOGY

OTA 1113 — Foundations of Occupational Therapy.

This intake course is an introduction to the field of occupational therapy including history, role orientation, professional organizational structure, legal and ethical implications, legislation, specific practice arenas, and the process of service delivery. (3 sch: 3 hour lecture)

OTA 1123 — Medical Terminology.

This intake course is a study of medical language relating to body systems including diseases, physical conditions, abbreviations and symbols as applied to occupational therapy. In addition to term definitions, emphasis is placed on uniform terminology. (3 sch: 3 hour lecture)

OTA 1213 — Pathology of Psychiatric Conditions.

This intake course provides a basic knowledge of psychiatric disorders encountered in occupational therapy practice. Emphasis is on etiology, prognosis, and management of various psychiatric conditions. The role and function of the OTA in the treatment process is also emphasized. (3 sch: 3 hour lecture)

OTA 1223 — Pathology of Physical Disability Conditions.

This intake course provides a basic knowledge of selected diseases and conditions encountered in occupational therapy practice. Emphasis is on etiology, prognosis, and management of various pathological physical conditions. The role and function of the OTA in the treatment process is also emphasized. (3 sch: 3 hour lecture)

OTA 1233 — Pathology of Developmental Conditions.

This intake course provides a basic knowledge of selected diseases and conditions encountered in occupational therapy practice. Emphasis is on etiology, prognosis, and management of various pathological developmental conditions. The student will compare and contrast normal and abnormal developmental patterns. The role and function of the OTA in treatment process is also emphasized. (3 sch: 3 hour lecture)

OTA 1315 — Kinesiology.

This intake course studies individual muscles and muscle functions, biomechanical principles of joint motion, gait patterns, normal movement patterns, and goniometry. (5 sch: 4 hour lecture, 2 hour lab)

OTA 1413 — Therapeutic Media.

This manipulation course provides knowledge and use of tools, equipment, and basic techniques of woodworking and craft activities as therapeutic media. Emphasis is given to analyzation and instruction of activities frequently used as occupational therapy media. (3 sch: 2 hour lecture, 2 hour lab)

OTA 1424 — Occupational Therapy Skills.

This intake course provides fundamental knowledge of practice skills used with patients/clients across the lifespan and with various diagnosis. Fundamentals of effective documentation and observation writing are also included. (4 sch: 3 hour lecture, 2 hour lab)

OTA 1513 — Group Process.

This manipulative course introduces theory and research findings explaining group dynamics. The course teaches the student how to facilitate group effectiveness and the skills to apply that knowledge in practical situations. Methods and skills necessary to plan, write, and lead an occupational therapy group will be taught. The course focuses on the importance of group activity intervention primarily with the psychiatric population. (3 sch: 2 hour lecture, 2 hour lab)

OTA 1913 Fieldwork I: Psychosocial/Specialty.

This application course is designed to provide the student with an opportunity to apply their knowledge of the occupational therapy process in clinical fieldwork. The student will also begin to develop professional work habits. Students are expected to function as participant observers in the occupational therapy evaluation and intervention process. (3 sch: 1 hour lecture, 6 hour clinical)

OTA 2613 — Occupational Therapy Assessment.

This manipulation course provides the student with knowledge of assessment procedures, techniques, and instruments used in the practice of occupational therapy. (3 sch: 3 hour lecture)

OTA 2713 — Concepts in Occupational Therapy.

This manipulative course studies the theoretical basis for occupational therapy treatment techniques seen in the rehabilitation setting. (3 sch: 3 hour lecture)

OTA 2811 — Health Care Systems.

This intake course provides the student with a basic knowledge of the health care system: the evolution, problems, costs, reimbursement of services, terminology, and regulatory agencies. It also encompasses role delineation, supervision, and ethical and legal responsibilities of occupational therapy practitioners within the health care system. It will provide the student with information and knowledge concerning current trends and future implications within the health care system and the profession of OT. (1 sch: 1 hour lecture)

OTA 2961 — Occupational Therapy Transitions.

This intake course is designed to develop pre-employment skills, promote awareness of legal aspects of occupational therapy, and prepare for the national certification examination. (1 sch: 1 hour lecture)

OTA 2926 — Fieldwork II: Psychosocial Disabilities.

This application course synthesizes previous didactic instruction and clinical experiences obtained in Fieldwork I. The Level II assignments require the student to encounter a variety of psychiatric, physical, and developmental conditions in several selected settings. Student will assume increasing responsibilities for evaluating patients and planning/implementing patient progress under appropriate supervision. (6 sch: 18 hour clinical)

OTA 2935 — Fieldwork I: Physical Dysfunction/Pediatrics.

This application course is designed to provide the student with an opportunity to apply their knowledge of the occupational therapy process in clinical fieldwork. The student will also begin to develop professional work habits. Students are expected to function as participant observers in the occupational therapy evaluation and intervention process. (5 sch: 1 hour lecture, 12 hour clinical)

OTA 2946 — Fieldwork II: Physical Dysfunction .

This application course synthesizes previous didactic instruction and clinical experiences obtained in Fieldwork I. The Level II assignments require the student to encounter a variety of psychiatric, physical, and developmental conditions in several selected clinical settings. Students will assume increasing responsibilities for evaluating patients and planning/implementing patient progress under appropriate supervision. (6 sch: 18 hour clinical)

OTA 2955 — Fieldwork II: Pediatric/Specialty.

This application course synthesizes previous didactic instruction and clinical experiences obtained in Fieldwork I. The level II assignments require the student to encounter a variety of psychiatric, physical, and developmental conditions in several selected clinical settings. Students will assume increasing responsibilities for evaluating patients and planning/implementing patient progress under appropriate supervision. (5 sch: 15 hour clinical)

READING TECHNOLOGY

TRE 1103 — Developmental Reading I.

Special reading instruction for students deficient in basic reading skills. Stresses word attack skills, comprehension, vocabulary, and basic study skills. Three lectures. One hour laboratory. Three hours institutional credit (Not designed to transfer).

TRE 1203 — Developmental Reading II.

A continuation of TRE 1103. Three lectures. One hour laboratory. Three hours institutional credit. (Not designed to transfer).

SURGICAL TECHNOLOGY

SUT 1113 — Fundamentals of Surgical Technology.

(Prerequisites: CPR-C certification).

This is a basic introductory course including hospital and surgical suite organization and environment, history, legal responsibilities, terminology, interpersonal relationships, pharmacology, and anesthesia. Three lectures. Three hours credit.

SUT 1216 — Principles of Surgical Technique.

This course is a comprehensive study of aseptic technique, safe patient care, and surgical techniques. Two lectures. Eight hours laboratory. Six hours credit.

SUT 1314 — Surgical Anatomy.

Emphasis is placed on the structure and function of the human body as related to surgery. Application of the principles of surgical anatomy to participation in clinical experience. Three lectures. Two hours laboratory. Four hours credit.

SUT 1413 — Surgical Microbiology.

This is an introduction to pathogenic microorganisms related to surgery and their effect on wound healing and infection. It includes principles of sterilization and disinfection. Three lectures. Three hours credit.

SUT 1518 — Basic and Related Surgical Procedures.

This course includes instruction in regional anatomy, pathology, instrumentation, and surgical techniques in general surgery, gynecology, obstetrics, and urology. It requires clinical experience in area hospital surgical suites and related departments. Four lecture. Twelve hours clinical. Eight hours credit.

SUT 1528 — Specialized Surgical Procedures.

This course includes instruction in regional anatomy, pathology, instrumentation, and techniques in surgical specialty areas of ear, nose and throat; ophthalmology; and plastic. This course requires clinical experience in area hospital surgical suite and related departments. Four lectures. Twelve hours clinical. Eight hours credit.

SUT 1538 — Advanced Surgical Procedures.

(Prerequisites: SUT 1518 & SUT 1528).

This course includes instruction in regional anatomy, pathology, instrumentation, and techniques in surgical specialty areas of orthopedics, neurosurgery, thoracic, vascular, cardiovascular surgery, and employability skills. This course requires clinical experience in area hospital surgical suites and related department, and a comprehensive final examination. Four lectures. Twelve hours clinical. Eight hours credit.

WORK-BASED LEARNING

WBL 191(1-3) — Work-Based Learning I.

WBL 192(1-3) — Work-Based Learning II.

WBL 193(1-3) — Work-Based Learning III.

WBL 291(1-3) — Work-Based Learning IV.

WBL 292(1-3) — Work-Based Learning V.

WBL 293(1-3) — Work-Based Learning VI.

Work-Based Learning is a structured work-site learning experience for Vocational/Technical majors in which the student, Work-Based Learning Coordinator, and worksite supervisor/mentor develop and implement a business/education contract (training agreement). Work-Based Learning is designed to integrate the student's academic and technical skills into a work environment. The program includes regular meetings and seminars with school personnel for supplemental instruction and feedback (progress reviews). Six semesters of Work-Based Learning are offered with 1-3 semester hours credit available per semester. Credit is awarded based on the following chart:

90 contact hours per semester =	1 hour credit
180 contact hours per semester =	2 hours credit
270 contact hours per semester =	3 hours credit

VOCATIONAL COURSE DESCRIPTIONS

The following course descriptions indicate the number of lecture and laboratory periods the course meets per week. Credit is awarded in terms of semester hours. The credit will apply toward vocational certificates. It is not designed to transfer in an academic major.

COSMETOLOGY

COV 1117 — Fundamentals of Cosmetology.

This course provides lab practice in the basic manipulative skills involved in cosmetology practices and safety precautions associated with each. In accordance with State Cosmetology Board Regulations, this practice is provided on mannequins or classmates; no work is assigned upon patrons paying for services until this course is completed. Three lectures. Twelve hours laboratory. Seven hours credit.

COV 1213 — Cosmetology Theory I (Prerequisite: COV 1117).

Theory of cosmetology, including sterilization and sanitation, safety, hygiene and good grooming, professional ethics, and sales. Basics of bacteriology, hair treatment, hair shaping, hair styling, and finger waves. Three lectures. Three hours credit.

COV 1225 — Cosmetology Theory II (Prerequisite: COV 1117).

Theory of cosmetology as related to anatomy and physiology, dermatology, trichology, onychology, and chemistry. Care and styling of wigs, manicure and pedicure, permanent waving, hair coloring and lightening, and safety practices are covered. Five lectures. Five hours credit.

COV 1236 — Cosmetology Theory III (Prerequisite: COV 1225).

Advanced theory, facials and makeup, thermal techniques, safety precautions, state cosmetology laws, rules and regulations, salon management and operation. Six lectures. Six hours credit.

COV 1311 — Scalp and Hair Treatment (Prerequisite: COV 1213).

Practical application in shampooing, including preparation, procedures, completion, safety rules, brushing, selection and use of shampoo products; and practical application of treatments for different types of hair and scalps. Three hours laboratory. One hour credit.

COV 1321 — Hair Shaping (Prerequisite: COV 1213).

Practical application in the art of shaping with scissors and razor. Practice in identification and use of implements for sectioning and hair thinning. Three hours laboratory. One hour credit.

COV 1322 — Hair Styling (Prerequisite: COV 1213).

Practical application in styling and finger waving. Includes product selection, preparation, methods, pincurls, roller curls, techniques for combing and brushing, and artistry in hair styling. Six hours laboratory. Two hours credit.

COV 1333 — Permanent Waves (Prerequisite: COV 1225).

Practical application in permanent waving. Includes principles and product selection, requirements, processes, implements, and supplies. Nine hours laboratory. Three hours credit.

COV 1343 — Hair Coloring and Lightening (Prerequisite: COV 1225).

Practical application in coloring and hair lightening. Includes instruction in classification, permanent hair color, retouch, highlighting, and shampoo tints. Nine hours laboratory. Three hours credit.

COV 1352 — Chemical Hair Relaxing (Prerequisite: COV 1225).

Practical application in chemical hair relaxing techniques. Includes review of products available, basic steps and processes, and safety precautions. Six hours laboratory. Two hours credit.

COV 1362 — Thermal Techniques (Prerequisite: COV 1236).

Practical application in thermal hair styling, to include purpose, procedures, product selection, and safety precautions. Six hours laboratory. Two hours credit.

COV 1412 — Artistry of Artificial Hair

(Prerequisites: COV 1117, COV 1311, COV 1321 and COV 1322).

Practical application in styling wigs and hairpieces; reasons for use of wigs, quality in wigs, types of wigs, taking wig measurements, and ordering. Six hours laboratory. Two hours credit.

COV 1512 — Manicure and Pedicure (Prerequisite: COV 1225).

Practical application in manicuring and pedicuring. Instruction includes nail structure, adjoining structure, nail growth and disorders, message and sanitary care, nail irregularities and diseases, and safety considerations. Six hours laboratory. Two hours credit.

COV 1612 — Facials and Makeup (Prerequisite: COV 1236).

Practical application in giving facial treatment. Includes physiological effects, facial treatment for different skin types, skin treatments, procedures for applying cosmetics and corrective makeup. Six hours laboratory. Two hours credit.

COV 1712 — Salon Management (Prerequisite: COV 1236).

Practical application in opening and operating a beauty salon in accordance with state regulations. Six hours laboratory. Two hours credit.

COSMETOLOGY - TEACHER TRAINEE

CIV 1113 — Observation and Law, Rules and Regulations.

This course is a prerequisite prior to all other CIV courses. The student will observe teaching in the classroom and in the lab. The student will also develop an understanding of the law, rules, and regulations that govern cosmetology in the state. 90 clock hours. Three hours credit.

CIV 1118 — Observation and Law, Rules and Regulations.

This course is a prerequisite prior to all other CIV courses. The student will observe teaching in the classroom and in the lab. 224 clock hours. Eight hours credit.

CIV 1122 — Cosmetology Law, Rules and Regulations.

The student will develop an understanding of the laws, rules and regulations that govern cosmetology in the state. 34 clock hours. Two hours credit.

CIV 1125 — Principles of Teaching.

This course is designed to identify the characteristics of a professional teacher. Planning the course, preparing lesson plans, and the steps of teaching will also be covered in the course. 150 clock hours. Five hours credit.

CIV 1132 — Measurement and Evaluation.

This course will instruct the student in the art of testing and evaluating students. 60 clock hours. Two hours credit.

CIV 1143 — Principles of Motivation and Learning.

This course will study the different motivational theory and technique methods of motivation. The laws governing the learning processes will also be explored. 90 clock hours. Three hours credit.

CIV 1216 — Methods of Teaching.

This course will introduce the methods, procedures, and techniques of teaching to the student. 180 clock hours. Six hours credit.

CIV 1223 — Classroom Management.

This course will explore the concepts of effective classroom management. 90 clock hours. Three hours credit.

CIV 1233 — Teaching Materials.

This course will introduce the different teaching materials that might be available to the instructor. 90 clock hours. Three hours credit.

CIV 1239 — Preparation for Teaching.

This course gives instruction on planning the course and preparing lesson plans. 255 clock hours. Nine hours credit.

CIV 1249 — Student Motivation and Learning.

This course will teach the different motivational applications needed for student learning. The laws governing the learning processes will also be explored. 272 clock hours. Nine hours credit.

CIV 1253 — Evaluation of Students.

This course will instruct the trainee in the art of testing and evaluating students. 85 clock hours. Three hours credit.

CIV 1510 — The Professional Teacher.

This course is designed to identify the characteristics of a Professional teacher. 272 clock hours. Ten hours credit.

CIV 2328 — Procedures and Techniques of Teaching.

This course will instruct the trainee in conducting practical classes and working with individual student needs. 120 clock hours. Eight hours credit.

CIV 2511 — Methods of Teaching.

This course will introduce the methods of teaching through lectures, discussion and demonstration. 190 clock hours. Eleven hours credit.

CIV 2611 — Classroom Management.

This course will explore the concepts of effective classroom management. 304 clock hours. Eleven hours credit.

CIV 2711 — Teaching Materials.

This course will introduce the different teaching materials that are available to the instructor. 304 clock hours. Eleven hours credit.

PRACTICAL NURSING

PNV 1113 — Basic Nutrition.

This course consists of a study of nutrition for all individuals. Digestion, metabolism, and diet therapy are introduced. Three lectures. Three hours credit.

PNV 1213 — Body Structure and Function.

This course is a study of body structure and function essential to safe and effective nursing care. Each system of the body is covered with applications to nursing. Two lectures. Two hours laboratory. Three hours credit.

PNV 1312 — Growth and Development.

This course is a study of the normal developmental processes of humans from conception to death, including physical, emotional, social, and intellectual aspects. Two lectures. Two hours credit.

PNV 1412 — Geriatric Nursing.

This course utilizes the nursing process to teach the care of the geriatric patient. Clinical experience in a long term facility is a component of this course. One lecture. Three hours clinical laboratory. Two hours credit.

PNV 1425 — Fundamentals of Nursing.

This course provides the student with knowledge and skills necessary to care for the individual. The course also includes personal health care, medical terms, and preparation to assist the patient in meeting basic living needs. Study includes beginning use of the nursing process; cause and prevention of illness; patient, family, and community health care provisions; and resource agencies available. Five lectures. Five hours credit.

PNV 1434 — Fundamentals of Nursing Lab.

This course provides demonstrations, supervision, and practice for the student to master fundamental nursing skills. Six hours laboratory. Three hours clinical. Four hours credit.

PNV 1513 — Pharmacology.

This course is designed to provide the student with appropriate basic theoretical and clinical information related to drugs, including: classifications, sources, dosages, basic math, and measurement, regulatory requirements and basic principles of drug administration. Two lectures. Two hours laboratory. Three hours credit.

PNV 1615 — Medical/Surgical Nursing.

This course introduces nursing theory for the following medical-surgical disorders: cancer, neurological, respiratory, cardio-vascular, and digestive. Emphasis is placed on developing and demonstrating an understanding of the role of the practical nurse functioning as an effective team member. Five lectures. Five hours credit.

PNV 1624 — Medical/Surgical Lab and Clinical.

This course includes supervised laboratory and clinical experiences for application of medical/surgical theory and the development of skill and the use of nursing process. Two hours laboratory. Nine hours clinical laboratory. Four hours credit.

PNV 1633 — Alterations in Adult Health.

In this course, the student utilizes the nursing process to assist in meeting daily needs of patients with selected medical-surgical problems. The course introduces nursing theory for the following medical-surgical disorders: urological, endocrine, reproductive, musculo-skeletal, and skin and special senses. Emphasis is placed on developing and demonstrating an understanding of the role of the practical nurse functioning as an effective team member. Three lectures. Three hours credit.

PNV 1644 — Alterations in Adult Health Lab and Clinical.

This course includes supervised clinical experience for application of medical/surgical theory and the development of skills and the use of nursing process by applying principles and knowledge gained in preceding courses. Two hours laboratory. Nine hours clinical laboratory. Four hours credit.

PNV 1717 — Maternal-Child Nursing.

This course utilizes the nursing process to teach care for the expectant mother from conception to delivery, including newborn, child, and the family unit during normal and complicated conditions. Clinical experience includes perinatal labor and delivery, postpartum, newborn, and pediatrics. Five lectures. Six hours clinical laboratory. Seven hours credit.

PNV 1813 — Psychiatric Concepts.

This course provides an introduction to mental health concepts. Emphasis is placed on normal as well as abnormal behavior in application of principles of effective therapeutic communication. Clinical experience will provide application of previously learned theory. Two lectures. Three hours clinical. Three hours credit.

PNV 1912 — Nursing Transition.

This course further develops decision making skills and promotes an interest in continued professional development. Legal aspects of nursing and employment opportunities and responsibilities as well as preparation for the State Board Exam will be included. One lecture. Three hours clinical laboratory. Two hours credit.

WELDING, BRAZING AND SOLDERING

WLV 1117 — Shielded Metal Arc Welding (SMAW).

This course is designed to teach students welding techniques using electrodes. One lecture. Twelve hours laboratory. Seven hours credit.

WLV 1124 — Gas Metal Arc Welding (GMAW).

This course is designed to give the student experience in various welding applications with the M.I.G. welder including short circuiting and pulsed transfer. One lecture. Six hours laboratory. Four hours credit.

WLV 1136 — Gas Tungsten Arc Welding (GTAW).

This course is designed to give the student experience in various welding applications with the T.I.G. welder. One lecture. Ten hours laboratory. Six hours credit.

WLV 1143 — Flux Cored Arc Welding (FCAW).

This course is designed to give the student experience in FCAW. One lecture. Four hours laboratory. Three hours credit.

WLV 1152 — Pipe Welding I.

This course is designed to give the student experience in pipe welding procedures. One lecture. Two hours laboratory. Two hours credit.

WLV 1153 — Pipe Welding II (Prerequisite: WLV 1152).

This course is a continuation of WLV 1152. One Lecture. Four hours laboratory. Three hours credit.

WLV 1171 — Welding Inspection and Testing Principles.

This course is designed to give the student experience in inspection and testing of welds. Two hours laboratory. One hour credit.

WLV 1211 — Plasma Arc Cutting (PAC).

This course is designed to give the student experience in PAC. Two hours laboratory. One hour credit.

WLV 1231 — Drawing and Welding Symbol Interpretation.

This course is designed to give the student advanced experience in reading welding symbols and making on-site changes by freehand sketching. Two hours laboratory. One hour credit.

WLV 1242 — Oxyfuel Gas Cutting Principles and Practices.

This course is designed to give the student experience in OAW and brazing. One lecture. Two hours laboratory. Two hours credit.

WLV 1912 — Special Problems in Welding and Cutting.

A course designed to provide the student with practical application of skills and knowledge gained in other welding and cutting courses. The instructor works closely with the student to insure that the selection of a project will enhance the student's learning experience. Four hours laboratory. Two hours credit.

WLV 1922 — Work-Based Learning in Welding and Cutting.

This course is a cooperative program between the industry and education and is designed to integrate the student's technical studies with industrial experience. 90 clock hours of industrial work experience. Two hours credit.

INDEX

AA Degree	53
AAS Degree	54
Absences	46-48
Academic Education Programs	91
Academic Promotion/Funeral Service Tech.	55
Accelerated Programs for LPN's	124-126
Accounting	166
Administration	6-9
Admission Requirements	35-44
Academic	35-38
Associate Degree Nursing	38
Early Enrollment Program for High School Seniors	43
Emergency Medical Technology	41
Foreign Students	38
Licensed Practical Nursing	38
Occupational Therapy Assistant	41
Surgical Technology	42
Transfer Students	42
Vocational	35
Advanced Placement Program (AP)	46
Advanced Placement for Vo-Tech	128
Advanced Technology Education	168
Agriculture	92
Art	93, 166
Associate Degree Nursing	38, 123, 186
Attala Ed. Center	34
Auditing a Course	51
Automobiles on Campus	
Automotive Technology	129, 192
Aviation Management & Flight Operations	94
Banking & Finance Technology	
Biological Science	95, 115, 169
Boards of Supervisors	4
Board of Trustees	3
Books	84
Business Administration/Accounting	96, 166, 168
Business Administration Technology	194
Business and Office Technology	131-137, 194
Business Technology	194
Calendar, School	5
Career Center	63
CCN	34
Certificates of Graduation	55
Changes in Class Schedule	49
Chemistry	171
Class Standing	49

CLEP	46
Clubs and Organizations	86-89
Collision Repair Technology	138, 202
Computer Science	97, 172
Computer Information Systems Technology	198
Computer Network Support Tech.	137
Computer Programming Tech.	136
Continuing Education and Community Services	84
Core Requirements for Graduation	54
Correspondence Courses	46
Cosmetology	162, 229
Counseling and Advisement	63
Course Repeats	52
Credit by Examination (CLEP)	46
Credit and Grades	50
Degrees and Certificates	53
Drafting and Design Technology	140, 204
Dual Enrollment (for High School Seniors)	43
Early Admission	44
Economics	173
Education	173
Educational Psychology	175
Electronics Technology	141, 208
Elementary Education	98
Emergency Medical Technology	142, 209
Engineering	99
Engineering Technology	144-150
English	116, 174
English Technology	215
Examinations	49
Expenses	60
Faculty	14-28, 63
Family Educational Rights & Privacy Act	58
Financial Aid	64-72
Forest Technology	215
Forestry & Wildlife	100
Funeral Services Technology	55, 152, 217
General Information	30
Goodman Campus	32
Grenada Center	33
History of HCC	30
Mission of HCC	30
Strategic Initiatives	31
The Multiple-Campus College	31
Ridgeland Campus	33
Workforce Development	32
Geography	176
Grade Recognition and Honors	56
Grade Reports	52

Graduation	56
Graphics and Drawing	176
Grenada Center	33
Health	177
Health Service	64
